Mourning Rites Arranged After Death of Pope

Motorcade To Return Body Home

Pius XII Church Leader 19 Years

CASTEL GANDOLFO, Italy (AP)—Pope Pius XII will return in death Friday to his native Rome, to lie in state at the Vatican and be buried in St. Peter's basilica.

His death early today, though anticipated for hours, sent a wave of shock around the world and brought widespread expressions of tribute from political and church leaders outside the Iron Curtain.

Death Comes at 82

He was 82 and had served 19 years as the supreme leader of the Roman Catholic Church.

He will go back to that ancient city, borne by a motorcade along the Appian Way.

Before that, the church arranged a three-hour period for the body to lie in state today in he Hall of the Swiss in the Summer Palace here, where he was stricken and died.

This was the first stage in elaborate mourning rites lasting nine days. A week or so later the College of Cardinals will meet in secret to name a successor to a Pope who gave the church one of its most brilliant leaderships.

Suffered Two Strokes

Benedetto Cardinal Aloisi-Masella was elected by the cardinals today as papal chamberlain to administer affairs of the church until a new pontiff is chosen.

Pius suffered a stroke Monday and another Wednesday.

For hours he hovered in death's agony. Then, while millions around the world prayed, he died at 3:52 a.m. (9:52 p.m., EST, Wednesday) in the papal summer residence in this hill town 18 miles south of Rome.

Was 261st Pope

Eugenio Pacelli, the 261st pope, was the leader of the world's 500 million Catholics in one of the most burdensome times in the 2,000-year history of the church.

He wanted to be known as the "Pope of Peace" but when he was elected March 2, 1939, the world already was on the eve of World War II. Ahead were the years of onslaught against religion by communism.

Already all the 55 cardinals who are able were preparing for the nine days of ritualistic mourning, the funeral and the grand conclave that will elect the next pontiff.

The cardinals, princes of the church, will make the selection. Their choice most likely will be one of their number, though it could be a prelate not a cardinal.

Ritual Changes Needed

Pius was the first pope to die at this papal summer residence and the first in 200 years to die outside Rome. Changes therefore are necessary in the traditional ritual. But Pius already had provided for that contingency in a regulation issued in 1945 which said that if a pope died outside Rome he should be returned to Vatican City in dignity and decorum.

The full mourning period is nine days and at the end—presumably next Friday Oct. 17—the body will be entombed in the grottos of St. Peter's, in a place of the Pope's own choosing. Pius XII had asked to lie alongside Pius

POPE SUCCUMBS—This dramatic closeup of Pope Pius XII shows him kneeling in prayer during the "Supplica" ceremony at Castel Gandolfo, Italy. This was one of the last pictures taken of the Pope before he suffered a cerebral stroke. The 82-year-old Pontiff died Wednesday night. In the background is Msgr. Federico Callori Di Vignala, Papal Chamberlain. (NEA Radio-Telephoto)

Life Full of Devotion: Ike

Protestants, Jews Pay Tribute to Pope Pius

By THE ASSOCIATED PRESS

"His was a full life of devotion to God and service to his fellow men."

These words by President Eisenhower summed up tributes to the late Pope Pius XII by American leaders in government, religion and other fields.

Called 'Foe of Tyranny'

News of the pontiff's death today brought an outpouring of statements expressing sorrow and lauding the late Pope as a "foe of tyranny . . . a man of profound vision . . . one of the foremost champions of human dignity, freedom and peace."

Joining Roman Catholics in mourning the Pope's death were spokesmen for Protestant and Jewish groups.

The National Catholic Welfare Conference noted that no other pope in history has had as many ties with the United States as Pope Pius XII. The conference recalled, among other things, that he was the first man to become pope who had ever visited the United States. This was in 1936, three years before he became head of the Roman Catholic Church. Also recalled were the pontiff's many audiences with Americans who visited the Vatican.

President's Statement

Eisenhower, informed of the Pope's death at Castel Gandolfo in Italy, said that "with men of good will everywhere, I mourn his passing."

The President said this of the Pope: "An informed and articulate foe of tyranny, he was a sympathetic friend and benefactor to those who were oppressed, and his helping hand was always quick to aid the unfortunate victims of war.

"Without fear or favor, he consistently championed the cause of a just peace among the nations of the earth. A man of profound vision, he kept pace with a rapidly changing universe, yet never lost sight of mankind's eternal destiny."

Nixon Adds Praise

Vice President Nixon said he had never met a leader in any part of the world "who had a keener and broader understanding of the great issues of our time than he had." Nixon added that "the wisdom of his counsel will guide statesmen for years to come."

Gov. Harriman said:

"The people of the state of New York join with the nation and the world in mourning a loss which has diminished us all. As no man in our time, and few in history, Pius XII elevated the simple practices of humanity to holiness itself. . . . He received all humanity, and we are all richer for the privi-

Set Esopus Town Meeting to Plan '59 Celebration

Participation on the town level in the Hudson-Champlain Celebration next year will be discussed at a meeting of Town of Esopus organization representatives Wednesday, Oct. 29, it was announced at Esopus Town Board meeting last night at the Town Hall, Port Ewen.

A letter of invitation will be forwarded to all Town of Esopus organizations asking them to be represented at the meeting to be held in the Town Hall, Port Ewen at 8 p. m.

Projects Approved

Construction of an ice skating rink in Ross Park and action to provide a traffic signal light at the intersection of Maple Street and Route 213 at Rifton was approved at the regular board meeting.

The proposed 100 by 200 feet rink is estimated to cost approximately $2,000. A surplus in the park district fund will be used for the project.

The project will include installation of a catch basin and 200 feet of concrete drainage pipe to correct a drainage condition in area. Grading, spreading of gravel and building of a dike and a coating of oil to retain water will also be necessary. Two poles with flood lights and a three sided shelter will also be constructed.

Will Write to State

Taking action on a request for a traffic signal at the Rifton intersection, the town board will write to the State Traffic and

(Continued on Page 29, Col. 2)

Register Friday or Saturday

Friday and Saturday of this week are the two final days of registration in the City of Kingston for the general election November 4. Polls will be open Friday from 10 a. m. to 10 p. m. and on Saturday from 7 a. m. to 10 p. m.

In rural areas of the county, the polls will be open on Saturday from 1 p.·m. to 10 p. m.

You cannot vote unless you are registered. Don't default on your duty as a citizen. Register tomorrow or Saturday and be prepared to vote.

Rocky, Ave Differ On Building Roads

By The Associated Press

Republican Nelson A. Rockefeller, claiming fellow millionaire Averell Harriman is bungling away the state's money, added today that the governor was dawdling on highway building.

Meanwhile, Democrat Harriman won a warm welcome in heavily Democratic Brooklyn Wednesday and hoped to woo support on the sidewalks of usually Republican Queens today.

Different Road Views

Rockefeller, in the third and final day of his biggest swing Upstate, said in Binghamton that—despite heaps of federal aid—the state's highway program had declined instead of expanded under Harriman.

Harriman said Wednesday at the dedication of an 18-mile segment of the Thruway's Berkshire section that highway projects worth 700 million dollars now were under construction. He repeatedly has accused the Republican Eisenhower administration of lagging on highway funds.

Rockefeller called for prompt completion of such major road projects as the Northway, tl Empire Stateway and the Route 17 Expressway across the Southern Tier.

"Let's get on with the building," he remarked in a speech prepared for delivery at a Broome County GOP rally.

Fourth Major Attack

It was his fourth major attack on Harriman during the Upstate tour. In Elmira Wednesday night, Rockefeller contended that New York was heading into a "serious financial crisis" because of Harriman's fiscal policies.

He claimed that Harriman had nearly exhausted reserve funds inherited from former Republican Gov. Thomas E. Dewey and added:

"Nowhere is this administration's lack of direction and its failure to lead more obvious—and more ominous—than in money affairs." He said it was a "sad chronicle of failure, evasion and drift."

The GOP candidate winds up in Rochester tonight after appearances at Owego, Johnson City, Endicott and Palmyra, besides Binghamton.

Welcomed in Brooklyn

Harriman drew large crowds of well-wishers on his hand-shaking trip to Brooklyn. He planned similar tours in the city the remainder of the week in a bid to promote registration.

Although the city has permanent personal registration, the booths will be open today through Saturday to accommodate those not signed. Upstate, voters in cities without PPR have a last chance to register Friday and Saturday.

Moving swiftly through the Boro Park section, Harriman paused only to gulp down a dish of gefultefish and horse radish while standing in a restaurant kitchen. He topped it off with blintzes and sour cream.

Rockefeller devoured similar nourishment on an earlier trip into Brooklyn.

More than 500 milling supporters surrounded Harriman at one point. He almost was knocked off his feet.

Wearing Out Shoes

As he passed a shoe store, aware that he had three more days of walking ahead, Harriman called:

"I'm going to need some new

(Continued on Page 14, Col. 4)

State Will Meet About Area Parks

Technicians of the Division of Lands and Forests and Division of Parks, State Conservation Department, will meet with Mayor Edwin F. Radel to discuss a proposed new recreation area for the city and county, the mayor reported today.

Arrangements for the conference were made through Gov. Harriman to whom the mayor recently proposed consideration of developing the former Kingston Point Park and other areas.

Harriman's Reply

The Governor's reply to the mayor said: "You may be sure that I will do whatever is feasible to help Kingston and Ulster County meet their growing need for more outdoor recreational facilities." He thanked the mayor for "your excellent discussion of the need for recreation facilities in the Kingston area."

Mayor Radel, in his recent letter, noted facilities for boating, bathing, golfing and other outdoor activities in other counties and he cited the lack of the same here. He proposed a survey of the Kingston Point area. He also suggested the possibility of a marina or boat basin dedicated to the Hudson-Champlain phase of the 1959 New York State Year of History Celebration.

To Send Technicians

Gov. Harriman wrote: "I have asked Commissioner Mauhs of the Conservation Department to have technicians of his Division of Lands and Forests and Division of Parks meet with you at your convenience to discuss the proposed new recreation area you recommended. After you

Retirement Approved For Detective Brophy

Retirement of Detective Clarence W. Brophy, 66, of 328 Hurley Avenue, effective Oct. 15, after 33 years of service on the local police force, was approved by the police board in special session yesterday.

The board also took steps toward providing patrol cars with equipment to be used in emergencies.

Started as Trooper

Detective Brophy joined the police force on May 5, 1925. He became a detective on May 1, 1946. Before joining the local department, he had served with the New York State Police and was No. 13 in the first group of men to wear the state police uniform when the department was started by Dr. George F. Chandler, of this city, in 1917. He left the troopers in 1920.

A dinner was given in the detective's honor by the Kingston Patrolmen's Association in May, 1950, when he reached his 25th year of service in the local department. He had served as president and treasurer of the association. He was one of the first detectives named when the division was started by the late Ernest Boss, who was then chief. He had served several years with Frank Sammons, who continues in the division.

Six Are Acting Now

Six officers in the department, in recent weeks, have been serving as acting detectives, and it is expected that some will be named permanently as proposed by Lt. Kenneth E. Weidenborner, of the state police, who has been

CLARENCE W. BROPHY

here several months to assist in reorganizing the police department.

The police board, in accepting his retirement, Mayor Radel said, "expressed personally to the detective extreme and genuine regret at losing the services of a person, who has devoted half of his entire life to the department and to the people of our city. He maintained an unblemished record after 33 years of continuous active service."

Will Become Builder

The detective is eligible for full retirement and is qualified for his full social security bene-

Home Gas Firm Asks Raise From Central Hudson

PITTSBURGH (AP) — Home Gas Co. asked the Federal Power Commission today for a $752,000 annual increase in the wholesale rate paid by seven New York gas companies.

The company said it was making its request in order to pass on to its wholesale customers a rate increase being sought by its supplier, Manufacturer's Light & Heat Co. of Pittsburgh.

C. A. Massa, Home vice president, said the increase also would help the company to offset higher operating costs.

The proposed rates, which would become effective Nov. 9, affect companies serving over 90,000 customers.

The companies are Columbia Gas of New York Inc.; Orange and Rockland Utilities Inc., Central Hudson Gas and Electric Corp., New York State Electric and Gas Corp., Corning Natural Gas Corp., Empire Gas and Fuel Co. Ltd., and Southern Tier Gas Corp.

THE RED FEATHER THERMOMETER on the lawn of the Governor Clinton Hotel at Albany and Clinton Avenues moves upward in response to the gifts of Kingston area people to the Community Chest campaign for $128,651 to support ten year-round services. "Painters" are general campaign chairman, Richard M. Kalish, left, and William Schiff Jr., a co-chairman of the promotion committee. (Freeman photo).

Third Group to Win Honor

Hospital Employes Get Feather Plaque Award

Employes of The Kingston Hospital last night became the third group to win an Honor Plaque Award from the Red Feather campaign "for outstanding citizenship" in their Community Chest support.

The announcement of the award was made jointly by the general campaign chairman, Richard M. Kalish and Business and Industry Division chairman, Richard A. Stewart following the second report meeting. Previously announced winners include the employes of Smith Mail Advertising Company and the Kingston Laundry, Inc.

Meet Two Standards

The employes of the hospital met the two standards, according to Stewart, who was the Red Feather solicitor for that particular unit, and Robert Harkins, assistant administrator of the hospital, who was the Community Chest's "keyman" (in-firm campaign chairman) for the hospital employes.

Standards for winning the bronze-appearing, permanent wall trophy, are a gift from 90 per cent of the employes and the achievement of a goal equal to 60 per cent of the employes giving the Fair Share suggestion of an hour's pay a month to the campaign.

In noting the achievement of the Honor Plaque Award by the hospital employes, Chairman Stewart commented: "This is truly a fine example of what can be done when a group of employes decide they wish to do their Fair Share for their Community Chest and they have the support of their managers and the knowledge that the firm, itself looks with genuine favor on the Community Chest campaign. To win a plaque award-takes real effort, teamwork and spirit. That is why the board of directors of

(Continued on Page 13, Col. 4)

Hearing on Police Appointments Is Scheduled Friday

A hearing will be held in Albany Supreme Court at 10 a. m. Friday in the matter of charges brought by a former city judge and corporation counsel that appointments to the Kingston Police Department have been made illegally.

The hearing is in a "show cause" order served on Mayor Edwin F. Radel and other city officials asking why the employment of certain patrolmen recently appointed to the local force should not be discontinued.

Says Names Passed Over

The proceedings have been initiated by Matthew V. Cahill who contends that names of prospective police officers were

State May End Film Censoring Law Soon

ALBANY, N. Y. (AP) — The collapse of the controversial movie-censorship system in New York State is only a matter of time, much legal evidence indicates.

There are strong signs that the courts will strike down the system, under which the state determines what motion pictures may legally be shown in public theaters.

The abolition of movie censorship could come in an outright declaration that the censorship law was unconstitutional.

Or it could come less dramatically. A long series of court decisions has weakened the law drastically. That trend could continue until the censor — the motion-picture division of the State Education Department — finally would be stripped of any real authority to ban movies.

Even now, says Judge Marvin R. Dye of the Court of Appeals, the law has been so diluted by U. S. Supreme Court decisions that "it has ceased to serve any practical or useful purpose."

The U. S. Supreme Court itself has said of movie censorship:

"New York requires that permission to communicate ideas be obtained in advance from state officials. . .this court recognized many years ago that such a previous restraint is a form of infringement of expression to be especially condemned."

New York's 36-year-old movie censorship system requires that an exhibitor submit to the motion-picture division any film he wishes to offer for public viewing.

The division reviews the movie and, if it finds no objection, issues a license.

Supporters of the system say

Talks Are To Resume In Warsaw

U. S. Ends Escort In Formosa Areas

WASHINGTON (AP)—The next move toward ending the Formosa crisis is up to Communist China, U.S. officials said today.

They speculated that it may be made Friday when Red Ambassador Wang Ping-nan meets again with U.S. envoy Jacob Beam at Warsaw.

First Session in Week

It will be their first meeting since last Saturday—one day before Red China unexpectedly announced it was halting for one week its artillery bombardment of the Formosa Strait area.

State Department authorities said that they thought the United States and Nationalist China had done about everything possible to encourage the Chinese Reds to extend their cease-fire into an indefinite, or perhaps permanent, suspension of hostilities.

The United States made its move Wednesday with an announcement that since the Communists had stopped attacking Quemoy Island, the United States had halted its warship escorts of Nationalist supply vessels. Suspension of the escort operation was one of the Communist conditions for maintaining the temporary truce.

Warns on Resumption

The State Department coupled its announcement with a warning, saying: "If the Chinese Communist attacks are resumed, then, under the order, United States escort activity will be resumed forthwith to the extent necessary."

The Chinese Nationalists for their part were holding off their fire against Communist mainland positions.

Two Persons Are Hurt in Mishaps

Two persons were injured in two traffic mishaps here yesterday.

George Uhl, of Sleightsburg reported a neck injury in a two-car mishap at Delaware Avenue and Abruyn Street. He was taken to Kingston Hospital.

Uhl was riding, with others, in a car owned and operated by Richard Case, 29, of Schryver Street, Port Ewen. The other vehicle, a station wagon was owned and operated by Jacob Senor, 45, of 35 Grove Street.

Mrs. Antoinette Kurelja, 69, of 1145 51st Street, North Bergen, N. J., was reported injured in a two-car collision at Flatbush and Foxhall Avenues yesterday afternoon. She was to be treated by a doctor for injuries not listed. She was riding in a car operated by A. Kurelja, 71, of the same North Bergen address. The other car, owned by the F. Koenig Music Co., 85 Andrew Street, was driven by John H. Roenn, 37, of 104 Stephan Street.

Decision Likely On Economy Party Petitions Friday

A decision in the Economy Party nominating petitions may be rendered some time Friday by Supreme Court Justice William Deckelman.

Parties to the action are submitting briefs, it was reported today.

The Economy Party is seeking to place a slate of candidates on the ballot for the November election.

To Make Appeal

Regardless of which way Judge Deckelman decides, the case will be immediately appealed.

Judge Deckelman reserved decision after hearing arguments Wednesday morning.

The present action arose as the result of a difference of opinion between two of the commissioners of the Ulster County Board of Elections — Seymour Werbalowsky, secretary, and Joseph Epstein, president.

Their Contentions

Werbalowsky held that the nominating petitions were defective, Epstein that they were sufficient. In view of their disagreement, the petitions could hot be certified.

Attorney Andrew M. Pickney represented the Economy Party at the hearing yesterday, N. LeVan Haver the Republican Party slate of candidates.

Woodstock Area News

LISA TIANO, Correspondent

Winter Program Is Planned By The Woodstock Festival

The Woodstock Festival of Music and Art Committee announces plans for a full program of cultural entertainment during the coming winter. The committee, under the chairmanship of J. L. Deutsch, has drawn up a tentative schedule of nine events which will include concerts featuring outstanding musicians; film programs and lectures of unusual interest; and perhaps a dance recital.

An innovation planned this year will be a social gathering touch to these events, with coffee and cake served during an intermission, or "social period."

The success of last winter's concert series, the committee reports—plus a big boost from the exceptional success of the past summer season's musical events—has made possible the expanded program planned for this winter, which had been promised if enough support was evidenced.

The winter program will cover the period from November through next April. Further details will be announced shortly.

Area Girl Scout Fund Drive Scheduled to Start Oct. 13

A committee of workers to assist in the annual Girl Scout Fund Drive in the Woodstock-West Hurley Neighborhood has been announced by Mrs. John Majoros, chairman. The workers will make a house-to-house canvas in the Woodstock area from Oct. 13 through Oct. 31.

The committee includes Mrs. Alvin Moscowitz, Mrs. James Kinns, Mrs. John Bennett, Mrs. John Murdoch, Mrs. Loryne Connick, Mrs. George Kelley, Mrs. Victor Allen, Mrs. Andre Neher, Mrs. Irwin Arlt, Mrs. Stewart Strickland, Mrs. Robert Greene, Mrs. Earl Jones, Mrs. Kenneth Hefty, Mrs. Charles Klothe, Mrs. Harrison Muller, Mrs. Lembert J. Dean, Mrs. Leon Carey, Mrs. James Mulligan, Lorentz Stowell and John Majoros.

In announcing the makeup of the committee, Mrs. Majoros took time out to detail several reasons why the public will be asked to donate money, with an explanation of how that money will be used.

"In Ulster County, there are currently 111 troops comprising 2,145 girls actively engaged in scouting," said Mrs. Majoros. "In addition, the Council maintains Camp Wendy at Wallkill which served 303 girls this past summer and is used for troop camping the balance of the year. There are 325 adults registered with troops as leaders or troop committees to administer a program aimed to develop character, promote service to others, teach skills and provide new experience for 'having fun.'"

"If one looks at the total," continued Mrs. Majoros, "it is immediately apparent that a large share of the cost of Scouting is borne by the girls themselves, the adult leaders and the various organizations providing meeting places. A part of this expense does not even appear in the Council budget and, of a total budget of $54,763, the sum of $38,370 will be provided in 1959 by the Scout family.

"For the remaining $16,493 we are asking your support. Of this total, $8,493 will be met by the Kingston Community Chest, leaving balance of $8,000 to be raised in the county outside of the Kingston area. The quota for the Woodstock-West Hurley Neighborhood is $1,250."

The money raised, Mrs. Majoros said, will be used for professional guidance and office help, office and administrative expense, troop organization and program, camp maintenance, leadership training and special awards.

In 1959, the Ulster County Council hopes to send three Ulster County girls on an expenses-paid trip to Colorado Springs for the annual Senior Roundup.

1026 Auxiliary Hears Reports, From Committees

Chairmen of the standing committees gave their monthly reports at the regular meeting of the Woodstock American Legion Auxiliary No. 1026 at the Legion rooms.

Mrs. Velma Grazier, first vice president, presided in the absence of Mrs. Charlotte Craven, president, who is away at the present time.

Mrs. Violet Underhill, chairman of Cancer Control, asked for any old linens and white goods which will be sent to Rosary Hill Hospital. Mrs. Underhill, who is also membership chairman, reported that dues for the present year may be paid at this time.

Commander Chester E. Gaede of the Woodstock American Legion Post was present and thanked the members of the Auxiliary for their assistance in the recent county meeting and for the American flag which was presented to Cub Pack 64 at Bearsville.

Other Reports Made

Mrs. Ethel Hasbrouck, Coupon chairman reported 530½ coupons received. Donations were made to children of veterans by the Child Welfare chairman, Mrs. Kay Robertello. Mrs. Kay DuBois, chairman of Rehabilitation reported that wrist watches and old nylon stockings had been sent to the Veterans Hospital at Albany.

The Third District Fall Conference will be held on Monday, Oct. 27, at the Governor Clinton Hotel, Kingston. Mrs. Violet Underhill, Membership chairman; Mrs. Kay DuBois, Rehab chairman; Mrs. Kay Robertello, Child Welfare chairman and Mrs. Ethel Hasbrouck will attend this conference.

A committee of Mrs. Charlotte Cravan, Mrs. Violet Underhill, Mrs. Norma Melville, Mrs. Kay DuBois and Mrs. Marge Styles was named by the acting president to meet with the members of the Legion Post to make plans for a dinner dance to be held on Saturday, Nov. 8.

It was voted to send Mrs. Charlotte Craven, president to the Department Commander's dinner to be held at the Wiltwyck Country Club on Saturday, Nov. 1.

There were 17 members present and the dark horse was won by Mrs. John Ertz.

After the meeting closed, refreshments were served by Mrs. Dora Aplustill and Mrs. Alice Woestendiek.

Kaaterskill Group Plans New York Show

The Kaaterskill Group, formerly known as the Parnassus Square Group, has announced a special exhibition at the Kaufmann Art Gallery in New York City from Friday, Oct. 10 through Oct. 30.

A special viewing has been scheduled Sunday, Oct. 19 from 5 to 7 p. m. at the Kaufmann gallery which is located at Lexington Avenue and 92nd Street.

The exhibition will be by the same group of artists who created a tremendous impression at the Kaaterskill exhibits in Woodstock during the past summer.

The list of exhibitors includes Gwen Davies, Agnes Hart, Philip Held, Anne Helioff, Herbert Lent, Ethel Leventhal, Lockspeiser, Ben Meyers, Bart Perry, Sal Sirugo, Judson Smith, F. Weinstein and Ralph Wickiser.

Subscription Drive Sponsored by Legion

The annual drive for subscription to magazines sponsored by the Ulster County American Legion Auxiliary of which the Woodstock American Legion Auxiliary No. 1026 is a unit will begin in the township of Woodstock on Monday, Oct. 13.

The drive will be conducted by Roland Fletcher, John Andres and Albert Welch. The proceeds from the magazine subscriptions are used to buy hospital equipment such as beds, walkers, wheel chairs and other items for the loan closet of the township.

The cooperation of the residents of the township in this worthwhile drive will be appreciated by the Woodstock American Legion Auxiliary.

Jay-Teen Hayride, Dance Set Saturday

The Woodstock Jay-Teens will sponsor a hayride and dance Saturday night.

The hayride will assemble at the village green at 7:30 p. m. and wind up at Bearsville Lodge Hall for the dance.

Taxpayer Group To Meet Oct. 22

Members of the Willow-Lake Hill-Shady Taxpayers Association will vote on incorporation at the next regular meeting at the home of Fred Freitag in Lake Hill on Wednesday, Oct. 22, at 8 p. m.

Several resignations were received and promptly accepted by the Board of Directors. New members will be voted upon at the next meeting and new committees will be appointed.

The fall and winter program is being organized and will be announced at the meeting. All taxpayers in the Woodstock township area are invited.

Republican Club Sets Big Rally On Monday Night

County and State candidates will address the Woodstock Republican Club rally Monday, Oct. 13, at 8 p. m. at the Bearsville Odd Fellows Hall.

Making up the speaking slate will be Assemblyman Kenneth L. Wilson, who is a candidate for re-election; Judge Raymond Mino, candidate for district attorney; and Fred DuBois, candidate for county treasurer.

The public is invited to learn first hand the qualifications and plans of the several candidates.

Monday's rally is the first of a series planned by the Woodstock Republican Club. Other rallies will be held in Wittenberg, Lake Hill and Zena, the dates and places to be announced later.

Anyone interested in joining the Republican club is always welcome. The club is striving to create interest and to give information on the running of local government.

Calling Card Custom

The custom of leaving calling cards apparently originated with German students visiting their professors at universities in Italy, according to the Encyclopedia Britannica.

AMERICAN CAPITALISTIC-TYPE—Highly reminiscent of the now defunct Packard is this latest entry in the Russian automobile field, called the "ZIL-III." Built in Moscow, the auto has an eight-cylinder engine developing 220 horsepower, with a top speed of 105 m.p.h. It features button-controlled transmission, power brakes and steering and a windshield washing device. One of the most de luxe autos in Russia, it also boasts power windows, heater, and two-speaker radio. Some models will also have air-conditioning. Photo and caption material are from an official Soviet source.

May Not Go to Rome

BELGRADE, Yugoslavia (AP) —Roman Catholic Church sources in Zagreb today said it is unlikely Alojzije Cardinal Stepinac will try to go to Rome for the funeral Pope Pius XII and the consistory to elect his successor.

The ailing, 60-year-old cardinal himself was unavailable for comment. He remained isolated from the outside world at his native village of Krasic, where the Yugoslav government has confined him since it paroled him from prison in 1951.

Church officials in Zagreb believed Cardinal Stepinac would again refuse to leave the country for fear that President Tito's Communist government would not allow him to return.

Pakistan Under Civilians

KARACHI, Pakistan (AP) — A special government of civil servants ran Pakistan today under military chiefs and martial law regulations that extended the death penalty to numerous offenses.

President Iskander Mirza named the administrators Wednesday night, 24 hours after he abolished the government and annulled the constitution to prepare for a new constitution.

The public seems to favor Mirza's takeover. Mirza said squabbling politicians had gotten Pakistan into such bad shape he had no alternative.

Mower Firm Must Halt Claims, Is Ruling of FTC

WASHINGTON (AP) — General Mower Corp. of Buffalo, N. Y., was ordered today to discontinue what the Federal Trade Commission called its fictitious pricing and savings claims for power lawn mowers it distributes.

The FTC announced approval of a consent order to this effect. The commission thus adopted a hearing examiner's initial decision based on an order agreed to by the company and FTC's Bureau of Litigation.

A commission complaint last Feb. 7 charged that the company's advertised list prices are fictitiously high and that the mowers seldom, if ever, sell at these amounts but at much less.

The complaint alleged that by furnishing its retail customers with promotional material containing fictitious prices, the company gives the retailer the means to mislead purchasers into believing they are saving money by buying at lower than list prices.

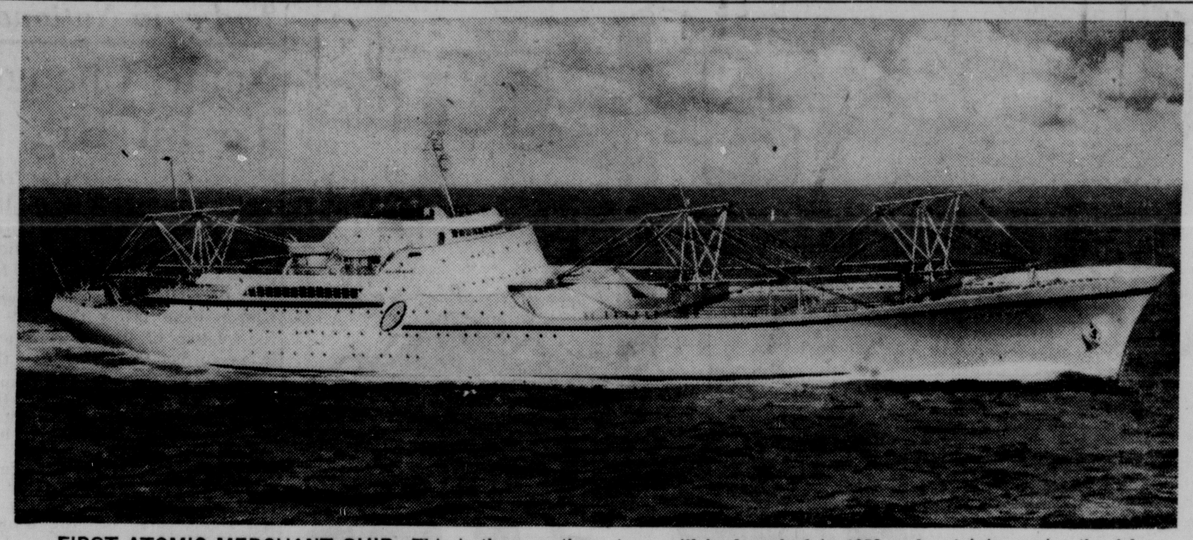
Included in the order were Arthur Ganger and Louis, Harry and Max Faxstein—all officials of General Mower.

FTC said the agreement is for settlement purposes only and does not constitute an admission by General Mower or its officials that they violated the law.

Girl, 4, Succumbs

ELMIRA, N. Y. (AP)—Gail Ann Wheatcraft, 4, died Wednesday night in a hospital from injuries suffered earlier Wednesday when she was struck by an automobile in front of her home in Addison about 30 miles west of here.

Police said the child was struck when she darted into the highway. She was the daughter of Mr. and Mrs. Lyle Wheatcraft.



FIRST ATOMIC MERCHANT SHIP—This is the way the first atomic-powered ship of the U.S. merchant marine fleet will look sometime in 1960. The NS (Nuclear Ship) Savannah, under construction in Camden, N.J., is designed for a service speed of 20 knots. The 587-foot-long ship, displacing 21,800 tons, will be launched in 1959 and put into service the following year. This sketch, produced for the Reliance Electric and Engineering Company, shows the outstanding visible difference between the Savannah and cargo ships of today—no funnels to chop up its sleek silhouette.

Tranqualizers Help to Heart Patients Cited

By ROBERT GOLDENSTEIN
Associated Press Science Writer

CHICAGO (AP)—The possibility that routine use of certain tranqualizers might protect some heart patients from death in subsequent attacks was raised today by a Buffalo, N. Y., research team.

The group told the American College of Surgeons that animal experiments indicate fatal ventricular fibrillation of the heart can be prevented by depressing nerve pathways to the brain.

Fibrillation is a wild twitching of the heart that sometimes results when the organ's blood supply is choked off by a blood clot or occlusion of a coronary artery. The heart fails to pump blood into the body and the patient dies.

The report was made by Dr. F. S. Hoffmeister, Dr. William Regelson and H. Rubin, DMV, of the Departments of Surgery and Medicine, Roswell Park Memorial Institute.

The researchers gave some of the dogs the sedatives pentobarbital or morphine or the tranquillizers chlorpromazine or reserpine. Another group of animals was left unmedicated for purposes of comparison.

The the researchers induced heart attacks by shutting o the blood flow in a coronary artery of each dog.

Eighty-five per cent of the unmedicated animals developed fibrillation and died.

All of the animals which had received pentobarbital or morphine survived. Seventy per cent of the reserpine-medicated animals survived. Seventy-two per cent of the dogs which were administered both anesthesia and chlorpromazine survived, but none of the dogs which received chlorpromazine alone survived.

Regelson said the studies suggest that fibrillation in the dogs might have been caused by the transmission of pain or other impulses over the nerve centers to the brain.

Banker New Head Of State C of C

BUFFALO, N. Y. (AP)—A Syracuse banker, H. Kaye Kerr, is the new president of the Empire State Chamber of Commerce.

Kerr, vice president of the Merchants National Bank of Syracuse, was elected Wednesday at the group's annual meeting.

Vice presidents elected included: Albert F. Martin Jr., of Schenectady and Edwin C. McDonald, William Naden and Perry Shoemaker all of New York City.

H. W. McGraw of New York City was named treasurer and George M. Buckingham, also of New York City, secretary.

Fall Is Fatal

DUNKIRK, N. Y. (AP)—Roman Pietrkiewicz, 33, of Dunkirk, suffered a fatal skull fracture Wednesday when he stumbled and fell down a flight of cellar stairs at his home. He was employed by a local printing company.

Careless Moment Costs Life of Boy

LEROY, N. Y. (AP)—A careless moment Wednesday cost a young farmboy his life.

Seven-year-old Richard Walters, riding in a pickup truck, thrust his head from a window to shout to children in his farm-yard. His head cracked against a tree he hadn't seen.

He died instantly of a broken neck.

The tragedy occurred on the Walter farm in this Genesee County village.

State police said Richard's brother Robert, 11, was driving. The boys' father, Royal Walters, told them Robert had been allowed to drive the truck on the farm for about two years.

U. S., Peiping Continue Quemoy Talks at Warsaw

By WARREN ROGERS JR.
Associated Press News Analyst

WASHINGTON (AP) — For a couple of hours about twice a week two highly skilled diplomats meet in an ornate, tan palace in Warsaw to talk about the same things over and over.

One is a gangling, bespectacled, quietly humorous American called Jacob D. Beam. The other is a short, chunky, Communist Chinese named Wang Ping-nan. They are their countries' ambassadors to Warsaw.

Rare In Diplomacy

Rarely in the complex history of diplomacy has been there such a thing as these talks. Neither side officially recognizes the existence of the other, yet here they are sitting down to talk over the tensions of which this mutual diplomatic snub is a symptom.

The contact, the only official one between the United States and Red China, sprouted without design, a mushroom growing in the back alley of the cold war. But, remembering perhaps that penicillin comes from fungus, the whole world looks to the Warsaw talks with hope of good things to come.

That hope quickened this week with Red China's seven-day suspension of firing at Nationalist-held islands off the China coast. For the first time since their first meeting Sept. 15, Beam and Wang have something to talk about beside the diametric and adamant basic positions of their governments.

To Meet Friday

When they meet for the sixth time Friday, Beam and Wang can explore the possibility of making the cease-fire permanent and dependable. The United States has said worthwhile consequences, possibly a thinning out of Nationalist military strength in the coastal islands, would ensure from that.

At any rate, Beam and Wang have something to sink their negotiating teeth into.

The Warsaw talks have their root in the Geneva talks between Wang and Alexis Johnson, Beam's predecessor as U.S. envoy to Warsaw. These continued from May 1955 to December 1957.

At Geneva, Johnson and Wang started out with a specific purpose—to see about freeing more than 40 Americans being detained in Red China. Despite a written pledge in September 1955 to speed freedom for all the Americans, the Red Chinese still hold four U.S. citizens in China. Johnson never did succeed in his second objective, to get Red China to swear off the use of force in the Formosa Strait.

Had General Goal

The Warsaw talks began with a general goal, pursuit of ways of "safeguarding the peace in the Far East." Beam wanted a dependable cease-fire. Wang said the guns would stop only after the Nationalists evacuated the offshore islands. Red China's temporary cease-fire may have broken the stalemate.

Now the negotiators have a special task, no less taxing on their patience and negotiating skill, but narrowed at least to the point where it can be put on the bargaining table.

Meter Firm Sold

BUFFALO, N. Y. (AP) — The Buffalo Meter Co. has been sold for $4,500,000 to the American Meter Co. of Philadelphia.

William G. Hamilton Jr., president of the Buffalo firm announced the sale Wednesday. Harrison, who was named president of the company, said the local company would keep its name and would be operated as a subsidiary with its own manufacturing, sales and engineering divisions.

American Meter is the largest producer of gas meters in the country. The Buffalo firm makes liquid meters.

PEDAL POOPED—The crisis over Quemoy doesn't seem to worry this pedicab driver as he naps in a shady spot in Taipei, the capital of Formosa. His only immediate problem is how to curl up comfortably on the seat of his combination bicycle and rickshaw.

KINGSTON, NEW YORK, OCTOBER 9, 1958

TIME SHRINKS

In the dramatic history of air transportation, October of 1958 will go down as the period when the jet airliner came to the commercial airways to give the world, once more, a new idea of time.

Across the Atlantic, from New York to London, a British overseas Comet IV flashed in 6 hours and 12 minutes to inaugurate the new era. Meantime, a companion craft was flying through the same route westward, bucking standard headwinds in a considerably slower run.

In a little more than three weeks Pan American World Airways will begin flights with its giant Boeing 707 on the Atlantic course, and by January American Airlines will be flying the 707 over the American continent. Thereafter, line after line will move into the jet age as its new planes are received.

BOAC leaped frantically into the jet competition with its Comet IV the minute the Port of New York Authority gave its limited clearance for jet use of Idlewild Airport.

But Pan American need feel no twinge of disappointment at not being first into the air with jets. For its 707 is a bigger, longer-range ship than the Comet IV which seems likely to do substantially better than the British plane on the tougher east-to-west flights.

A Comet IV many times will have to stop at Gander for refueling on the westward trip. The initial flight took more than 10 hours as a consequence—a not-too-spectacular gain over the fastest piston-engined planes of today.

The honor of being first is not the signifiicant thing anyway. What matters to us all is that the revolutionary shrinking of the world almost by half has truly begun. Within the next few years we shall come to accept Europe as just a quarter of a day away and our own continent as only that wide. No place on earth reachable by commercial plane will be more than a day from any other.

Everything and everybody will be nearer now. That means the beauties and wonders of the world, friends, relatives, allies, potential enemies. We are gaining the comfort of traveling fast to all corners. But we are losing the comfort of distance as a protection. The change will be felt in every phase of our lives.

MAKE 'EM BRIEF

Probably at least a dozen men are hoping to be called on to make nominating speeches at the 1960 presidential conventions. Some, even at this early stage, may be giving thought to what they might say. Perhaps a few will recall that in 1880 the felicitous speech made by James A. Garfield in behalf of John Sherman resulted in Garfield's own nomination.

All of the would-be orators ought to bear in mind that the shortest speech could be the best. The wiser ones surely will put aside any thought of making an old-style formal address with successive paragraphs beginning "the man who—," and leaving the candidate's name unmentioned until the very end.

The virtue of short speeches was illustrated, in reverse, when General Grant was placed before the convention by Roscoe Conkling of New York in 1880. Conkling began his eulogy with a popular ditty:

"You ask what state he hails from?
Our sole reply shall be
'He comes from Appomattox
And its famous apple tree.'"

The applause was vigorous. Had Conkling spun a little prose along the same lines and then sat down, he might have put Grant over. Instead, he diluted the effect with ill-judged attacks on other aspirants, some of whom might otherwise have been won over. The outcome was the nomination of Garfield. So, Mr. Convention Orator, if you want to help your candidate—and have pity on the TV audience—be brief!

'These Days'

By GEORGE SOKOLSKY

EXPLOITATION

That terrible word, exploitation, is on many lips these days. The British, the French, the Dutch, even in a measure, the Americans have engaged in awful exploitation. But the Russians apparently never exploited anyone but each other and only the peoples who have unfortunately become enslaved to them, which brings down on them, no opprobrium.

I see in the "Winchester (Va.) Evening Star" an item about one Jamal A. Sa'd who travels about the United States telling of the wonders of Nasser, the Arab. Says Sa'd concerning colonialism:

". . . this philosophy calls for the exploitation of the national wealth of the colonized territory, through transfer of raw materials to the home country to promote local industries—the process ending in floating the goods and commodities of the colonial power back where the raw materials came from in the first place."

Well, let's look at the record:

For millenia, the oil which is bringing wealth and perhaps some day an improved standard of life to the Middle East, law under the sands of the deserts. Some of it seeped to the surface and was used for trifling purposes, but nothing was done about it by these peoples who today regard themselves as important and progressive. It was principally the British and later the Americans who went into Iran, Iraq, Saudi Arabia and other Arabian countries, poured millions of dollars into exploration and development, set up machinery and pumps and pipe-lines and in due course brought to the governments of those countries vast revenues from this oil.

It is not the foreigner who exploited these peoples. If anybody did any exploiting, it was the governments which accepted their share of the proceeds and spent it on riotous living of ruling individuals.

I, myself, witnessed what foreign investments did in a country like China. Take as an example, the area on the Yangtze River known as Wuhan, which included the cities of Hankow, Wuchang, and Hanyang. Hankow was a highly developed foreign-controlled metropolis, with paved streets, schools, churches, public institutions, factories, mills, warehouses, enormous business activity in which more Chinese engaged than foreigners and in which Chinese individuals made more money than foreigners did. Wuchang was an ancient capital city, dirty, fly-ridden, with narrow streets of foul odor. Hanyang was an ugly place where was situated a steel plant.

Those who liked the picturesque rather than the wholesome might have preferred Chapei, the Chinese area, to the International Settlement of Shanghai, but where foreign capital came, a rising standard of living also came. One of the most serious problems that faced China for several centuries was the surplus population in the villages and on the land. The only practical solution was for the surplus men to become bandits and the surplus girls to become prostitutes and slave girls. And that is what happened, the bandits always being a serious problem until they were absorbed in the army.

By surplus population is meant more people than a given area can feed. The bandit groups of Manchuria, Shantung, Kuangtung, Kuangsi and Yunnan became serious political problems because too large a share of the national income had to be spent either suppressing or supporting them. Often when they were absorbed into the Chinese army, their leaders became war-lords and fought for additional territory and revenue.

But when a cigarette factory or a cotton mill, by whomsoever owned, came into such an area, the surplus population disappeared because the industry absorbed that surplus either directly or in related supply or service industries. There was no exploitation in this but vast benefits to the ordinary people because many of them for the first time in their lives participated in a money economy. They got wages for their work and with some companies they got such fringe benefits as they hardly knew existed in this world.

True, these benefits whetted their appetites for more money and more benefits which in time led to various forms of discontent and to strikes. This is undoubtedly a normal human reaction to a rising standard of life. But even such strikes did not indicate exploitation; they rather gave assurance that the capitalist system was functioning beneficially for these people. It stirred them to desire more consumers' goods.

Why did not the Chinese, who had plenty of capital, initiate these industrial activities which absorbed surplus populations? Why did not the Hindus or the Arabs do what the Europeans did?

Thumb-Sucking Dangers Are Often Exaggerated

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Millions of people undoubtedly have worried about thumb and finger-sucking in their infants. All kinds of methods and devices have been tried to break this habit. Many articles have appeared in the medical and dental literature, some suggesting that it is harmless, and others that it can cause trouble, particularly to the teeth.

It seems to me that there are so many of us who must have sucked our thumbs when we were little and yet have grown up into normal people that the fear is exaggerated.

In one recent report, based on a study of nearly three thousand infants and children, it was stated that parents should be reassured about the relative harmlessness of this habit.

Of the children studied, nearly one-half sucked their thumbs; the average age of stopping without treatment was just under 4 years, which is longer than the two-year limit which has sometimes been mentioned by others.

This report also stated that dentists claim that stopping the habit before the age of 4 is compatible with normal tooth and dental arch formation.

Another difficult problem has been submitted by a mother who says that her son was born with pyloric stenosis. She says that an operation was not performed and the child "outgrew" the difficulty by the age of 15 months. Now, at the age of 3 years, he gets attacks of diarrhea and she wonders whether there is any connection.

The pylorus is the lower opening of the stomach where the digestive contents empty from that organ into the intestines. Pyloric stenosis present at birth means that there has been a contraction of the pyloric area which interferes with the free passage from the stomach into the intestines.

This condition is said to be three or four times as common in boys as in girls. It results in vomiting, rapid loss of weight, and constipation. Generally, medical treatment is attempted, but if this fails an immediate operation is performed.

In this particular instance, it appears that medical treatment was reasonably successful. The big question is whether the diarrhea is related to pyloric stenosis or is something else. In order to find out, it will probably be necessary to do some thorough studies of the digestive tract of this lad before he gets too run down.

Another problem with an abnormality present at birth (congenital disorder) is presented by Mrs. G. She says that her son was born with spina bifida, and she is anxious to know something about possible treatment and outlook.

Spina bifida is a cleft in the vertebral column in the back through which the lining of the spinal cord containing the nervous tissue protrudes. It is probably the result of failure of complete development before birth.

In some instances, this condition can be repaired fairly successfully by surgery. What to do depends on the location, the size of the cleft, the amount of tissue protruding, and other factors. Consequently, the outlook also varies.

Washington News

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON —.(NEA) — Chinese Communist Premier Chou En-lai's most recent blast against the United States is for giving "Sidewinder" guided missiles to the Chinese Nationalist Air Force. This was both a confession and a testimonial on the effectiveness of this U. S. Navy-developed weapon, now tested in combat for the first time.

Premier Chou's complaint was also confirmation of meager reports from Formosa that a small flight of Nationalist planes had attacked a much larger Chinese Communist air force, shooting down 10 of the Russian-built MIGs without loss of a single Nationalist plane.

Secret of the Sidewinder's deadly accuracy is its unique internal guidance system. It is not guided by radar, as are most missiles, but by an infrared ray device, sensitive to heat.

This enables the Sidewinder to feel out the heat of the exhaust from an enemy jet aircraft. The missile guidance system then locks on this blast heat wave and follows it.

IT CAN TRACK the plane through evasive actions of turning and diving until it homes on the target and destroys it. The guidance system is so sensitive that it can shoot a flare pot off the wing of a conventional drone target plane.

One further advantage of the infrared guidance system is that it cannot be jammed by enemy radar.

Sidewinders are carried under the wings of fighter aircraft. They are fired by the pilot after he sights his enemy. He "aims" his own plane in the general direction of the target, using an automatic computer that gives him the correct lead. He fires when target is within range.

Range of the Sidewinder is still classified, but it is described as relatively short. It can, however, operate at altitudes up to 50,000 feet—about nine miles.

Its speed is described as "fast enough to catch any jet aircraft now in the skies." This is over 1,200 m.p.h.

SIDEWINDER IS A relatively small, light, simple and inexpensive missile. It is nine feet long, its body six inches in diameter, and it weighs 165 pounds.

It is not a new missile; this is just its first use in combat. Development was begun in 1950. It was operational in 1956 and assigned to two naval aviation squadrons of the Sixth and Seventh Fleets. It was demonstrated to reporters at China Lake (Calif.) Ordnance Test Station in 1957.

Last January, Dr. William B. McLean, technical director of the station, was given $25,000 incentive award for its development. The missile's name was taken from the dealy sidewinder rattlesnakes which abound near China Lake.

U. S. Air Force has also adopted Sidewinder missiles for some of its fighter units. And they have been supplied to Chinese Nationalist aircraft under the U. S. assistance and training programs.

ANY ATTACK BY CHINESE Communist MIGs on units of the U. S. Seventh Fleet operating in Formosa waters would have another Navy air-to-air guided missile to contend with.

This is the Sparrow III, assigned to carrier-based aircraft for their defense. Sparrow is as yet untested in combat, but equally great claims are made for its use.

It has been seven years in development, Sparrow I having been first tested in 1951. It is bigger and heavier than Sidewinder—12 feet long, eight-inch diameter, 350 pounds weight. Carrying a bigger warhead, the Sparrow operates at greater range and at speeds up to 1,500 m.p.h.

Sparrow is guided by radar so sensitive that it can pick up hidden targets, guiding itself through clouds so accurately that it will home on the target plane and destroy it.

Air-to-air missiles are going to change aerial warfare considerably. This is one field of missile development in which it is believed the United States now has a commanding lead.

Twenty and Ten Years Ago

Oct. 9, 1938 — The General Electric Giants, a local semi-pro football team, lost the season's opener 7-0 to the White Plains Steamrollers at the Athletic Field.

Guy Bogart Delafield died at Stone Ridge.

Mrs. Charity K. Steuding died at her Lucas Avenue home.

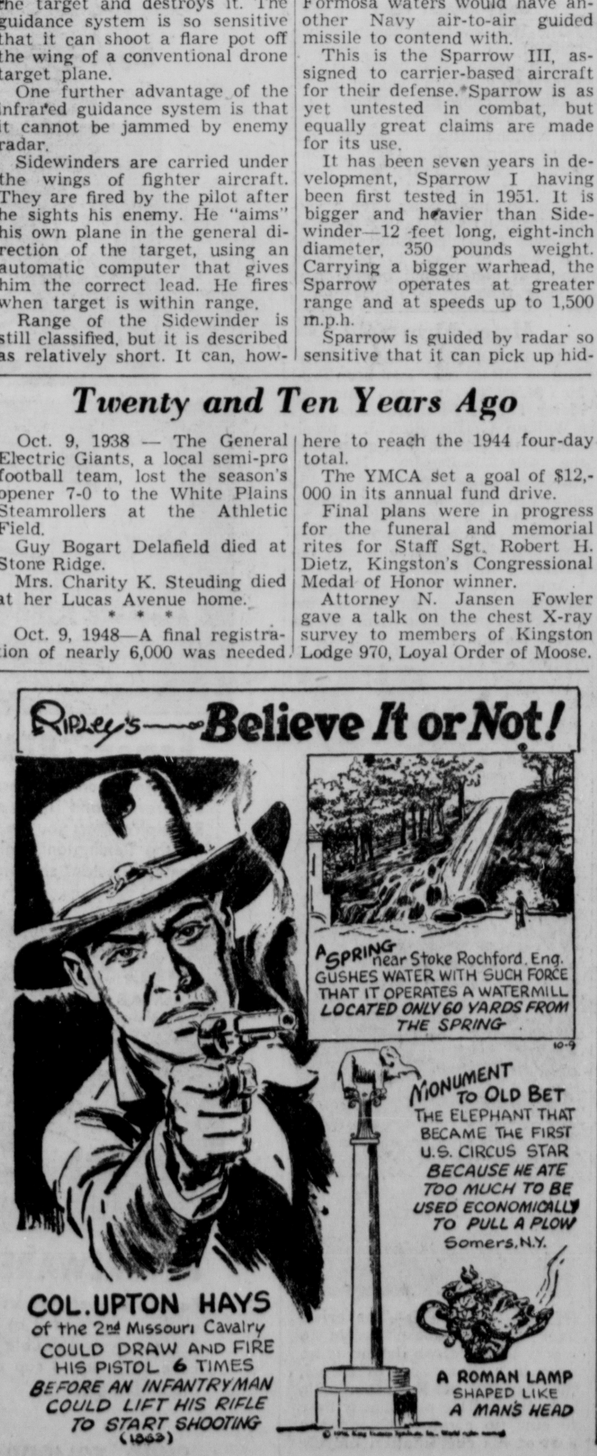
* * *

Oct. 9, 1948—A final registration of nearly 6,000 was needed here to reach the 1944 four-day total.

The YMCA set a goal of $12,000 in its annual fund drive.

Final plans were in progress for the funeral and memorial rites for Staff Sgt. Robert H. Dietz, Kingston's Congressional Medal of Honor winner.

Attorney N. Jansen Fowler gave a talk on the chest X-ray survey to members of Kingston Lodge 970, Loyal Order of Moose.



Questions -- Answers

Q—What U. S. President inaugurated cable service across the Atlantic Ocean by sending greetings to Queen Victoria?

A—James Buchanan on Aug. 5, 1858.

* * *

Q—Do any species of deer lack antlers?

A—A few species, the musk deer and the Chinese river deer, for example.

* * *

Q—In what language are treaties between foreign nations usually written?

A—Until the 1700's all treaties were written in Latin. Then French became the official language. Today most treaties are written in the various languages of the treaty-making nations.

So They Say..

The proof of the pudding is in the eating. Under this administration we have peace. I believe the American people will always approve the kind of foreign policy that leads to peace with honor rather than war.
—Agriculture Secretary Ezra T. Benson.

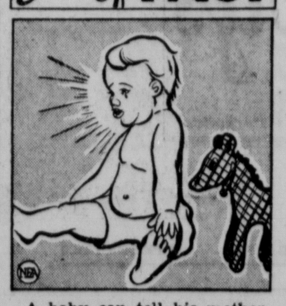
The vacation season is almost over, when folks take snapshots that are out of focus.

Matter of FACT



A baby can tell his mother his troubles by the way he cries—for he has five different cries. One cry means he's hungry, another that he is in pain. The others mean he is uncomfortable, is frightened by a loud noise or he thinks he is about to fall.

Today in National Affairs

Name Changes Suggested To Fit Big Parties' Aims

By DAVID LAWRENCE

WASHINGTON — Maybe the time has come to change the names of the two major political parties in America. Speakers for the Republican party, for instance, have lately reverted to the custom of their forefathers in resenting the idea that the opposite party may take unto itself exclusive possession of the word "democratic" with a small "d" when they feel it really has ceased in that respect to be "democratic." The Republicans are beginning again to refer to their opposites as "the party of the Democrats" or "the Democrat party."

Conversely, the Republicans in large part, have ceased to be "republican" with a small "r." The Constitution explicity says that the Federal government "shall guarantee to every state in this Union a republican form of government." Nothing is said about Arkansas, or Virginia, or any other state being excluded from this provision. To ignore the rights of the states and to support the doctrine that a Supreme Court in Washington may alter at will the basic document that specifically provides its own method of amendment is, in the North, considered "democratic" with both a large and small "D," as well as "Republican" with a large and small "R," but just the opposite in the South.

Make Own Labels

On economic issues, the Republicans like to think of themselves as "conservative," while the Northern Democrats prefer to call themselves "liberals." An examination of the voting records in Congress would seem to indicate that most of the Democrats from the North are liberal spenders of the citizens' income and are not much interested in conserving the dollar's purchasing power, as is, for example, Senator Byrd, Democrat, of Virginia. The Republicans would more fittingly be described as the "conservative party" were it not for the modern belief, propagated by the radicals, that to be conservative is to oppose all change and "progress."

What is "progressive" — the word that used to be proudly proclaimed in the slogans of the Republicans of Theodore Roosevelt's era? Today, under the still-powerful impetus of the New Deal and Fair Deal, the country is in the throes of a progressive inflation that everybody fears, but nobody prominent in either party seems willing to advocate the steps necessary to reverse the trend.

Today, "public spending" is supposed to be "popular," and there are in both parties those who actually believe that the bigger the Federal deficit, the better off the country will be on the economic side.

Political Fighting Word

As for "monopoly," this used to be a fighting word in politics. The Republicans point proudly to the fact that they originated the anti-trust laws, and the Democrats say they did more to enforce them than their opposite numbers. But a Teamsters' Union today holds a monopoly on transportation far more powerful than did any railroad combine of the past. The Democrats, who are in control of Congress, are afraid to do anything about labor-union monopolies, because they get their big campaign funds from the unions, just as the Republicans of yesteryear used to collect campaign funds from the "wicked corporations."

So the nation's progress in the free-enterprise system is being stifled by the leaders of a party that calls itself "Democratic" with both a large and a small "D," while too many Republicans inside the Administration, deciding to become "modern," have convinced themselves of the convinced themselves that a fundamental principle of the Bill of Rights of the Constitution—the right to work—is just a "state ter." Public-school education — always a "state matter" heretofore—is, on the other hand, considered by a Republican administration to be subject to the discipline of Federal troops in the corridors of a high school.

In some countries they name political parties after individuals. Perhaps the hero of political science in America today is Machiavelli — the man whose name is associated with the doctrine that "the end justifies the means." Both parties, however, could qualify for the right to use that slogan.

Predominant Strength

The real names of the two major parties in the North ought to be "Conservative" and "Socialist," respectively, though neither party will admit that the predominant strength within its ranks deserves to be thus described. The central idea of socialism is government control or regulation of almost everything. Senator Thurmond of South Carolina, Democrat, in a speech this week, says of the Democratic-controlled Congress: "The action taken in the legislative halls of the 88th Congress justifies the statement that in Congress, as well as in the Supreme Court, socialism is preferred."

Those Republicans who still believe in the constitutional rights of the states and in conserving the dollar's purchasing power should not be reluctant to call themselves the "Conservative party." For the republic is not going to be saved by pampering the individual and misleading him into thinking that the billions collected in taxes will be forthcoming every year just the same when industries are socialized and the spirit of free enterprise is broken in America.

WALLKILL NEWS

Woman's Club Meets

WALLKILL — The Wallkill Woman's Club will open its fall session with an evening meeting at the Community Room of the Valley National Bank, Wallkill, Friday, 7:30 p. m. The meeting will be conducted by Mrs. Ira Wickner, club president.

Program chairman, Mrs. John E. Sloan, will introduce the speaker, Burke Boyce, author, educator and lecturer, who will speak on the history of the Hudson Valley, with an eye to the forthcoming anniversary of Henry Hudson's voyage, 350 years ago.

Boyce is a past headmaster of Storm King School, and has written three books. He at the present time gives lectures on Shakespeare before various groups.

Women of the area interested in joining the club are urged to attend the fall meeting, and to contact Mrs. Herman Mahlandt, membership chairman. Mrs. Jacob Kobelt will preside at the tea table as social chairman, when the reception for new members is held.

Final plans will be made at the meeting for the Gay Nineties family night box supper to be held Oct. 22 at 6:30 p. m. at the Shawangunk Church Hall. It is to be a costume party which husbands and guests are invited to attend.

Legion Auxiliary

A regular meeting of the Ladies Auxiliary of the Rose-Sheeley Post of the American Legion will be held Monday, 7:45 p. m., at the Legion Home. The social committee for the evening will be Mrs. Martha Muller, Mrs. Helen Backofen, and Mrs. Mabel Almquist. Mrs. Pauline Auchmoody, newly elected and installed president, will conduct the business session.

Footlite Club Plans

The Footlite Club of Wallkill met Thursday at the home of Mr. and Mrs. Shaw Benderly for a covered dish supper. Following supper a business meeting was held and it was decided to present "My Sister Eileen" as the fall production, Friday evening, Dec. 5, under the direction of Mrs. Doris Crowell.

The part of Ruth and Eileen will be played by Marion Doolittle and Edie Crowell. All people in the area may join the club by contacting James B. Crowell, Ted Wright, or Jane Martino. The meetings are held the first Wednesday of each month.

School Schedule

Wallkill Elementary School room meetings have been announced as follows: Wednesday, Oct. 15, Grade 3; Thursday, Oct. 16, Grade 4, Monday, Oct. 20, Grades 5 and 6, in both High School and the Annex Building.

Monday there will be no school in observance of Columbus Day. Friday, Oct. 24, school will be adjourned, so that teachers may attend the Southeastern Zone Conference.

Reformed Church Note

Thursday 3 p. m. junior choir rehearsal at the church; 6:30 p. m. young people's choir rehearsal; 7:30 p. m. senior choir rehearsal in the church.

Saturday, 10 a. m. to 3 p. m. members and friends of all Reformed and Presbyterian Churches are invited to attend the open house at the Denton Lake Conference Grounds Holmes, N. Y.

Sunday school 10 a. m., superintendent Fred C. Terwilliger, presiding. At 11 a. m., regular morning worship services will be held with the Rev. Walter N. Van Popering. Members of the Masonic Order and the Eastern Star Chapter will be guests during the worship service.

Village Notes

Mrs. Harry W. Dunn attended the DAR Convention at the Arlington Hotel, Binghamton Wednesday and Thursday of last week. At the meeting, all 50-year members were received. Mrs. Dunn was one of the honored 50-year members.

Mrs. James J. McLinden of the Bronx, has returned to her duties after a few days spent with her daughter and son-in-law, Mr. and Mrs. A. S. Ruggiero and family.

Mr. and Mrs. Claude L. Decker spent the weekend at the home of her sister, Mrs. Mary Dunham in New York City.

Mr. and Mrs. Richard Dunn and family of Schenectady, spent the weekend at the home of his parents, Mr. and Mrs. Harry W. Dunn.

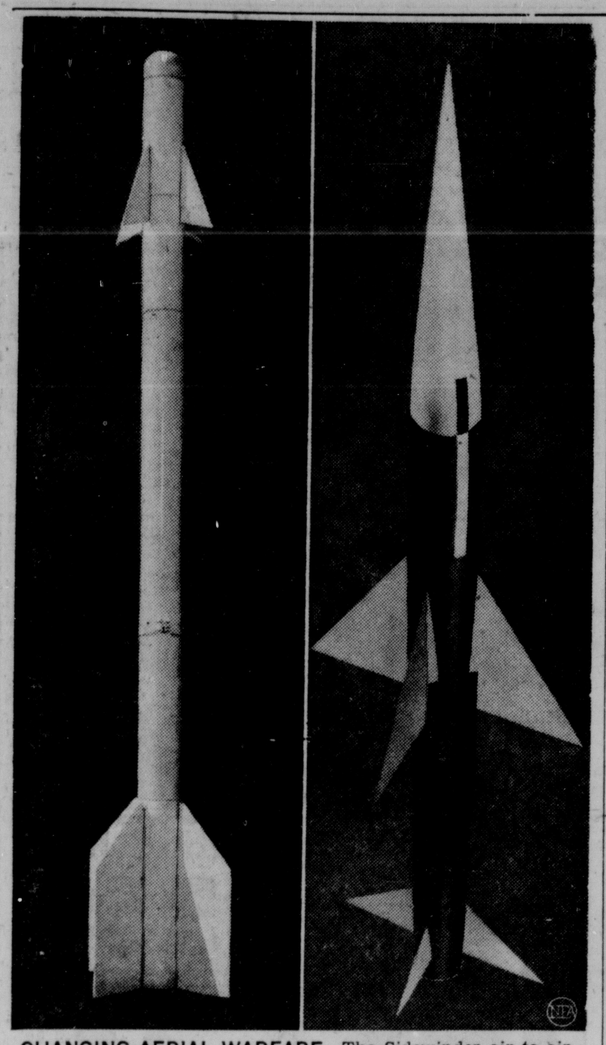
Douglas Agor, son of Mr. and Mrs. Arthur Agor, celebrated his 12th birthday Monday, Oct. 6.

Opportunity Falls

FLEMINGTON, N. J. (AP)—Opportunity didn't knock for Bob Charles, it fell in his front yard. When the wind blew down an old walnut tree on his lawn, he sawed it into planks and made a case for a grandfather's clock out of them.

Young Miss Bernhardt

SAN DIEGO, Calif. (AP)—In true theatrical fashion, Jovita Jaeger, 7, went on and did her pantomime without music in a church amateur contest after her record player was broken on the way to the church. She won first prize—a $50 savings bond.



CHANGING AERIAL WARFARE—The Sidewinder air-to-air guided missile, left, met its first combat test with complete success. Chinese Nationalist pilots have been knocking down numerically superior Communist forces with the 1,200-m.p.h. missile which homes in on the enemy's jet exhaust by means of an infrared guidance system attracted to heat. It is 9 feet tall, 6 inches in diameter and weighs 165 pounds. About 300 m.p.h. faster is the newer radar-guided Sparrow, right, which has been assigned to U.S. carrier jets in the Formosan area. Sparrow is 12 feet long, 8 inches thick and weighs 350 pounds.

Conroy Speaks On Columbus for Dutch Men's Club

Joseph Conroy, manager of the Fugazy Travel Bureau, addressed the Men's Club of the Old Dutch Church at its monthly dinner meeting Wednesday night on Christopher Columbus, pointing out that Columbus Day, Oct. 12, honored the man who made the New World possible.

He described Columbus as an adventurer, a non-conformist, a deviationist, and ambitious offspring of low parentage, who was seeking his fortune when he set sail in three small vessels in a westerly direction trying to reach India.

The discovery of America came quite by accident when Columbus made land in the West Indies after a voyage of incredible difficulty which tried the courage of his crews and captains and proved the indomitable spirit of Columbus himself.

Conroy traced the efforts of Columbus to obtain financial backing for his project, pointing out that he must have had tremendous personality to persuade the Spanish court to back his voyage, particularly in view of the fact that Columbus knew little about seamanship or navigation.

No matter how his motives may be questioned, or how we deprecate him, Conroy said, Columbus stands out as one of the greatest men in all history, a remarkable man of achievement.

President Fred Suppies presided. The speaker was introduced by William Markle.

The University of Georgia, chartered in 1785, was the first chartered state university in the United States.

Favor Bank Boost

NEW DELHI, India (AP) — Members of the World Bank today approved a U. S. proposal to increase the bank's resources to boost available loans to underdeveloped countries.

The action was in the form of a request to the bank's Executive Board to recommend the amount of the increase and the quotas of individual countries. The proposal must then be approved by the parliaments of most member countries.

Although the amount of the increase was not decided, a number of countries — including the United States, Britain and Canada —are known to favor a 100 per cent boost in the authorized capital.

Delegates of several countries said they hoped the increased resources would be available by the middle of next year.

Matter of FACT

Scientists believe that the so-called "northern lights" (aurora borealis) are caused by electrically charged particles coming from the sun at high speed. When these particles meet the earth's magnetic field, they are turned aside, toward the earth's poles. If the particles then collide with atoms of the earth's upper atmosphere, some of the electrons are removed from them. When these atoms combine again with other electrons, they send out the glowing light of the aurora.

Pilgrim Virgin Statue to Appear At St. Joseph's

The world-famous Pilgrim Virgin statue that has already traveled more than 450,000 miles in 103 dioceses throughout Canada and the United States will be in the sanctuary at St. Joseph's Church here during the triduum of Fatima devotions scheduled Sunday, Monday and Tuesday at 7:30 p. m.

It will mark the first appearance of the statue in Ulster County and all are invited to venerate the statue after the nightly services for world peace and the conversion of Russia.

Closest Possible Likeness

The statue was carved under the direction of Sister Lucy, sole survivor of the three shepherd children who saw the Blessed Mother in 1917. She says that it is "as close as any human creation can possibly be" to the actual appearance of the Blessed Mother during the apparitions at Fatima. It was blessed by the Holy Father expressly for this pilgrim Virgin tour, the purpose of which is to alert as many people as possible to the increasing urgency of the Fatima message.

Msgr. William C. McGrath, who for 10 years has directed this unique Fatima pilgrimage, explains that the statue is "merely incidental." The all important feature is the explanation of the message of Fatima. "If a sufficient number of people do as the Blessed Mother asks, Russia will be converted and there will be peace. This was her promise made to the children of Fatima."

Leads Prayers for Conversion

Msgr. McGrath, who has already spoken to some 20 million people during the one-year tour, will deliver the sermons during the Fatima devotions. He said that as yet there are no signs of any conversion on the part of the Communist rulers of Russia, but there exists ample evidence of their unfaltering determination to enslave or destroy the world.

The purpose of the Pilgrim Virgin tour, he said, is to enlist as many as possible — and as quickly as possible — in the Blessed Mother's crusade of prayer and reparation to help prevent the final subjection of the world to Communism or the horrors of nuclear war that would be the end of civilization. The appeal of the Blessed Mother at Fatima could indeed be the last call for peace on earth in our generation, Msgr. McGrath said.

POPE, MSGR. McGRATH WITH STATUE —Pope Pius XII, who died Wednesday night, and Msgr. William C. McGrath are shown with the world-famous Pilgrim Virgin statue which will be in the sanctuary at St. Joseph's Church here during the triduum of Fatima devotions to be held Sunday, Monday and Tuesday at 7:30 p. m. at the church. Msgr. McGrath, who has already spoken to some 20 million persons during the 10-year tour of the statue, will deliver the sermons during the devotions for world peace and the conversion of Russia. It will mark the first time the statue has appeared in Ulster County.

Villagers Sleep In Water Holes Over Bomb Fears

NANSAN, Quemoy (AP)—Hundreds of civilians in this Chinese Nationalist village scarcely five miles from Communist territory slept Wednesday night in water-logged holes in the ground.

They plan to do the same again tonight despite the Communists' cease-fire in the Formosa Strait.

The islanders fear the Reds may resume shelling at any time. And few have homes left after the 44-day bombardment of Quemoy which ended at midnight Sunday.

The situation remained quiet although the Nationalist Defense Ministry said the Communists were strengthening their fortifications in the Quemoy area.

(A Peiping radio broadcast heard in Tokyo said Communist gunners at artillery positions surrounding Quemoy on three sides "are standing at alert." It indicated they could resume firing at a moment's notice.

("During the past three days over 10 military transport vessels and escorting warships that dared not sail in the Bay of Quemoy for about a month docked at the wharf every day and unloaded large quantities of supplies to the island," the broadcast said tauntingly.)

There was no sign by midmorning of new Nationalist supply operations. Several amphibious vehicles laden with supplies were dispatched during the night from Quemoy to nearby Little Quemoy.

The U.S. State Department announced in Washington that American warships had stopped escorting Nationalist supply convoys to Quemoy but would start again if the Red firing resumed. Radio has promised a cease-fire only until Sunday midnight.

Soviet Told of Death

MOSCOW (AP) — A four-line dispatch today from Rome by the official Soviet news agency Tass was the first announcement in the Sovet Union of the death of Pope Pius XII.

Expelled Over Play

MOSCOW (AP) — Paul Niven, Moscow correspondent of the Columbia Broadcasting System, packed to go home today because of Soviet government anger over the CBS-TV play "The Plot to Kill Stalin."

The Foreign Ministry said Niven's expulsion was caused by dissatisfaction with some recent CBS programs.

Singled out was the recent play on Stalin's death which Soviet Ambassador Mikhail Menshikov protested in Washington Monday.

Mindszenty Hears Word

VIENNA, Austra (AP) — Hungary's Roman Catholic primate, Josef Cardinal Mindszenty, learned today of the death of Pope Pius XII, Western sources in Budapest said.

Cardinal Mindszenty has been a refugee in the U. S. Legation in Budapest for nearly two years, since the Russian army crushed the Hungarian revolution. It was indicated the cardinal heard of the Pope's death from the Vatican radio.

PROTECTIVE HALO—Newest Italian safety device for sleepy motorists consists of a metal ring which fits almost flush with the underside of the steering wheel. With a normal grip (drawing, top) nothing happens. But as the drowsy driver's hand relaxes (drawing, bottom) the metallic halo sets off a horn in his ear and automatically engages the brakes.

Strain Too Much

Death of Boy, 6, Tragic Blow to Philly Neighbors

PHILADELPHIA (AP) — Little Joey Kubitsky's heart stopped Wednesday night, 10 hours after a team of famed surgeons had repaired it.

For dozens of neighbors, the 6-year-old boy's death was almost as tragic a blow as it was to his parents and two sisters. The neighbors helped raise $4,200 last summer to pay medical bills and 18 of them donated the blood Joey needed during surgery.

His death was the tragic end of hopes the operation would enable him to lead an active life. Surgeons had said Joey almost certainly would become an invalid within a few years if the hole in his heart were not closed.

A hospital spokesman said the boy's heart couldn't stand the strain of adjustment after the operation.

The South Plainfield, N.J., lad emerged from the four-hour operation in what the hospital called a satisfactory condition. But, as is usual in heart cases, he was placed on the critical list.

The strain of repairing a hole the size of a quarter in the wall between the two lower chambers of his heart apparently was too much for his frail system.

Settled in Greenland

Archeological evidence indicates a settlement of Norsemen on Greenland in 984, but it is presumed that unbearable cold forced them to leave in 1410

In the Service

With Sixth Fleet

Robert G. Crain, machinist's mate fireman, USN, of 228 South Wall Street, is serving aboard the dock landing ship USS San Marcos operating with the U. S. Sixth Fleet in the Mediterranean.

On Carrier

Henry Lederer, aviation machinist's mate third class, USN, son of Mr. and Mrs. Henry Lederer of Mt. Tremper, is serving aboard the attack aircraft carrier USS Forrestal operating with the U. S. Sixth Fleet in the Mediterranean. The Forrestal is on her second tour of duty with the Sixth Fleet, relieving her sister ship, the USS Saratoga, in mid-September. While in the area crewmembers will have an opportunity to visit many interesting European ports during the six-month deployment.

At Newport Station

Nicholas C. Kearney, dentalman, USN, son of Mr. and Mrs. Thomas J. Kearney of 173 Lincoln Street, is serving at the Naval Station, Newport, R. I., summer home of President and Mrs. Eisenhower.

Completes Course

Army Pvt. Daniel J. Sullivan, 20, son of Mr. and Mrs. Edward Sullivan, Milton, recently completed the engineer equipment maintenance and repair course at Fort Leonard Wood, Mo. Sullivan is a 1955 graduate of Marlboro Central High School and is a 1957 graduate of New York Agricultural Technical Institute at Delhi. He is a member of Delta Theta Gamma fraternity.

Pope Leaves Sister And Three Nephews

VATICAN CITY (AP) — Pope Pius XII is survived by a sister and three nephews.

The sister is Countess Elisabetta Pacelli Rossignani.

The nephews are the Princes Marcontonio Pacelli, 51, Giulio Pacelli, 48, and Carlo Pacelli, 55. All live in Rome.

The Pope's sister is married to an an Italian count. The nephews' titles are papal.

Hasbrouck Engine

The monthly meeting of Hasbrouck Engine Co., No. 1 of Connelly will be held today at 8 p. m. at the fire house.

Think It Through

TOO FAR OFF FIRST

The island of Quemoy is so tiny that it is not mentioned in either the Americana or Britannica Encyclopedias.

How come that we are so deeply involved in this pin prick in the Pacific? Aren't we getting too far off first base?

Formosa is somewhat different. It is 115 miles off the Chinese Coast whereas Quemoy is only 6 miles, and Little Quemoy even less.

MR. HUTTON

Formosa is a different colored horse for another reason. Formosa was Japanese territory from 1895 to 1945—fifty years. Quemoy never belonged to Japan. Historically, it has always belonged to China.

The dispute between Communist China and Chiang Kai-Shek about three small islands is really a civil war, not an international war. Is it wise for us to take sides in all civil wars from now on,—and to do so without allies?

When the Korean War broke out in 1950, President Truman posted the 7th Fleet between Formosa and the mainland to keep the Chinese Reds from attacking Formosa, and also (please note) to keep Chiang Kai-Shek from trying to invade the Chinese mainland!

Since that war brought us neither peace nor victory, we have let Chiang put 90,000 troops on these islands with our prestige behind them.

Probably we can't withdraw now without losing "face" throughout Asia.

However, "brinkmanship" has got us far from home. When and if the dust settles, we should think before the brink.

NEW POST — Archbishop Albert G. Meyer of Milwaukee has been appointed by Pope Pius XII to head the Chicago Roman Catholic Archdiocese, the largest in America. He succeeds the late Samuel Cardinal Stritch.

Today's Business Mirror

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The downtown areas of the nation's cities are fighting back. They have been strangled by traffic, lost hordes of customers to the suburbs and the shopping centers, and seen areas blighted and turned into slums.

Now more than 500 urban centers with a total population of 45 million have programs to fight slums and blight, Federal Housing Administrator Albert M. Cole reports. They are scattered through 41 states.

Better Sales Outlook

Department store sales are pulling up to last year's record level —although many report their profits depend heavily on income from their suburban branches.

The Controllers' Congress of the National Retail Merchants Assn. says its members look for better retail sales in department and specialty stores for the rest of the year with Christmas trade volume prospects especially bright.

Leonard L. Farber, president of the International Council of Shopping Centers, is far from convinced, however. He insists that the day of the downtown store is over, except in the largest cities where they will cater to apartment house dwellers.

Certainly for a time downtown areas were slipping badly. A Bureau of the Census survey of 35 showed that over six years their downtown shopping districts showed that over six years their sales gained by 1.4 per cent, while total U.S. retail sales were going up 32 per cent.

Then some cities began sprucing up. Just two examples out of many: San Diego and Cincinnati report that planned programs of store modernization are credited with increasing sales of various stores by 10 to 30 per cent within a few months.

Other Problems

Downtown areas have other problems besides the flight of store customers to the suburbs. One that crops up in many cities is the migration of industry to outlying areas with a considerable loss in tax revenues. The American Society of Planning Officials says this can be halted only by an active fight on blight.

industrial development corporations

It favors forming community industrial development corporations to acquire sites and finance building in central industrial areas and the allotting to industry of sections cleared of residential slums.

And the Federal Housing Administration urges enforcement of sound housing and related codes planning for future development as essential to urban renewal.

Alcoa to Resume

PITTSBURGH, Pa. (AP) — The Aluminum Co. of America will open a new potline at its Massena, N. Y., works and restart an idle one at Point Comfort, Tex.

Both operations will begin Oct. 15, the company said yesterday.

The Massena line is one of two new ones at that works. The first went into operation Sept. 5. The Point Comfort line was shut down earlier this year when ALCOA trimmed production.

"Improving business conditions were a definite factor in the decision to activate these production facilities," J. D. Harper, manager of the smelting division, said.

"VOTERS OF NEW YORK — REGISTER TO VOTE"—The top of New York State's Republican ticket, Congressman Ken Keating (left), candidate for U. S. Senator, and Nelson A. Rockefeller, candidate for Governor, will deliver this reminder in person all week long as they carry their campaign throughout New York State. Registration closes in all counties of the state this coming Saturday.

Ruth Millett

Listen to Mom, Girls, Your Reputation Is Important

"My mother is always worrying about what people might think," writes a teen-ager.

"Sometimes she can't give me any good reason for not letting me do something. She just says, 'It doesn't look right,' or 'It just isn't done.'

"So long as I know I'm not doing anything to be ashamed of, what does it matter what other people think?"

It matters a great deal what other people think and say about a girl.

A girl's reputation is a very precious thing. Your mother knows that. That is why she is concerned about not only what you do but about what others might think of your actions.

She doesn't want anyone getting the wrong ideas about you or having grounds for gossip. And probably, also, she is concerned over your getting into situations that you might not be able to handle.

So don't mark your mother down as an old fogey or as a person who cares too much about what other people think.

Any mother of a daughter has to care what people think, and she has to help her daughter avoid getting into situations where people who don't know her well could raise their eyebrows.

You probably won't completely understand your mother's concern for your reputation until you have a daughter of your own. But it isn't really necessary that you understand if you will just trust your mother's judgment. She has lived long enough to know that a girl or woman can't afford to leave herself open to criticism, but must always consider what other people might say.

For after all, what is a girl's reputation, but what other people think and say about her? And how do outsiders judge, except by appearances?

(All rights reserved, NEA Service, Inc.)

Pact Talks Fail

NEW YORK (AP)—Representatives of telephone installers and the Western Electric Co. continued negotiations Wednesday but no settlement was reached.

Both sides were expected to meet again today.

The Installers Division of the Communicationsf Workers of America numbers about 15,400 workers in 44 states. They have a strike deadline of midnight Oct. 19.

The talks are being held under a wage reopening clause in a two-year contract.

Current hourly wages range from $1.52 to $3.06.

Quebec was founded in 1608 by Samuel de Champlain, French nobleman sent out by Henry IV, King of France.

Ave Asks Full Report on Death In Road Protest

ALBANY, N. Y. (AP) — Gov. Harriman wants a complete report on the death of Marvin Titcomb, 29, forced from his home by tear gas after he fought off state troopers for more than an hour.

Titcomb barricaded himself Tuesday in an upstairs bedroom after hurling a rock at a contractor's car in protest of state efforts to acquire his property for the Northway route.

He died Wednesday in Albany Hospital, about 12 hours after he had remained in the gas-filled bedroom for 30 minutes. Titcomb had been taken to the hospital for mental observation.

The state had offered to purchase his home several weeks ago. Officials had received no reply from Titcomb.

The contractor's car had been parked on property adjacent to Titcomb's, on the Troy- Schenectady Road near Latham. Troopers said Titcomb, an unemployed salesman, threw several heavy objects at them before a canister of tear gas was tossed through the window.

Harriman asked Superintendent Francis S. McGarvey for a report of the incident.

An autopsy was performed on the body. However, Coroner John Kean of Albany County said he would not give the cause of death pending a laboratory examination of vital organs.

A hospital spokesman said earlier Titcomb was asphyxiated.

$3 Million Is Paid To Children's Courts

NEW YORK (AP) — Children's courts in New York State collected about three million dollars last year from parents who deserted to other states.

The State Social Welfare Department released its findings Wednesday night in advance of a statewide meeting here today to discuss reciprocal support laws.

Such legislation, in effect in all states, requires legally responsible relatives to support dependents they desert.

Children's Court judges, county attorneys and public welfare commissioners were invited to the meeting.

The money collected last year involved more than 5,000 actions.

Until New York pioneered such legislation in 1949, it had been considered extremely difficult to make deserting parents pay.

University of State of New York

The University of the State of New York consists of all secondary and higher educational institutions which are incorporated in New York State, and such other libraries, museums, institutions, schools, organizations and agencies for education as may be admitted to or incorporated by the university.

Bad Hand Is Couped in

By OSWALD JACOBY
Written for NEA Service

Dr. John Fisher's one-heart response is good duplicate bidding. You just don't want to pass a one bid in a minor suit if you possibly can avoid it.

Emma Jean Hawes' next bid was three clubs and John raised merrily to four clubs and hoped that he wasn't diving overboard with a weight tied around his legs. Emma Jean went to four hearts and John passed and hoped.

He won the opening club lead in dummy and led the four of hearts. East played the trey and John the eight. A second heart to dummy's king forced out East's ace and Eeast led the six of spades.

Three rounds of spades gave East and West two more tricks and forced John to use up dummy's ten of hearts.

This left him a choice of plays. He could come to his hand with the jack of diamonds and try to drop the trumps, or he could play for a coup against East. The coup seemed indicated so John took a second club and ran off the diamonds.

He discarded one club on the third diamond and when he led the fourth diamond, East could ruff or not. He actually chose to discard a club so John did likewise.

Now John led a third club. East ruffed with the six and John overruffed and made the trumps.

Aviation Pioneer Succumbs in Hudson

HUDSON, N. Y. (AP)—Retired Rear Adm. J. Lansing Callan, an aviation pioneer who led America's naval air forces in Italy in World War I, died in a hospital Wednesday after a long illness.

Callan, 72, retired from the Navy in 1948 after more than 31 years as a reserve officer.

He started in aviation in 1911 as a pupil of Glenn H. Curtiss, then taught at his school.

Later, he was president of Airships Inc., manufacturer of balloons and dirigibles, and as a traffic representative for Pan American Airlines.

He served as a naval aide to King Peter of Yugoslavia from 1942 to 1944.

Surviving are a brother, Albert S. Callan, publisher of the Chatham Courier, and a sister, Mrs. Frederick B. Downing, with whom he lived.

Ponder Dies

LEXINGTON, Ky. (AP) — Ponder, upset winner of the Diamond Jubilee Kentucky Derby died Wednesday at Calumet Farm.

The farm announced a twisted intestine killed the 1949 derby winner. The same ailment took the life of Ponder's sire, 1944 derby winner Pensive.

Ponder won by three lengths over Capot in the derby. Olympia, who entered the race a 4-5 favorite, finished fifth.

Council Favors West Position for Northway

ALBANY, N. Y. (AP) — The New York State Conservation Council wants the state to build the northway to the est of Schroon Lake.

President Michael Petruska of Troy said today the council objected to construction of the east side of Schroon Lake because the road would pass through wilderness. Either way, the Albany-Montreal road would go through a small part of the forest preserve, but, to the west, would parallel Route 9. A 21-mile section of road is involved.

The Associated Press had reported erroneously that the council opposed construction through the preserve.

In another resolution last Sunday, the council said it did not oppose an alternate route that would run along Lake Champlain. However, the State Public Works Department objects to that route.

DIED

CURTIS—At rest in this city, October 6, 1958, John K. Curtis of Fleischmanns, N. Y., beloved husband of Margaret Curtis, nee Leehive; loving father of LeRoy Curtis and Mrs. George Cougler, both of Fleischmanns; devoted grandfather of Mrs. John Menzies of Dunkirk, N. Y.

Funeral services Friday at 2 p. m. from his late residence. Interment St. Francis DeSales Cemetery, Phoenicia.

CANNON—Suddenly, October 7, 1958, Margaret Cannon, wife of William Cannon of Stony Hollow, N. Y. Also surviving are several nieces and nephews.

Relatives and friends are invited to attend the funeral from the Jenson & Deegan Funeral Home, 15 Downs Street on Saturday at 1:30 p. m. Burial will be in Grove Cemetery, Coeymans, N. Y. Friends may call at the funeral home any time Thursday or Friday.

MOEGLIN—At Saugerties, N. Y. on October 8, 1958, Elsie Moeglin of Pine Grove, widow of Ernest S. Moeglin.

The funeral service will be held from the Hartley & Lamouree Funeral Home, 8 Second Street, Saugerties, on Saturday at 11 a. m. Burial in Blue Mt. Cemetery. Friends may call at the funeral home at any time. Kindly omit flowers.

Memoriam

In loving memory of Stephen M. Connelly who passed away 8 years ago today, October 9, 1950.

Eight years have passed since that sad day,
The one we loved was called away.
God took him home, it was His will,
But in our hearts he liveth still.

Sisters,
MRS. JAMES FLYNN
MRS. LOUIS ARACE

William J. McVey, pastor of the First Presbyterian Church. The Rev. Mr. McVey called at the funeral home Tuesday evening to offer his condolence and say a prayer. Burial was in Woodstock Cemetery where the Rev. Mr. McVey conducted the committal services.

Mrs. Augusta Comstock

The funeral of Mrs. Augusta Comstock of 80-09 35th Avenue, Jackson Heights, L. I., who died Sunday was held Wednesday at 10:15 a. m. from the Henry J. Bruck Funeral Home, 27 Smith Avenue, thence to St. Peter's Church where a Mass of requiem was offered for the repose of her soul at 11 a. m. by the Rev. William V. Reynolds. While the body reposed in the funeral home many relatives and friends called and many floral pieces and spiritual bouquets in the form of Mass cards were received. Tuesday at 7:30 p. m., the Rev. Joseph D. Ostermann and Father Reynolds called and led those assembled in the recitation of the Holy Rosary. Burial was in St. Peter's Cemetery where Father Ostermann gave the final blessing. The bearers were James Crawley, Robert Comstock, Charles Comstock, Theodore Riccobono, Edwin Crawley and Joseph Schrowang.

Ulster Politicos Visit Halcyon Park October 22

The three candidates for supervisor of the town of Ulster will attend a "Meet the Candidates Night" October 22, sponsored by the Halcyon Park Civic Association.

Participating in the forum will be Alexander Banyo, Republican candidate; Norman Hammond, Democratic candidate; and Carmen Sabino, Economy Party candidate.

The meeting will be open to all interested voters in the town of Ulster.

Bert Wolslegel, publicity chairman of the association, said the meeting will be held so that all voters may have the opportunity to meet each candidate and ask questions on the supervisor's office and town gavernment.

Time and place of the forum will be announced at a later date, Wolslegel said.

Near Air Collision

DALLAS (AP)—Hotelman Conrad Hilton and 12 members of Thailand's Parliament reported a near collision in air with two refueling military planes Wednesday.

Capt. Guy Stratton, their American Airlines pilot of 23 years' service, said he had made a 90-degree bank over Wink, Tex., to avoid a collision with a KC97 tanker and a B47 jet bomber.

He said the airliner was at 15,000 feet in a lane directed by air traffic control.

The hotel magnate was obviously shaken.

"It seemed to me like we were only 150 feet from the refueling planes," he said.

Cases Are Settled In Supreme Court

Although 23 civil actions on the October Supreme Court calendar have been disposed of since Justice Donald S. Taylor opened the term Monday, there have been cases moved for jury consideration. Several settlements have been reached among litigants at chambers in addition to cases announced settled on the calendar call.

The Grand Jury, Howard Basten of Kingston, foreman, and Audrey Wilma Hayman, Kingston, acting foreman, has been organized and is functioning.

Among the cases which have been settled are:

Philip Franciamore against Rosario Vaccaro and another, negligence. Michael Nardone for plaintiff and Arthur B. Ewig for defendant.

Muriel DePasquale against Peter Fisher and another, automobile negligence. N. LeVan Haver for plaintiff and Cook and Cook for defendant.

Anthony Frank Frederico against Thomas Amato, automobile negligence. Michael Nardone for plaintiff and Cook and Cook for defendant.

Sam Yonnone against Thomas Amato, automobile negligence. Michael Nardone for plaintiff and Cook and Cook for defendant.

Hiland M. Atwater against Charles H. Gaffney for plaintiff and Arthur B. Ewig for defendant.

Felix Wyszomirski against Leonard Sweeney, automobile negligence. L. F. Francello for plaintiff and John J. Mulvey for defendant.

Cairo Improvement Co., Inc., against John Cebula and others, breach of contract. Taub, Weiss and Rosenstein for plaintiff and Carter and Conboy for defendant.

Dominic Giamportone against Benjamin Rothman, negligence. William M. Gruner for plaintiff and Cook and Cook for defendant.

Donald E. Wager and another against Jennie H. Genther, negligence. Rosen and Rosen for plaintiff and Casper B. Ughetta for defendant.

Rose Minntolo against Eugene Coupart, automobile negligence. Roy L. Featherstone for plaintiff and Flood & DeCaro for defendant.

William F. Dobbertin against Major Charles Hunter, automobile negligence. Roy L. Featherstone for plaintiff and Flood & DeCaro for defendant.

Wayne John Arnold, etc., against Rupert V. Frazier, negligence. Philip Korn for plaintiff and Cook and Cook for defendant.

Elsie J. Gleason against City of Kingston, and others. Michael Nardone for plaintiff and William A. Kelly and Cook and Cook for defendants.

William Judge and others against John Bloomer and others, automobile negligence. Michael Nardone for plaintiff and Earl S. Jones for defendant.

Ethel H. Ricker and another against Arnold Meyers, personal injury and property damage. Samuel B. Weingard for plaintiff and Tropp and Steinbock for defendant.

John Getler and others against Mariath Schmid, automobile negligence. Kenneth M. Osborne for plaintiff and Cook and Cook for defendant.

Louis B. Siegel against Andrew Panciullo, automobile negligence. Kooperman and Kooperman for plantiff and Flynn and Gibbons for defendant.

Hiland M. Atwater against Martin Clearo and another, automobile negligence. Charles H. Gaffney for plaintiff and Cook and Cook for defendant.

Nathan Boxer against Frank Palmfrone and another, automobile negligence. Koopermann and Kooperman for plaintiff and William F. Stanton for defendant.

Sadie Reiter and another against William Crawley, automobile negligence. Kooperman and Kooperman for plaintiff and Donald D. Gulling Jr. for defendant.

Frank J. Woinoski against Thomas Van Etten Jr., and another, automobile negligence. Matthew A. Weishaupt Jr., for plaintiff and Cook and Cook for defendant.

Ellen Braunstein and another against Augustin Vasquez and another, automobile negligence. Levy, Hartman and Perkal for plaintiff and Gross and Peters for defendant.

Charles J. Danosky and another against Ruben R. Metcalf and another, trespass. Rusk and Rusk for plaintiff and John J. Mulvey and John G. Moore for defendants.

Brooklyn Teacher Acquitted of Charge

NEW YORK (AP) — A Brooklyn substitute high school teacher was acquitted today on a charge of loitering for prostitution.

Blonde Virginia McManus, 25, the teacher, was one of five women arrested Oct. 2 in what police called a $50 and $100 a date call girl operation in a fashionable apartment house.

One other woman was acquitted, two were convicted and a verdict was deferred in the case of the fifth defendant.

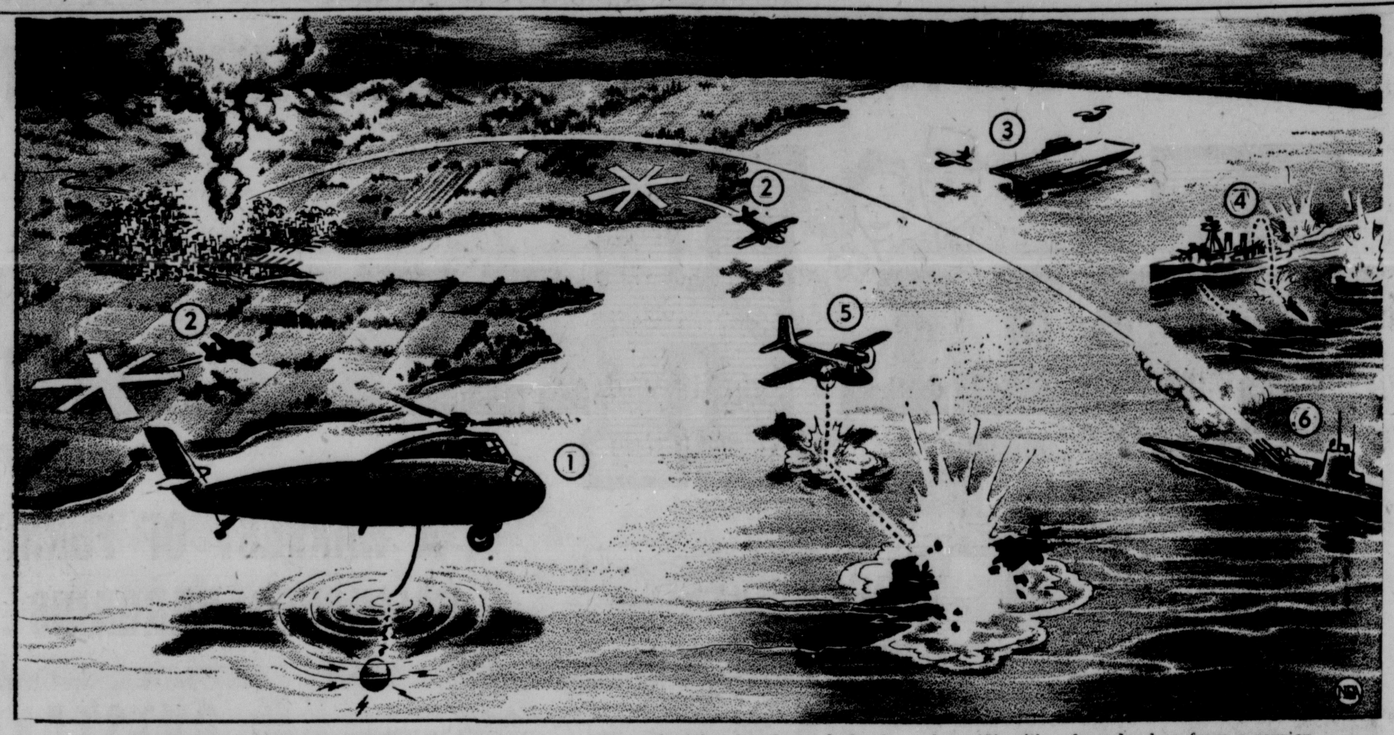
Magistrate Hyman Bushel in women's court cleared Miss McManus after hearing testimony that she was arrested in a corridor of the building and not in the raided apartment.

Dr. John B. Theobald, superintendent of schools, said after the acquittal she would be called before a committee of school officials soon "for the purpose of determining her furture status." She had not been reporting to school since her arrest.

Mrs. Beatrice Garfield, 27, described by police as the madam of the place, was convicted on a procuring charge. Bonnie Gold, 28, was convicted of loitering for the purpose of prostitution. Jo Moore, 28, was acquitted of the same charge.

A verdict concerning Connie Desmond on a loitering charge was deferred after defense counsel said she might be less than 21 years old and, if so, should be tried in a different court.

Sentencing of those convicted was set for Oct. 14.



SEA BATTLE OF THE FUTURE?—Since the advent of atom-powered submarines and sub-launched missiles, many military strategists warn that America's greatest danger lies in a sudden nuclear attack from the sea.

In order to counter this possibility, a number of antisubmarine weapons have been devised. Tracking exercises in both the Atlantic and the Pacific are continuously being carried out in order to improve their use.

Artist's drawing above, with perspectives compressed for clarity, envisions the actions that could take place in an undersea attack, based on information that has been declassified.

One of the most important defensive weapons is the helicopter. In the scene above (1) it has picked up the sounds of a submarine pack by means of the sonar device trailing from it.

Land-based planes (2), a carrier (3) and a destroyer (4) are called to the area. Depth charge explosions can be seen in the wake of the destroyer, while both a conventional torpedo and one fired into the air by rocket seek out a sub. Locating another sub, a tracker plane (5), either from land or from a carrier, drops a homing torpedo which scores a kill.

But one sub (6) has eluded detection long enough to surface and fire a nuclear-armed missile, in this case a winged, nonballistic type. Perfection of a ballistic missile capable of being fired underwater will greatly increase dangers of submarine effectiveness. Also in development are submarine vs. submarine weapons and tactics.

In this drawing, one city has been hit. The outcome of battle is still in doubt, although, as of today, the odds favor the attacker.

HIGH FALLS NEWS

HIGH FALLS — Reformed Church, the Rev. Roy P. Adelberg, pastor — Services; 8:50, Sunday school worship service and class instruction including the Pastor's Bible Class; 9:40, Nursery; 9:45, morning worship service and sermon entitled "Stubborn Faith."

There will be a food sale Saturday, Oct. 11, beginning at 11 a. m. at the corner of Lucas Turnpike and Route 213 at Van Wagenen's Corner under the auspices of the American Legion Auxiliary of the Town of Marbletown Post, 1512.

On Friday, Oct. 3, Mrs. Carl Speakman Sr. entertained at a birthday party in honor of the fourth birthday of her son, Carl Jr. Guests were Regina and Georgann Coddington, Anne Marie Petrone, and Joseph and Donna Marie White and their mothers, the Mmes. Lawrence Coddington, Anthony Petrone, Joseph White. Games were played and refreshments were served.

Anyone interested or willing to act as a Girl Scout or a Brownie leader is urged to contact Mrs. Lawrence Coddington. Help is needed in this worthwhile cause if the local girls are to have the advantages of scouting.

School will be closed Monday, Oct. 13 for the Columbus Day holiday.

Ladies Auxiliary of the Stone Ridge Fire Company will meet Tuesday evening.

Mr. and Mrs. John Barman are receiving congratulations on the birth of a daughter, Laurie Jeanne, born last week.

Mr. and Mrs. James Gillispie and Mr. and Mrs. Oliver Bogart and family called on Mrs. DeForest Bishop Saturday evening.

The covered dish supper and booster night held at the Grange Monday was well attended. Ross K. Osterhoudt was master of ceremonies. Don Barringer accompanied the Misses Dolore and Vivian Every who sang several selections. Mr. Osterhoudt presented the National Grange awards for the sewing contest. Mary Browne won second place and received a gold watch and pin and earring set, her sister Ellen, was in 8th place and re-is,Mw?
ceived honorable mention. Mrs. Ethel Mack won the 57 and 58 award for service and hospitality, of which she is chairman county-wide. One Golden Circle couple was present, Mr. and Mrs. Festus Yeaple who will soon celebrate their 53rd wedding anniversary. Newcomer badges were give to Mr. and Mrs. Edward Green and family.

Vernon Barnhardt spoke on the achievements of the Mt. Tremper Grange. During the presentations Mrs. Emily Chadbourne received the Granges citation and celebrity award. Mr. Osterhoudt spoke on Mrs. Chadbourne's untiring service and culture to the welfare of the community. A bus load is expected to go to Saratoga to receive the 6th degree the latter part of the month.

The Kingston Area Ministerial Association held its retreat at the home of Mr. and Mrs. Lansing Hunt Monday. The following officers were elected: the Rev. Ralph Hughes, pastor of the Trinity Methodist Church, Kingston, president; the Rev. Oscar Jensen, pastor of the Ponckhockie Congregational Church, Kingston, secretary and treasurer.

Warren Drew has returned home from the hospital where he was a patient.

Saturday evening Oct. 11, there will be a round and square dance at the Stone Ridge Grange Hall. Dancing from 9 until 1 to the music of Don Barringers band. Refreshments will be served and the public is invited.

State May End

that it keeps from children and impressionable adults movies that could trigger crimes involving sex or violence or that could stimulate immorality.

Opponents say that censorship is alien to American traditions.

The argument is largely academic as far as the average moviegoer is concerned. If censorship were ended, exisiting penal laws would come into play to control what was shown in public theaters.

Exhibitors who tried to show obscene films would be subject to the same arrest-and-trial procedures as control distribution of obscene books or magazines.

The motion-picture division reviews about 1,600 films a year.

Only a few are disapproved. Most of the disputed films are foreign-made and not subject to the self-imposed code of standards of the U. S. movie industry.

Judges are divided on censorship. But there has evolved in recent years a trend in which courts ultimately have ruled against the motion-picture division in major cases more often than not.

A state legislative committee studying dissemination of obscene matter complained last month that it had become increasingly difficult to win court support for suppressing material considered offensive.

The censorship law provides that the motion-picture division may ban, by refusing to license, any movie that is "obscene, indecent, immoral, inhuman, sacriligious or of such character that its exhibition would tend to corrupt morals or incite to crime."

In 1950, the Court of Appeals upheld a ban on the film, "The Miracle." Roman Catholics had protested bitterly against the movie, which was the story of a peasant girl seduced by a stranger she claimed was St. Joseph.

High Court Hits Ruling

The state refused to license the film on the ground that it was sacriligous. But the U. S. Supreme Court declared forcefully: ". . . the state has no legitimate interest in protecting any or all religions from views distasteful to them."

"The Garden of Eden" was refused a license because of its nudist-camp scenes. The courts had a different view: "Nudity in itself and without lewdness or dirtiness is not obscenity in law or in common sense."

The man who is called upon to uphold the censorship law in the court tests says that a recent decision indicates a reversal in a trend toward adverse decisions.

Charles A. Brind, counsel to the education commissioner, cited a recent Court of Appeals decision upholding a ban on "Lady Chatterly's Lover." Chief Judge Albert Conway wrote the majority decision that the constitution was not "a license for corruption." The decision was 4-3.

Distributors of the movie have appealed. The U. S. Supreme Court once again will turn to the New York State censorship law.

Brind declined to predict what that court would do. He said it might decide that a 1954 legislative change to make clear the meaning of the word "immoral" in the law might satisfy previous court objections.

He would NOT rule out the possibility that the court might either declare the statute unconstitutional or further weaken it.

Survival Doubtful

There is a strong body of opinion that the New York State movie-censorship law cannot long survive as an effective control

This view gains added weight in the light of the present court's tendency to uphold, in many areas, individual rights over government controls.

Treasure Islands

The Caicos Islands, scene of searches for sunken treasure ships, lie in the southeastern Bahamas, north of Haiti and the Dominician Republic.

Luther Burbank, famed horiculturist, was born in 1849 at Lancaster, Mass.

Tokyo Claims Highest Tower

TOKYO (AP)—Engineers today hoisted a 15-ton, 82-foot antenna to the top of Tokyo's rival to the Eiffel Tower, bringing the soaring structure to a total height of 1,09^ feet.

The Japanese claim their steel tower is the highest of its type in the world, the Eiffel in Paris rising only to 984 feet. It is 1,472 feet to the tip of the TV antenna on New York City's Empire State Building, but that one has considerably more to hold it up.

The Tokyo Tower is 262 feet square at its base and is costing about seven million dollars. It will have a glass observation tower below the top antenna, a restaurant at the 400-foot height and a five-story TV studio t the base.

Deputy Tax Collector Pleads Innocent Today

SYRACUSE, N. Y. (AP) — A deputy state tax collector was free in $2,500 bail today after pleading innocent to a charge of second-degree grand larceny in the alleged theft of state tax funds.

Harold F. Moyer, 52, was arrested late Wednesday. He was identified by Dist. Atty. Arthur W. Wilson as the senior tax collector at the Syracuse office of the State Dept. of Taxation and Finance.

The charge accused Moyer of "withholding and appropriating for his own use $166.12" on March 27, 1958. The district attorney's office said the money was collected on a delinquent tax account.

Moyer was discharged Oct. 2 after a civil service hearing. He joined the tax department in 1953.

Wilson said state auditors have not completed their examination of books at the Syracuse office.

Moyer was arraigned Wednesday in police court.

Retirement . . .

fits. His years of retirement, he said, will be spent in building houses. He has, through the past several years, assisted with the construction of five homes, all of which have been sold.

The board authorized the purchase, for equipping patrol cars, of a 50-foot coil of three-eighth inch rope, blankets for use in accident cases, and first aid kits. It also authorized purchase of a 50-foot coil of half-inch rope to be placed at headquarters in the event of an emergency, and three Halligan tools, designed for emergency entrance to buildings or vehicles where persons might be trapped, or where entrance is required for other reasons. It will be the first such equipment used in the cars.

At its regular meeting Oct. 16 the board expects to discuss the possible purchase of one or more Scott-Pak oxygen units. Other equipment will be discussed "from time to time."

All commissioners, the mayor, and Corporation Counsel William A. Kelly attended the meeting, which was called at the request of Detective Brophy.

State Will . . .

talk with Commissioner Mauhs, I shall be glad to discuss this with you personally, if you wish."

Ulster County, said the Governor, "is a forest preserve county, within District 6 of the State Park Regions, administered for park purposes by the conservation department. Woodland Valley Campsite is located in Ulster County; one of four campsites operated by the conservation department in the Catskills."

"During the last four years," he wrote, "820 acres of forest preserve land have been purchased in Ulster County by the conservation department at a cost of $15,412."

Points to $298,906

"You also have, of course, the famous Belleayre Mountain ski center, another conservation department operation. During the past three fiscal years under my administration, a total of $298,906 has been appropriated in capital construction money alone for improvement at Belleayre. This is in addition to maintenance and operations money from which is paid the payrolls and other operating expenses of Belleayre. Only one other county in the state had a higher capital construction allotment for recreation."

The mayor had proposed that swamp land in the Kingston Point area be reclaimed by filling the land with the dredgings from the river in the proposed deepening operations.

Mayor Pleased

"I am most pleased to receive such an early and favorable reply to my inquiry," the mayor said today. The suggestions I have made must have some merit because many of our city residents have phoned to say they think it is an excellent idea to reconstruct the Point and stimulate recreation facilities elsewhere in our county where there is a noticeable absence of them."

The mayor said he was concerned with the proposal for some time and he recalled his message in January in which he said he would "press for maximum cooperation from the state agencies concerned with recreational developments so that several possible areas within our city and throughout the county of Ulster may be developed."

Hospital . . .

the Chest and the more than 700 volunteer campaigners are proud of those employe groups that do achieve this signal honor."

Others Making Progress

Kalish also added his praise to the achievement of the hospital employes. He pointed out that there are several other concerns in the area "which appear to be on the verge of winning one of these permanent honor awards if their on-the-job campaigns continue at their present pace." He added that he hoped they would be able to report their success to Community Chest headquarters within the next day or two at the most, for the inspiration that comes from the announcement of a new plaque winner helps us all in carrying out our jobs to aid these ten Community Chest agencies."

The drive for $128,651 now stands at a little over 30 per cent of the total needed, with a tally yesterday noon of $40,175.33 already in hand.

Division Reports Made

Reports from each division made yesterday were these:

Business and Industry—Chairmen, Richard A. Stewart, W. Henry Haltermann, Robert J. Dalton; Quota, $83,000; previous, $22,161.50; today, $3,324.41; total $25,485.91; per cent of goal, 30.7.

Special Gifts—Chairmen, William E. Rylance and G. Herbert DeKay; quota, $16,500; previous, $3,809; today, $2,088; total $5,897; per cent of goal, 35.7.

Commercial Division — Chairmen, Chester A. Baltz Jr. and John R. Shults Jr.; quota, $10,500; previous, $3,527.80; today, $1,224.02; total, $4,751.82; per cent of goal, 45.2.

Professional — Chairmen, Dr. Herbert Derman, N. Jansen Fowler and Dr. Stephen McGrath; quota, $9,000; previous, $725.60; today, $735; total, $1,460.60; per cent of goal, 16.2.

Government—Chairmen, Oscar V. Newkirk and William F. Edelmuth; quota, $1,200; previous, $143; today, $8; total, $151; per cent of goal, 12.5.

Education—Chairman, William R. Reardon; quota, $2,600; previous, $761; today, $428; total, $1,189; per cent of goal, 46.

Labor participation — Chairmen, Mrs. Rita Baker, George E. Yerry Jr., Thomas Mitchell, and Stephen Gill; quota open, previous, $1,185; today, $40; total, $1,225.

Total—Quota, $128,651, previous, $32,327.90, today, $7,847.43; total, $40,175.33; per cent of goal, 31.2.

Hearing on Police

illegally passed over in making appointments from a civil service eligibility list.

It is held that several appointments have been made illegally and that the city treasurer consequently has been making illegal payments of salaries to those patrolmen.

Respondents listed besides the mayor are Commissioners Henry Singer, Robert S. Evory, Lawrence A. Quilty and Henry P. Eighmey of the police board; Philip F. McDonald, Thomas J. Finnerty and Mrs. Rose Hogan of the Civil Service Commission, and Orrie R. Riehl, city treasurer.

Cahill contends that five men were appointed patrolmen in June—Nos. 2, 4, 5, 6, and 7 on the list. Nos. 1 and 3 were passed over, he claims. He claims that subsequent appointments also passed over eligible candidates in violation of Civil Service regulations.

Protestant, Jews

lege of having lived in his presence."

Loss to All: Rockefeller

Republican gubernatorial candidate Nelson A. Rockefeller said "all men everywhere who believe in God, regardless of their rites of worship, have suffered a loss in the death of Pope Pius XII."

Rockefeller added: "This gentle, great priest . . . filled hearts with courage and hope and inspired souls with a more sublime faith in God during a tragic era in which the peace and welfare of the world never were more dependent on spiritual strength and never more assailed by ideological deception. . . . This humble man became a voice of the world's conscience while the tyrants passed ignominiously on to the bar of final judgment."

Farley Speaks of Visit

Former Postmaster General James A. Farley, a leading Roman Catholic layman, said in New York City:

"The announcement of the death of his holiness . . . has deeply shocked and saddened my family and myself. . . . Mrs. Farley and I first met him in 1933 when he was papal secretary of state. . . . I also was favored by many personal conversations ith him. . . . Pope Pius XII was undoubtedly the greatest spiritual leader of our time, and the impact of his influence for what is good is recognized by this generation and will be felt by all generations to come."

Canal Tolls

Toll rates for the Panama and Suez canals are fixed on deadweight tonnage, the standard measure of a ship's capacity. Rates are the same whether the ship carries oil or sand.

Aids Its Glide

A fold of skin on either side, extending between the front and hind legs, enables the flying squirrel to glide for long distances.

... the word's out ... the whole town is talking about the greatest showing of jackets and coats for Fall and Winter in YALLUM'S 44 year history of bringing you VALUE PLUS QUALITY.... It saves you more....

. . . at YALLUM'S, you'll find SUBURBANS treated in many fabrics — wools, corduroy, sturdy twill, the iridescents. . . . Linings are pile or wool quilted. . . . TOGGLES, too, are shown in this same manner with optional hoods to match. . . . They come in a variety of lengths too. . . .

. . . at YALLUM'S, if a SURCOAT is your preference, we have the huskiest, weather-wise jackets we've ever had. . . . They're toast warm and at VALUE PLUS money-saving prices. . . .

. . . and YALLUM'S features many fabrics made up in SHORT JACKETS, too. . . . Leathers in steer or horsehide, suede, cabretta, and wool, gab and corduroy with a variety of linings from milium to Orlon piles. . . . All at VALUE PLUS prices. . . .

. . . and at YALLUM'S there are all sorts of WORK JACKETS, too. . . . Jumpers, tanker styles, N-1 Coats, Parka, etc. . . . Hard wearing, warm and economical, too. . . .

. . . and the boys get into the act at YALLUM'S, too. . . . The rage of the school set is the TOGGLE COAT . . . and we have them in solid and striped wools, corduroy, strong water repellent twills, etc. . . . All made to keep that important gentleman warm. . . . YALLUM'S SUBURBANS in quality fabrics will keep the young man happy, well dressed and warm. . . . See solids, stripes, tweeds and other fine treatments. . . .

. . . and YALLUM'S can show you the new well-knit look in BOYS' COATS as well. . . . They're handsome corduroy creations. . . . Many other new and exciting coats, that will capture a young man's fancy. . . .

VALUE PLUS QUALITY SAVES YOU MONEY

* PLEASE NOTE: These are just a few illustrations of our extensive selection. We invite you to come and see with your own eyes . . . and to save more money thru YALLUM'S VALUE PLUS QUALITY policy.

Financial and Commercial

NEW YORK (AP) — The stock market was irregular with a slightly lower tendency early this afternoon. Trading was moderately active.

Gains and losses of key stocks ran from fractions to about a point.

It was the second uneven session after the market's sustained climb to a series of record peaks. The pattern was mixed from the start when there was a spate of heavy trading. Turnover fell to a rate a bit slower than Wednesday.

Copper stocks shaded off. Rubbers, tobaccos and drugs maintained a narrow edge to the upside.

The industrial section was generally lower while rails and utilities held their own. Motors and oils showed minus signs. Steels, chemicals and aircrafts were mixed.

The market action ccurred at a level in the averages where Wall Street analysts had anticipated resistance.

Chrysler was easy as the firm reported 10,800-men idled at six plants due to walkouts. General Motors and Ford were down fractionally, as was American Motors.

Lorillard halved an early one-point rise.

Du Pont fell more than a point. Union Carbide and Air Reduction were off about a point. U.S. Steel and American Telephone moved up bit. International Paper added a fraction to a 1¾ jump Wednesday.

Long-term U. S. government bonds declined.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall Street, New York City, branch office, 41 John Street, R. B. Osterhoudt, manager.

THE GREEK WAY — Juvenile delinquents, heads shaven and carrying sign listing offenses, are paraded through Athens street in an attempt to stem hooliganism.

DO YOU REMEMBER

By SOPHIE MILLER

Why is it that something old is so exciting nowadays. Just show somebody an old catalogue with pictures and he wants to read everything out loud. I have seed catalogues from the 1890's with beautiful pictures. They knew how to grow tomatoes, in those days too and beautiful flowers. Right now have a 1910 Sear, Roebuck & Co. Chicago, Ill. catalogue and am on page 1150. A lovely lady in a feather-plumed hat with mutton-sleeves and very long wide skirt is driving a Sears Motor Buggy priced at $395. It has all speeds from 1 to 25 miles per hour. "A child can run it, speedy, economical, noiseless, durable and safe," the advertisement reads. The price above includes, rubber tires, timken roller bearing axels, top, storm front, three-oil-burning lamps, horn and one gallon lubricating oil. Nothing to buy but gasoline. Strange to say, if one of those motor-buggies were found today in excellent shape they would sell on the antique market for several thousand some of the experts tell me. It seems, that antique autos and lamps and accessories are big business today with Museums all over the country. I understand that cars should be 1927 or older to appeal to the antique car buyer.

In this model the wheels look like regular wagon-wheels for a buggy. It says about them, "We found that a wheel about 36 inches in height was the proper height to give the road clearance necessary and to give the most satisfactory service and the least vibration." They also found that the double chain drive from the rear wheels the best for their car as it was used on heavy, powerful automobiles and automobile trucks.

They tell about the Automobile Show in Chicago held February, 1909, that the car that won the last Vanderbilt Cup for making the fastest time was built with a double chain drive. They further say, "No ordinary buggy is built to stand the racket and strain given it when machinery is attached." At the beginning of the auto age, the bicycle men and carriage makers did a lot of the work and they were used to a horse-drawn or man-pedal affair and so it seems Sears made a special carriage that could withstand vibrations of an engine.

The item further reads: "We have made no attempt, to build a high speed or a high powered car. We do not believe that the average man desires to go whirling through the country at 40 to 50 miles an hour . . . our car is good for every day use in the year over rural or city roads; a car that will climb the hills and go over any of the roads that ordinarily are found in this country. We have tested our Sears Motor Buggy in different sections of the country, through sand, through mud, up hill and over all kinds of roads." They further say, "Our only terms are cash; we do not sell on installments or extend credit."

This car weighed about 1,400 pounds and was crated at the factory from where it was shipped. It further says. "The car is steered with a steering post and handle on the left side of the car . . . we have found that the steering post and handle bar is far better than the wheel type. That is the reason all fine electric cars built for ladies use the steering lever. The seat is surrey size 37 inches across the top of cushion; upholstered with leather. Seat cushion is removable, so that gasoline tank can easily be filled. It was handsomely painted glossy black with "rich blood red carmine" trim.

Livestock Prices

BUFFALO, N. Y. (NYSDA) — (AP)—Closing livestock. Receipts not furnished.

Steers and heifers: No salable receipts. Dairy type slaughter cattle: Demand active for top grades, market fully steady. Firmer unand standard cows 18.00-19.50; few dertone indicated. Commercial beef type up to 20.00; utility and cutters 15.00-18.00; canners 12.00-14.50 and some shelly kind below; fat yellow cows 14.00-16.50; commercial dairy heifers 20.00-22.00.

Calves: Demand active, market steady. No prime here. Choice 36.00-37.00; good to choice 33.00-35.00; medium and good 27.00-32.00; heavy bobs 22.00-25.00; light bobs 21.00 down.

Hogs: Demand active, market steady to 50 cents lower. U. S. No. 1-3 butchers 180-230 lbs 20.00-21.00; 230-290 lbs 19.00-20.00. Good and choice 300-600 lb sows 15.50-17.50; boars and stags 11.00-13.00.

Sheep and lambs: Demand moderate, market firmer and mostly 50 cents higher. Prime ewe and wether lambs 24.50; good and choice 23.50-24.00; cull and canners 3.00-5.00; bucks 5.50-6.00.

Egg Market

NEW YORK (AP) — (USDA)—Wholesale egg prices were firm on large and steady on mediums and smalls. Receipts 13,000.

Wholesale selling prices based on exchange and other volume sales.

New York spot quotations, including nearby:

Whites—Top quality (48-50 lbs) 50-53; mediums 33-34; smalls 24-24½.

Browns—Top quality (48-50 lbs) 50-51; mediums 33-34; smalls 28-29.

Butter Prices

NEW YORK (AP) — (USDA)—Butter steady. Receipts 615,000.

Wholesale prices on bulk cartons (fresh).

Creamery, 93 score (AA) 60¾-61 cents; 92 score (A) 60¼-60¾; 90 score (B) 60-60¼.

Cheese steady. Receipts 60,000. Prices unchanged.

Rocky, Ave Differ

shoes after the election."

Frank S. Hogan, the Democrats' candidate for U. S. senator, also toured Brooklyn Wednesday, and planned to address a CIO meeting in New York City today.

Hogan's opponent, Rep. Kenneth B. Keating, concentrated his fire in Upstate New York.

Speaking at Geneva, Keating attacked what he called the "mid-1930 thinking" of Hogan, who is the Manhattan district attorney.

Keating told a group of GOP women that Hogan was "clinging to the issue of a recession from which we started recovering as long ago as last April.

Urges Housing Support

Harriman today urged approval of the three housing propositions to be submitted to referendum at the November election.

"The national administration has adopted policies totally inadequate to the housing needs of the nation," the governor said. "Thus it is more essential than ever that New York State carry on with these great programs."

Harriman made the statement in remarks prepared for groundbreaking ceremonies for Edgemere Houses, a 20-million-dollar, state-aided low-rent housing project in Queens.

Hits Lack of Leadership

Assemblyman Malcolm Wilson, Republican candidate for lieutenant governor, assailed Harriman in a speech prepared for delivery today at a Syracuse Press Club luncheon at Syracuse.

Wilson said:

"Basic state programs launched by Republicans have been seriously impaired because the Democrat-Liberal governor is inadequate to do his job and is forced to take orders from others, with the result that he has provided no leadership for the state."

Wilson said failure of the governor as a leader has meant increased borrowing for capitol construction instead of pay-as-you-go financing, highway construction far behind schedule, loss of industries moving out of the state, and an influx of gangsters for crime conventions.

Lauds Labor Record

Lt. Gov. George B. DeLuca, Democratic candidate for reelection, today praised the Harriman administration's labor record.

In a talk prepared for a statewide conference of the State CIO Council in New York, DeLuca said:

"The record of the present administration in Albany . . . in behalf of organized labor cannot be emphasized too often if the voters are to realize how much a Harriman victory means to our working men and women and their families. . . .

"Labor legislation has been improved despite a Republican majority in the Senate and Assembly which acted only when our fighting governor has made it politically impossible for them to hold back progress any longer. . . ."

UN Suspends Arms Debate

UNITED NATIONS, N.Y. (AP) —The U.N. disarmament debate was suspended temporarily today as efforts were made to find a compromise in an East-West procedural deadlock.

The point at issue was whether the 81-nation Political Committee would give priority to the suspension of nuclear tests, as the Soviet Union insists, or whether it would accept a U.S. proposal that this be lumped with other disarmament questions in a single debate.

Suspension of the debate was approved by a vote of 26-11 with 27 countries abstaining.

The United States sought support for a resolution countering Soviet and India demands for an immediate end to nuclear weapons tests.

SUCCESSFUL INVESTING...

by ROGER E. SPEAR
Investment Advisor and Analyst

ROGER E. SPEAR

Steels Discounting New Record Earnings When Recovery Is Complete

Q—R., California, writes, "I have money to invest, quite a bit at the present time. The big rise in the steel stocks has puzzled me. I have always liked these shares but hold none at present. Do you think there is any justification for present price levels and if so, would you mention some issues that are still reasonably attracive?"

A.—The big rise in the steels has puzzled many people, including some of the shrewdest analysts in Wall Street. Going solely by past standards, it is possible to rationalize a stock like Republic Steel selling at 17 times this year's earnings. Over a period of years, however, we generally find that the tape has a story to tell. The story in this instance, I believe, is closely linked to profit margin. These, of course, are the keys to earnings in any situation. We know that the steel industry has spent tremendous sums of money on new plant and equipment in the post-war years. This has been particularly true in the past three years. Bethlehem Steel alone has spent 1.35 billion dollars in extending and upgrading its operations since 1946.

One effect of these expenditures has been to increase capacity. Another, and at this time a more important result, has been to increase profit margins. This, I think, is what the stock market is trying to tell us. Enlarged capacity, improved and more efficient facilities, higher margins could spell higher profits than the industry has ever seen, when full recovery sets in. This is not entirely a matter of theory. Looking over my own studies on second quarter earnings, I found some significant figures. Bethlehem Steel in that period showed a 17 per cent increase in earnings over the first quarter, on a 1 per cent rise in sales. The reason? A gain in profit margins from 14.8 per cent to 16 per cent. During the same period, National jumped earnings 72 per cent on a 4 per cent sales rise. Its profit margin rose substantially. U. S. Steel had a similar experience, although on a lesser scale.

I'm not prepared to say that the present level of steel stock prices is fully justified. Only time will give the answer to that one. I do believe that any investor who can spread his risk is justified in making moderate commitments in good steels even at present levels. His commitments in this area seem to me to be no more risky than in any other non-defensive group at a time when the market generally is at a historic high. If you are prepared to assume near-term risk, your steel holdings may look very good to you a year or two hence.

Some Sound Steels Suggested

I like Republic Steel, which I mentioned earlier. Republic, according to its chairman, C. M. White, will cover its three dollar annual dividend this year by a comfortable margin after barely doing so in the first half. The company could earn $6 next year if steel operations get back to capacity, which is entirely possible. Republic yields 4.8 per cent on a dividend which now looks safe. Armco is another stock you might consider. This company acquired National Supply last year, which put it into the forefront in oil field equipment. Profit margins have been generally better than the industry average. The yield is 5 per cent on a $3 annual rate which should be covered this year.

Less known than either of the foregoing is Granite City Steel. The latter is located near the Mississippi River, across from St. Louis. This is a strategic location for supplying the St. Louis area, the Mississippi Valley and the Southwest. Granite City has spent 132 million dollars in upgrading its plant and equipment, and I look for a big earnings comeback in 1959. The stock yields 3 per cent on a well-covered dividend which should be increased next year. As a single purchase, I believe Granite City would be my favored selection.

(Send your investment questions to Mr. Roger E. Spear, care of this paper.)

Spellman Going to Rome

NEW YORK (AP) — Francis Cardinal Spellman is landing at the Azores Island today from the pilgrimage liner Olympia to fly to Rome to attend a conclave of cardinals to elect a new pope.

Same Plant

Chicory, whose roasted root is used to give body to coffee, is the same plant whose leaves provide endive for salads, according to the Encyclopedia Britannica.

Susan B. Anthony, woman suffragist, was born in Adams, Mass.

Highland

HIGHLAND — Mrs. Donovan Buehring, county chairman for the Association of Retarded Children, will be the speaker at the meeting of Chapter A, PEO Thursday afternoon, Oct. 16, at the home of Mrs. Clarence Rathgeb who is assisted by Mrs. William Plank, Mrs. Aartsen Van Wagenen, Mrs. Hubert Elting. Program chairmen are Mrs. Ethan Allen, Mrs. Albert Roberts, Mrs. Elmer Fisher.

Mrs. Peter Weyant will be hostess to the UD Society meeting Saturday afternoon.

Mr. and Mrs. Egbert Van Wagner, Miss Janese Van Wagner and George Van Wagner, Caldwell, N. J., spent Saturday with G. Hallock Mackey.

More than 50 persons attended the church family night supper Friday in the Presbyterian Church hall. The pictures shown by Mr. and Mrs. William Sears taken during their stay in the Yellowstone National Park, around Salt Lake City, the cave dwellers of the southwest, held an interested audience. Songs and games added entertainment.

The quarterly meeting of the local Council of Church Women will be held on the evening of October 14 at the Presbyterian manse.

Mr. and Mrs. John deRedon, Mr. and Mrs. Fred deRedon and son George, Essex, Conn., were callers Friday. Mrs. John deRedon is the former Miss Gertrude Feeter, a former resident.

A chicken barbecue sponsored by the Grange is to be held at the Grange hall Saturday night with Mr. Wood, Walden, as chairman. At the regular Grange meeting October 21 Howard Mackey and staff will install the officers for next year. On September 29 the degree team went to Clintondale to install officers of that Grange. Saturday night Highland Grange observed the annual Booster Night with 100 persons attending. A portion supper was served in charge of the Service and Hospitality committee. This was followed by a fair and auction.

Lloyd Rod and Gun Club are holding a barbecue and clambake Sunday with servings from 2 until 6 p. m. The chefs will be Thomas Phillips and Nat Gadaleto. The event will be held at the club house.

Mr. and Mrs. Bertram Cottine and two sons, Hicksville, spent the weekend with his mother on the North Road.

Mrs. Wayne Dunlap, Mrs. Jacob Schuhle, Mrs. Luther Filkins on Friday attended the sessions of the Newburgh district of the WSCS held in the Methodist Church, Liberty.

James Tortorella has taken over delivering the mail following the resignation of Fred Munger.

Vincent Jesionek Jr. is serving as part time clerk in the post-office.

22 Face Court In Swindle Case

HUDSON FALLS, N. Y. (AP)—Twenty-two persons, including two former policemen, were haled into court today as alleged members of a ring that bilked automobile insurance companies of about $60,000. Two of them also are alleged bank robbers.

Two others, also charged, were ill and could not be arraigned, the district attorney said.

There were a total of 106 indictments against the 24, accused of collecting insurance through fake accident reports frequently involving damaged cars for which insurance already had been collected.

Faces 105 Counts

Joseph V. Riley of Glens Falls, an insurance adjuster, was charged with 105 counts in 35 indictments, the largest number. Charges included grand larceny, conspiracy and filing of fraudulent claims.

All except one of the defendants live in this area.

Other key figures were:

Charles Caputo of Fort Edward, an insurance man and an automobile dealer, who was named in 12 indictments; his brother Henry, who is with him in the automobile business, named in 11 indictments, and Jerry Aurelia, chief mechanic at the Caputo garage, named in 19 indictments.

Three others in the Caputo family were named.

The two former policemen were Stanley Randall, who was on the Glens Falls force, and George Ronck, who was on the Saratoga Springs force.

Admit Robbing Bank

Dist. Atty. John Leary said Randall and Riley, the insurance adjuster, had admitted robbing the Fidelity Savings and Loan Assn., Pittsburgh, Pa., two years ago of $5,280.

Riley and Randall were taken into custody three months ago. Riley was picked up first, for questioning about an accident for which he was the adjuster. Leary said the pair later admitted the bank robbery.

Others in the Caputo family who were named in the insurance ring were:

James Caputo, who operates a body shop in Saratoga Springs; Elsie Caputo, wife of Henry, and Catherine, wife of Charles. Charles Caputo owns extensive property in Fort Edward.

Catherine Caputo was not brought for arraignment because she is in Albany Hospital, Leary said.

Leary said Carl Aurelia, Fort Edward bartender in a restaurant owned by Charles Caputo, also was ill and unable to be arraigned.

The two Caputo women are notaries public and are accused of taking false affidavits in connection with automobile accidents. Leary said the ring filed fake accident reports and damage claims.

A Washington County grand jury returned 40 sealed indictments against the ring earlier this week.

Troopers Make Arrests

Squads of state troopers moved into several communities after dawn today to make the arrests.

Others arrested:

Frank Vecchio and Richard Smith, Fort Edward; John Santa Croci, Glens Falls; Frank Pettys, Gansevoort; Donald Beatleston, Vincent Michellucci and his brother Carl, Stanley Messier, Raymond Marallo, all of Hudson Falls, Donald Lawrence, South Glens Falls, Hayden Jones of Buzzard Bay, Cape Cod, formerly of Granville.

Roger Havens, Dominick Arcuri and Murray Altizio, all of Fort Edward.

The defendants were taken to court for arraignment before Justice Paul Graves of State Supreme Court.

Their occupations vary from mechanic to construction worker and insurance man.

Charles Caputo is an insurance man, as well as a garage operator, tavern owner and real estate man.

Fire Police Hold October Meeting At Cords Hose

The Volunteer Fire Police of Ulster County were guests of John N. Cordts Hose Company, No. 8, Wednesday night for their October meeting. President Arthur Rice of West Hurley presided. The Rev. Henry M. Hansen, pastor of Ponckhockie Congregational Church and chaplain of Cordts Hose Company gave the invocation.

There were 40 members of the association present. Two new members were added to the roll, John Rodden and Wilford Ellsworth of the Esopus Fire Department.

Paul Bohm, chairman of the banquet committee, reported that plans were being made to make this an annual affair. No plans have been completed as yet but definite plans will be announced at either the December or February meeting. Present plans indicate the banquet for members and their wives will be held about April 19, but the date is not definitely fixed.

President Rice spoke on the advanced course for fire police. This course will be offered after the first of the year when Dennis Hurley, who conducted the fire police course last year will have the course prepared and be able to conduct the new course. This advanced course will be open to any fireman who desires to attend. The last course was a four-week, two-hour series and it has been suggested that the advanced course be a six-week course with 2½ hour sessions. I will probably be scheduled at the county court house.

Organization of bowling leagues was deferred until next year due to the lateness of the season.

Following the business session the Rev. Hansen spoke on "World Peace," after which the refreshment committee of Cordts Hose Company served refreshments.

7 Trial Justices Make Record in Disposing Of Negligence Actions

ALBANY—With reduction of calendars as their goal, the seven trial justices of the Third Judicial District have chalked up a record of one of the largest disposition of negligence actions in years, it was announced today.

Supreme Court Justice Kenneth S. MacAffer of Albany, who represents the trial justices of the Third Department on the state's Judicial Conference, announced that 3,269 cases were disposed of in the seven counties of the Third District in one year.

Big Cut in Calendar

In Albany alone, the Judges of the District disposed of 1,451 cases in the past year, with the result that the September printed calendar was the smallest in 20 years.

When the term opened, September 3, the number of cases remaining on the printed calendar totaled 647.

"This smallest printed calendar in 20 years was the result of year-around united effort of all the Supreme Court Justices of the Third Judicial District to relieve calendar congestion by pre-trial conferences and other methods," said Supreme Court Justice Isadore Bookstein, who presided at the September term.

He observed that the calendar-reducing record was achieved despite the fact trial terms are conducted for 10 months of the year. There are no trial terms in July and August.

Ulster in District

The seven counties in the district are Albany, Rensselaer, Greene, Schoharie, Columbia, Ulster and Sullivan Counties.

Trial Judges of the Third Judicial District's Supreme Court are Justices Harry E. Schirick of Kingston, Roscoe V. Elsworth of Port Ewen, Isadore Bookstein of Albany, Donald S. Taylor of Troy, Kenneth S. MacAffer of Albany, Herbert D. Hamm of Troy, and William Deckelman of Jeffersonville. The two other Supreme Court Justices of the District are assigned to the Appellate Division of the Supreme Court, Third Department. They are Presiding Justice Sydney F. Foster of Liberty and Francis Bergan of Albany, associate justice.

Data on Albany

The 1,451 cases were disposed of in Albany County as follows:

Number of cases on printed calendar August 1, 1957 totaled 759. Added to the supplemental unprinted calendar were 1,339 cases, making a total of 2,098 on the printed and supplemental calendars. Disposition of 1,451 cases during the past year left 647 cases on the printed calendar as of August 1, 1958.

"It should be noted," said Justice Bookstein, "that while cases are added 12 months a year, trial terms are conducted 10 months a year."

The September, 1957, printed calendar contained 759 cases, representing all cases undisposed of and pending in Supreme Court, Albany County on August 1, 1957. Segregated into departments, the September, 1957 calendar consisted of:

General Calendar, 105; Deferred Calendar, 601; Equity Calendar, 20; and Military Reserve Calendar, 33; total, 759.

The September, 1958 calendar of 647 cases includes:

General Calendar, 163; Deferred Calendar, 440; Equity Calendar, 23; and Military Reserve Calendar, 21.

The net decrease from August 1, 1957 to August 1, 1958 was 112 cases. In other words, 112 more cases were disposed of in Albany County in that period than the balance remaining on August 1, 1957 plus the 1339 new cases added in that period.

The September, 1938 printed calendar for Albany County contained 629 cases. The September, 1958 printed calendar for Albany County contained 647 cases.

"In other words," continued Justice Bookstein, "we have practically the same number of cases on our September, 1958 printed calendar, as we did 20 years ago, despite the tremendous increase in volume of intake of cases during that period as a result of the heavy increase in the number of motor vehicles and resultant accidents."

Seven-Year Figures

The following table shows the printed calendar situation for the past seven years: 1952, 1,733; 1953, 1,967; 1954, 1,971; 1955, 1,537; 1956, 1,439; 1957, 759; 1958, 647.

During the 1957-58 past year, there were total dispositions of 1,818 cases in the six other counties of the district as follows: Columbia, 136; Greene, 97; Rensselaer, 818; Schoharie, 83; Sullivan, 334; Ulster, 350.

175 Millionth U. S. Resident Due Oct. 16

WASHINGTON (AP) — The big census clock will tick off the 175 millionth American Oct. 16 at just about 11 a.m. (EDT).

The gears, dials and flashers of the automatic counter in the Commerce Department lobby provide an approximation of the population at any hour of the day.

Speed Summons Given

A summons, charging speeding, was issued to Joan M. Nolan, 22, of 62 Clermont Street, Saugerties, early today. She is due in night court Tuesday.

Centigrade and Fahrenheit thermometers read about the same at 39 to 40 degrees below zero.

TV SPECTACULAR — It's no western drama or murder mystery that is showing up on the screen in upper left. What is being watched is a medical break-through. A newly developed X-ray machine for the first time allows an entire internal organ to be viewed as it functions, in this case a heart. Technician Bob House and a model, Erma Bowersock, demonstrate the machine in Cleveland, Ohio.

It was 3 o'clock in the morning during a heavy snowstorm when the doctor was called out urgently, but examination of the patient proved it to be a trifling ailment.

Doctor—You had better send for your lawyer and minister also, (as he snapped his case shut).

Patient—Oh, am I that ill, doctor?

Doctor—No. It's just that I don't want to be the only one dragged out of bed on such a night for nothing.

Enough wit places one above his equal; too much of it lowers him to the rank of mere entertainer.

* * *

Women can never be as successful as men. They have no wives to advise them.

* * *

At the convention for college presidents several of the delegates were discussing what they'd like to do after retirement.

First—I'd like to superintend an orphan asylum so I'd never get letters from parents.

Second—As for me I'd like to be warden of a penitentiary so I'd never have to welcome back the alumni.

Third (sighing)—I'd like to conduct a correspondence school so that I could blame any lack in my students' education on the mails.

* * *

By resolutely resisting temptations to have a little fun now and then, the habit of systematic saving is formed, so that, after 25 years, perhaps, you will have enough money to invest it in something, and lose it all in one lump.

* * *

A British lord was greatly interested in the attempts that have been made from time to time to find petroleum in Britain.

One day an engineer at one of the English "bores" sent him along a sample of crude oil and asked him to have it analyzed. A maid was called and told to take the bottle to an analytical chemist. The girl put the bottle down on the shelf while she went to put on her hat. A few days later this British lord received a telegram: "Congratulations. Your fortune is made. You have struck paregoric!"

* * *

A frightened householder reported to the police that he'd been struck down in the dark outside his back door by an unknown assailant. A young policeman was sent to investigate and soon returned to headquarters with a lump on his forehead and a glum look on his face.

Young policeman—I solved the case.

Superior (complimenting him)—Amazingly fast work. How did you accomplish it?

Young policeman—I stepped on the rake, too.

Largest Bird of Prey

The golden eagle, largest of birds of prey trained for falconry, often attacks antelopes, wild goats and wolves. It gets its "golden" name because at the age of about four years its feathers change to a golden brown.

Why We Say--

FOR HANGING COATS: The ledge over the fireplace in modern homes is called the mantlepiece because of its former use in Italy. The ledge was a rack where people would hang their outer garments (mantles) on rainy days to dry off by the fire.

209 Group Sets Meeting Tonight

The Route 209 Improvement Association will meet at 8 p. m. today in the cafeteria of the Marbletown Central School, Stone Ridge.

Albert C. Kurdt, manager of the Kingston Area Chamber of Commerce, a director of the association, said the public was cordially invited and urged to attend and participate in the discussions.

Reports on the progress of the efforts to obtain action to improve Route 209 from Kingston to Port Jervis will be presented.

Commitments to improve certain parts of the highway have already been made. One of these is the section (six or seven miles) from the Ulster County line to Wurtsboro.

One of the sections not included in improvement plans is that part of 209 which runs through the Town of Marbletown.

Sidney Sinnick, president, will preside. Alex T. Embree Jr., a director, will attend from Kingston.

Grand Jury Is Topic at Rotary

The grand jury system, which is many centuries old and which is incorporated in the United States Constitution and the state constitution, was discussed by Assistant District Attorney John L. Larkin before the Kingston Rotary Club Wednesday at its weekly luncheon-meeting.

The deliberations of the grand jury are secret and the law enforces such secrecy and no grand juror or publication may divulge information of the deliberations without becoming criminally liable, he stated.

The grand jury has great power and it is their duty to inquire into all crimes committed or triable in the county and to present them to the court. However, the district attorney pointed out, the assistant district attorney pointed out, the grand jury's indictment carries no evidence of guilt. It means only that the grand jury's function is to hold people for trial or refuse to do so on the basis of evidence presented.

Explaining action of the grand jury, Attorney Larkin related circumstances surrounding the appearance of persons before that body, which must consist of not less than 16 and not more than 23 persons.

Certain defined duties of the grand jury were outlined by the speaker in his informative and enlightening talk. The assistant district attorney was presented by Sam Pepper, program chairman.

RUMPLED STILT KID—Carefully manipulating her waterlogged stilts, 12-year-old Gillian Caulfield walks through a flooded street in Wickford, England. Heavy rains pounded the town, forcing hundreds of homes to be evacuated.

3-STAR HEATILATOR FIREPLACE

Now see the 3-Star Heatilator Fireplace with the new Pressure-Seal Damper. Designed especially for the modern home, it's the only fireplace that gives you all 3 of these features:

★ Circulates Warm Air—warms all the room—even adjoining rooms.
★ Will Not Smoke—scientifically designed to assure perfect operation.
★ Damper Seals Air-Tight—stops loss of house heat—prevents cold chimney downdrafts from chilling room when fireplace is not in use

ON A LIQUID DIET — These baby squirrels take kindly to indoor life, at least when meal time is involved, as they are fed by Carl Walker in Miami, Fla. The pair was rescued from a tree when workmen were cutting timber on Walker's farm in Georgia.

Albany Hearing Set to Tighten Laws on Traffic

A public hearing will be held in Albany Oct. 17 for the airing of a proposed tightening of several motor vehicle and traffic laws, it was announced today.

Mayor Edwin F. Radel has received a notice, but was unable to say today whether the city would be represented at the session to be conducted by the Joint Legislative Committee.

Among proposals to be heard is one that would suspend drivers' licenses after a second conviction for speeding. Another would increase the penalty for driving while intoxicated, and would change the latter term to "under the influence of alcohol."

It is proposed also that the statewide low speed limit be 30 miles an hour, and that the sale of any but heavy duty barke cylinder fluid, approved by the Society of Automotive Engineers, be banned.

Also to be heard is the proposed penalizing drivers for out-of-state violations, convictions and bail forfeitures.

Connecticut sometimes is designated as "the land of steady habits" because of the steadfast qualities of its industrious, home-loving people.

More Rains Hit Areas of Midwest

By THE ASSOCIATED PRESS

More rain fell in sections of the Midwest today in the wake of violent storms that struck areas in Missouri, Iowa and Texas.

The country's main wet belt during the night was in the North Central states. Thunderstorms rumbled across areas from southern Wisconsin through Iowa and moved southward during the early morning hours. Damaging wind and hail storms were reported in extreme northern Illinois.

Winds Hit 70 MPH

Wind gusts up to 70 m.p.h. uprooted trees and power lines along the Wisconsin-Illinois border. Hail pelted parts of Chicago as the thunderstorms swept southward. More than two inches of rain drenched Grand Rapids, Mich., in a 90-minute period.

Partly cloudy skies and temperatures near 70 degrees were forecast for the seventh and decisive game of the World Series in Milwaukee.

Heavy rain doused the Fort Worth, Tex., area Wednesday night, with amounts ranging from one to six inches. Two persons drowned in flash floods which followed the downpour.

Tornadoes skipped across northwest Missouri, striking Grant City, a town of about 2,000 south of the Iowa border. Property damage was reported over an 18-mile stretch southwest to Parnell. A small twister struck a rural area near Newton, Iowa, damaging buildings. No injuries were reported in the storms.

Snow in Montana

Light snow fell at Cut Bank, Mont., as cooler air from Canada moved southward into the northwestern section of the country. Temperatures dropped below freezing. The colder air headed eastward and was expected to move into the Northern Plains. Showers were indicated in the northern tier of states from the Rockies to the lower Great Lakes region. Snow flurries were forecast from extreme northern Minnesota through parts of the Dakotas and into the Rockies.

Skies were generally clear in the Far West. Fair weather prevailed in most of the eastern third of the country.

Local Man Pays Fine For Reckless Driving

A Kingston man was fined a total of $35 on two counts earlier this week following reports that a car was proceeding in an irregular and reckless manner along Route 209 in the Stone Ridge area.

Trooper George Gaine of the Kingston state police was dispatched to the scene and found the car parked alongside Route 209.

He arrested William TenEyck, 56, of 306 Clinton Avenue, on a charge of public intoxication. He was arraigned Monday night on the intoxication charge and fined $10.

He was later issued a summons for reckless driving and entered a plea of guilty when arraigned Tuesday before Justice of the Peace Harry Scarpati of the Town of Marbletown. He paid a fine of $25 on this charge.

Matter of FACT

The Andes Mountains of South America are the longest mountain chain in the world, 500 miles longer than the North American Rockies. Geologists say they are among the youngest mountains on earth. The highest large body of navigable water, Lake Titicaca, is on the plateau of Bolivia and Peru. The lake is 125 miles long, 12,507 feet above sea level.

Channel Chatter

Berle Gets Most Laughs When He's Just Plain Miltie

By CHARLES MERCER

NEW YORK (AP)—Milton Berle returned with a new show on NBC-TV Wednesday night after two years absence as a television regular.

Berle defined his new program as an "adult comedy" in which "if you don't get laughs, you just keep going." He is going to keep going and he is surely going to get laughs.

He won his loudest laughs when he was being Milton Berle, stand-up comedian. He appeared weakest when he left his current video fate in the hands of a team of so-called television experts.

It is to be hoped that the new Berle show will not present another team of phony Russian Cossack dancers such as appeared in this one. Probably it won't, for in Berle's words, it was "the last time I'll ever buy an act from a Gypsy in an empty store."

On the other hand, the Dunhills, a trio of precision dancers, were fine as professionally accompanied by hoofer Berle.

As has been the case with every comedian coming on television this season, Berle was overly self-conscious and apologetic. But try to remember that where there's Berle, there's hope.

Look at the new Western, Bat Masterson, which made its debut on NBC-TV Wednesday night, and you have seen one of the worst Westerns on television.

Balloon Flight Is Short of Goal

ALAMOGORDO, N.M. (AP) — The Air Force's third Man High balloon flight to the stratosphere was at an end today, about 12 hours short of its goal.

The balloon was returned to earth, an Air Force announcement said, because "capsule heat and humidity rose to an extreme degree and could not be lessened," and to prevent the pilot from developing heat prostration.

Lt. Clifton McClure, 25-year-old jet pilot who turned to ballooning in order to help man try to find a way into space, was back on the ground, disappointed but none the worse for wear.

McClure's aim, when the three million cubic foot balloon and its 9x3-foot sealed metal cockpit capsule left the ground early Wednesday, was to rise to 100,000 feet—Roughly 20 miles—and stay there for a 24-hour day-night cycle.

While he was up there, he was to act as the eyes and hands of a panel of scientists on the ground. Like a remotely controlled relay, he was to pass to them the information they sought from the myriad of instruments which jammed him in the cockpit.

What the Air Force plans in the way of Man High tests now is all up in the air. An officer said it is "certainly too early to say."

The capybara, which looks much like a guinea pig but grows to be as big as a true pig, is the worlds' largest rodent.

Many Nations Heard Messages

Pius XII Spoke Often On Various Subjects

By FRANK BRUTTO

VATICAN CITY (AP)—No pope ever before spoke out so frequently and on so many subjects as did Pius XII.

None before him had the facilities that were afforded to him by science. He frequently turned to radio and, in later years, television to reach distant countries. Some of his major speeches, for example his annual Christmas messages that emphasized the subject of peace, were broadcast in as many as 26 languages.

Some of his words on various subjects included:

COEXISTENCE—"Either it (coexistence) will raise itself to a coexistence in the fear of God, and thence to a truly peaceful living together, inspired and protected by the divine moral order, or else it will shrivel more into a frozen paralysis of international life, the grave dangers of which are even now foreseeable." (Christmas 1954).

ANTICOMMUNISM — "We again warn Christians of the industrial age . . . against being satisfied with an anticommunism founded on the slogan and the defense of a liberty which is devoid of content. Rather we urge them to build up a society in which man's security rests on the moral order." (Christmas 1954).

NUCLEAR ENERGY—"The use of this enormous energy for peaceful purposes is the object of careful and continuous investigation to which is given our blessing together with the approval and the congratulations of every honorable individual and of all civilized peoples." (Easter 1956).

COMMUNISM — "We reject communism as a social system by virtue of Christ's doctrine, and we have a particular obligation to proclaim the fundamental principles of the natural law. For the same reason we also reject the opinion that the Christian ought today to see communism as a phenomenon or a stage in the passage of history, one of the necessary 'moments' as it were of its evolution, and, consequently, to accept it as if decreed by Divine Providence." (Christmas 1956).

COLONIALISM—"Let not those peoples be denied a fair and progressive political freedom and hindred in its pursuit. On the other hand, Western peoples, especially those of Europe, should not, in the face of such problems, remain passive, in futile regret over the past or in mutual recrimination over colonialism." (Christmas 1955).

LABOR UNIONS — "No true Christian can find fault if you unite in strong organizations to defend your rights—while remaining aware of your duties—and to arrive at an improvement in your conditions of life. You are acting fully in conformity with the church's social teaching when, by all means morally permissible, you vindicate your just rights." (Speech to Italian workers June 26, 1955).

NATURAL CHILDBIRTH — (So-called natural, painless childbirth in which no artificial means is used, but the mother's natural forces are called into action): "Is this method morally irreproachable: The answer, which must take into account the object, end and motive of the method, is enunciated briefly: 'Considered in itself, it contains nothing that can be criticized from the moral point of view.'" (Address to doctors Jan. 8, 1956).

ARTIFICIAL INSEMINATION—The Pope said the so-called 'test-tube' process must "be rejected as immoral and absolutely illicit." (Address to World Congress on Fertility and Sterility, May 19, 1956).

PEACE—"Nothing is lost with peace. Everything may be with war. Let man return to understanding. Let negotiations begin." (Radio address Aug. 24, 1939 before outbreak of World War II).

CAPITAL AND LABOR — "The opinion, unhappily too widespread, that between them there is an irreducible opposition to divergent interests is erroneous and sad in its consequences." (To Italian Catholic employers, May 7, 1949).

COLOR BAR AND RACISM — "One knows too well, alas, to what excesses racial pride and racial hate can lead. The church is forever opposed with energy to (these excesses) whether they consist of attempts at genocide, or practices inspired by what is called the 'color bar.'" (Address to an International Congress on Blood Transfusion, Sept. 10, 1958).

POLITICS — Prayer the Pope composed for Catholic parliamentarians and politicians says: "May we never lack in loyalty to our people, faith in the principlaes we profess and elevation of the spirit above corruption and evil interest." (Prayer published Jan. 28, 1958;.

Delicious eating with NEW "KRISPY" FLAVOR!

Dorpian Man Faces Hearing on Charges

SCHENECTADY, N. Y. (AP)—Leo H. Vosburg faces a hearing Oct. 15 on 66 larceny counts in the alleged theft of $3,484 from patients' funds placed in his care when Schenectady County welfare commissioner.

Vosburg pleaded innocent in State Supreme Court Wednesday to charges of first and second-degree grand larceny and petit larceny. He was indicted by a county grand jury last Friday. The sealed indictment was opened Wednesday.

Justice Willard L. Best released Vosburg in $5,000 bail.

Vosburg, 67 and a Republican, resigned last month after state auditors reported a shortage in funds. The money was in bank accounts under the joint control of Vosburg and patients at the Schenectady County Home.

Vosburg had been commissioner since 1942.

POPE PIUS XII — A Man of the Modern Era

POPE PIUS XII, the 82-year-old spiritual leader of the world's 400 million Roman Catholics, was affectionately known as the Pope of the People. As a Cardinal and Pope he probably saw and talked to more people than any other Pope in history. Dubbed the "Transatlantic Pan-American" Cardinal by Pius XI, whom he served as Papal Secretary of State, Pius XII traveled extensively. While visiting the United States in 1936, while still a Cardinal, he made an airpalne tour of the country from New York to the Pacific Coast. Among his other travels were visits to France and England. Born Eugenio Pacelli March 2, 1876, in the shadow of the Vatican, he was ordained in 1899, when 23, elevated to Cardinal in 1929. when 53, and elected Pope on his 63rd birthday, March 2, 1939. Abreast of all new developments, he was the first Pope to broadcast via radio and appear on TV as well as the first to fly. Under his regime a radio station was installed inside the Vatican which he used to talk to Catholics all over the world. Outspoken opponent of Communism, the Pope made important speeches yearly, with the underlying theme of peace.

POPE PIUS XII, 82, affectionately known as the Pope of the People, wears the purple woolen cloak, used during his audiences throughout the winter months, as he poses for this formal portrait in the Vatican throne room. He was elected Pope on his 63rd birthday, March 2, 1939.

Ordained at 23, in 1899.

Made Cardinal at 53, in 1929.

THE FIRST POPE ever to use modern radio, Pius XII speaks to the world over Vatican's own radio station, which he had installed.

NO STRANGER to Americans, Pius XII, then Cardinal Pacelli, is shown above with the late Dennis Cardinal Dougherty as he visited Philadelphia in 1936.

ANOTHER FIRST, Pius XII presented this unusual study as he faced the TV cameras in the Consistorial Hall in the Vatican.

POPE OF THE PEOPLE, Pius XII, raises his arms in an all-embracing blessing, as he speaks to the throng that fills St. Peter's Square in Vatican City for the annual Easter Sunday services.

PROGRESSIVE, he was the first Pope to fly. Here he alights from a plane in San Francisco in 1936.

WELL-TRAVELED, the Pope, then a Cardinal, is pictured here as he visited the Exposition Grounds in Paris in 1937.

Harriman Names Broome Man as Harpur Chairman

ALBANY, N. Y. (AP) — Gov. Harriman today appointed Donald W. Kramer, former Democratic mayor of Binghamton, as chairman of the council of Harpur College, the State University's liberal arts school.

The appointment was among five the governor made to unsalaried state boards and agencies.

Kramer, now a member of the council, succeeds as chairman Charles F. Johnson Jr. of Endicott, who retired this year.

Harriman also reappointed Stuart L. Newing of Endicott as a member of the Harpur council for a term ending July 1, 1967. He has been vice-chairman.

Mrs. Evelyn A. Cummins of Poughkeepsie was named a member of the advisory board to the State Safety Division's Bureau of Police and Traffic Safety.

Mrs. Cummins is a former Poughkeepsie public safety commissioner and is a trial commissioner for the Poughkeepsie Police and Fire Department.

Mrs. Pauline D. Weinreb of (390 Riverside Dr.) New York City was appointed to the board of visitors of Rockland State Hospital to succeed George L. Scheinler Sr. of South Nyack, who has resigned.

Harriman appointed Henry A. Rigali of (2123 Alan Dr.) Seaford as a member of the council of the Farmingdale Agricultural and Technical Institute for a term ending July 1, 1967. Rigali succeeds William T. Lowden of East Meadow, whose term has expired.

Two Perish as T-33 Jet Trainer Crashes

ROME, N. Y. (AP)—Two young Air Force lieutenants met death Wednesday when their T-33 jet trainer clipped a tree while landing and crashed and burned.

They were 1st Lt. Frank Frasca, 26, of Tarrytown, and 1st Lt. Leon M. Mendel, 24, of Miami, Fla. Both were assigned to the 465th Fighter Interceptor Squadron at Griffiss Air Force Base here.

The two had been on a training flight and were approaching the base when the crash occurred.

An Air Force spokesman said it was not known who was operating the craft. It had dual controls.

Frasca's widow, Patricia, and a son, Mark, 2, were living with him here. He has an aunt and uncle, Mr. and Mrs. Curtis Hawkins, in Tarrytown.

Mendel's father, Harold Mendel, lives in Miami.

State Approves Test Programs to Better Education

ALBANY, N. Y. (AP)—Experimental programs have been approved for three more schools under a state plan for improving the quality of education, Education Commissioner James E. Allen Jr. said today.

The schools are in Buffalo, in Monroe County, and in Plainedge, Suffolk County.

Last month, experimental projects were approved for 13 schools across the state. Another 13 are being considered by the Advisory Committee on Experimental Programs.

The program is financed through a $200,000 appropriation from the 1958 Legislature. It is aimed at improving science - mathematics teaching and helping gifted students. Participating communities share the cost.

The new projects:

Buffalo — Try new methods of teaching reading, literature, mathematics and citizenship education in special fifth-grade classes, and compare results with standard classes.

Monroe County—Establish seminars in which gifted high school pupils and their teachers meet with University of Rochester faculty members.

Plainedge — Compare achievements of a group of gifted seventh-graders, whose studies were accelerated a year in the intermdiate grades, with an equally able group whose studies were not stepped up.

Originally named Yerba Buena by its Spanish founders, San Francisco got its present name on Jan. 30, 1847.

Workers Set to Strike

COLUMBUS, Ohio (AP) — Furnaces were being cooled at 18 Pittsburgh Plate Glass Co. and Libbey - Owens - Ford plants as some 25,000 members of the United Glass and Ceramics Workers Union prepared to strike the two companies.

The two firms are the nation's largest makers of auto glass.

Ralph Reiser, union president said 11 locals in as many cities have been told to begin the orderly shutdown and to have it completed by the strike deadline of noon Friday.

Reiser said he issued the strike call after receiving what he termed an unsatisfactory answer to his offer to resume contract negotiations which were broken off a week ago in Miami, Fla.

Pittsburgh Plate Glass employs 13,000 workers in 11 plants in seven cities. Libbey-Owens-Ford has about 12,000 workers at seven plants in four cities.

Time Runs Out

LEE HALL, Va. (AP)—Time has run out for 19 ships in the fleet of some 300 in the James River reserve fleet and they will go on the auction block. They are Liberty ships which once were potent weapons in the war of supply for troops overseas. Others will be kept for use in a future national emergency and in the meantime are used for storage of some 15 million bushels of grain.

No Mam, We Won't

HELENA (AP) — A 73-year-old Big Powder River Montana ranchwoman, Mrs. Frieda Ullrich recently made her first trip to a physician's office. And she has had seven children. After her checkup, she apologized: "I hope people won't think Powder River County women are sickly."

St. Augustine, Fla., oldest permanent settlement in the United States, will belebrate its 400th anniversary in 1965.

New Paltz Area Methodist Notes

Student Open House

A number of students attended the first of a series of monthly Open Houses to be held in the Methodist parsonage on the evening of the first Tuesday of each month. The Rev. and Mrs. Willett Porter, Peter Jacobs, and Mrs. Eugene Trautwein, WSCS secretary of student work, were present to welcome students. The meeting followd a Sunday evening program of the Wesleyan Student Fellowship. After the "Supper at Six," the group of over 30 students travelled to the Smith-Amsen picnic grove, off of Dug Road, for a campfire program. Those taking part were Mr. Jacobs, Ron Cole, Fred Jackson, Roy Lane, the Rev. Mr. Porter, Ernest Horsboll.

Sunday Worship

The Rev. Willett R. Porter Jr., minister of the New Paltz Methodist Parish; Peter A. Jacobs, assistant minister to students; and Ernest Horsboll, local preacher, will conduct services Sunday in the three churches of the parish. Services will be held in the New Paltz Church at 8:30 a. m. and 11 a. m. The Lloyd Church service will be at 9:15 a. m. and in Plutarch the service is scheduled for 2 p. m.

Sessions of Sunday school are held at 9:15, 9:45, and 10 a. m. in the Lloyd, New Paltz and Plutarch Churches, respectively. Church-time Sunday school is also held at 11 a. m. in New Paltz for nursery, kindergarten, and primary children. Children may attend either at 9:45 or at 11 a. m.

District Meeting

Cars will leave the New Paltz Methodist Church at 1:45 p. m. Monday, for the fall meeting of the Newburgh District of the Methodist Church. The sessions, which begin at 2:30 p. m., will be held in St. Paul's Methodist Church, Middletown, with the Rev. Dr. John Pearson, district superintendent, presiding. One of the main speakers will be Dr. Fred G. Holloway, president of Drew University. Those planning on attending are to be in touch with the Rev. Mr. Porter immediately so that proper reservations may be made for the dinner at 6 p. m. in the church.

Rummage Sale

Friday and Saturday, the annual fall rummage sale sponsored by the New Paltz Methodist Church will be held at American Legion Hall Church Street. People of the church or community who have articles for the sale, may have them picked up at their door by calling Mrs. Ralph Dennis, Mrs. John Masken, Mrs. Clifford Van Valkenburgh, or Mrs. Louis Huber. Articles may also be brought to the Legion Hall Thursday afternoon.

Church Suppers

Lloyd Methodist Church, New Paltz-Highland Road, will hold a harvest festival turkey supper and sale Saturday, Oct. 18, beginning at 6 p. m. in the church hall. Tickets are now available from members of the Ladies' Aid Society and the church.

Plans are underway for the Black-Diamond Supper, sponsored each year by the men and women of the New Paltz Methodist Church, to be held Wednesday, Oct. 29, with servings at 5:30 and 7 p. m. Tickets may be obtained now from members of the church.

Members will be received into the fellowship of the New Paltz Methodist Church at 11 a. m. service Sunday, Oct. 19, according to an announcement made by the Rev. Willett Porter, pastor of the church.

AMERICAN MENU

Fine Shrimp Creole Rewards Minneapolis Store Shoppers

SHRIMP creole, surrounding an island of snowy rice, is the product of a master sea-food chef in a Minneapolis store grill.

By GAYNOR MADDOX
NEA Food and Markets Editor

Shrimp, one of the most popular of sea foods, turns up almost everywhere. We found a shrimp creole in a Minneapolis department store that rates an award.

Chef Steve Wetoska of the North Shore Grill in Donaldson's department store prepares it. He's been with the company for 35 years and is a genius with fiish and shellfish. These recipes will prove it:

Shrimp Creole
(Makes 4-6 servings)

One pound shrimp, cleaned and cooked; 1 tablespoon finely chopped onion, ½ green pepper, chopped; 1 cup chopped celery, 4 tablespoons butter, 1 tablespoon cornstarch, 1 tablespoon flour, 3 cups canned tomatoes, ¼ cup chili sauce, ¼ teaspoon crushed sage, 1½ teaspoons salt, 2 teaspoons sugar, 1 teaspoon Worcestershire sauce.

Cut shrimp in half, lengthwise. Set aside. Saute onion, pepper and celery in butter until tender. Add cornstarch and flour. Cook for 5 minutes. Add tomatoes, chili sauce, seasonings and Worcestershire. Bring to boil and add shrimp. Cook until shrimp are heated through. Serve over fluffy white rice.

Scallops Jamaica
(Makes 4-6 servings)

One and one-half pounds scallops, 1 bay leaf, crushed; 1 teaspoon salt, 2 tablespoons minced onion, ½ cup chopped celery, ¼ cup chopped carrots, ½ cup chopped unpeeled apple, ½ cup chopped tomatoes, 1 clove garlic, minced; ¼ cup butter or margarine, 1 tablespoon curry powder, 1 teaspoon salt, ⅛ teaspoon pepper, 3 tablespoons flour, 1½ cups chicken bouillon or broth, ½ cup rich milk, ½ cup water in which scallops were boiled.

Simmer scallops 5 minutes in water to cover, seasoned with bay leaf and salt. Cool in stock. Reserve stock. Saute onion, celery, carrots, apple, tomatoes and garlic in butter. When tender, add seasonings. Cook for 3 minutes over low heat. Blend in flour, chicken bouillon, milk and scallop water. Simmer for 5 minutes. Add scallops and simmer 5 minutes more before serving.

TOMORROW'S DINNER: Shrimp Creole, rice, molded carrot-pineapple salad, corn muffins, butter or margarine, apple pie, coffee, tea, milk.

Zany New Quiz Contest! Everyone Wins

who answers 3 questions correctly—complies with contest rules.

GRAND PRIZES: Free monthly parties for one year, at home or at your favorite restaurant —on Canada Dry!

HOW CONTEST WORKS!

First, get entry blank at stores, restaurants, or wherever bubbly Canada Dry Club Soda is featured.

STUDY THIS PICTURE WHICH IS ON ENTRY BLANK . . . TELL US:

Question #1. The name of famous movie star butler serving Canada Dry Club Soda highballs. Is it Jim Rankin, Bob Stone, George Wright, Sir Cedric Hardwicke?

Question #2. Which guest (in picture above) will have a sad morning because: He's not quaffing a tall drink made with Canada Dry Club Soda whose bubbles curb hangovers, aid digestion. Is it Bill Dey, Jack Dowd, Cocktail Carl, Charlie Noble?

Question #3. Which one word most aptly describes the look on the famous movie star butler's face: Disdainful, Supercilious, Indignant, Arrogant, Piqued, Appalled?

To qualify for grand prizes: Complete this statement in 13 words or less . . . *"Canada Dry Club Soda will be the life of my party because..."*

Clues: (a) "It makes drinks taste better" . . . (b) "It speeds liquid through system 80% faster"...(c) "Its Pin-Point Carbonation makes drinks sparkle longer"...(d) "Its exclusive formula points up flavor."

Each Entry Blank must have with it 2 of our Club Soda bottle caps. Send it to Canada Dry Quiz Contest, P. O. Box 170, New York 46, N.Y. *Enter as often as you want · One entry per envelope · You must comply with entry blank rules · Only one winner to a family.* Winning entry blanks will be judged on sincerity and aptness of thought. Contest ends November 8, 1958.

Offer 15 Cash Costume Awards For Halloween

Fifteen cash awards for the best costumes in the annual Youth Council sponsored Halloween parade will be available this year—five more than 1957—according to a committee report at Wednesday night's meeting of the council in the Exempt Firemen's rooms of Saugerties Municipal Building.

Mrs. Anthony Mormile reported that there was so many good costumes last year that the council decided to increase the number of awards to 15. Categories for the costumes will be announced in a few days, she said.

Judging for the awards will be held in Saugerties Municipal Auditorium following the parade through the business district Friday, Oct. 31 beginning from p. m. The fire siren will signal the start of the parade and residents on the parade route will be asked to turn on their porch lights to provide illumination for the costumed marchers.

The parade will include the C. A. Lynch fire truck, the Father Harty Drum Corps and a car with Moira Altevogt, Miss Saugerties of 1959 and her attendants, Susan Harris and Judith Kaminski.

Town Supervisor Peter M. Williams will make the award presentations following the grand march in the auditorium.

Miss Saugerties and a teenage committee from the school are in charge of arrangements for the teenage dance to follow the judging.

Local 215, American Federation of Musicians will supply an orchestra provided by a grant from the music performance trust fund of the recording industry.

Members of the Girls' Community Club will supply and serve refreshments on the main floor of the municipal building.

Contributions toward the event may be made by check to Saugerties Youth Council, Mrs. Marian Eckert, treasurer, Livingston Street.

An outline of arrangements made to date was presented by Mrs. Albert L. Giannotti, general chairman. Vernon Joe Benjamin will be the parade marshal. Others on the committee in various capacities include Cornelius Cox, Peter Pocalyco, Mrs. Joan Feldmann, Mrs. Eckert, Mrs. Marita Stay, Mrs. Vivian Barkhuff, Larry Campanella, Miss Janet McCaig and Council Chairman Albert J. Cawein.

Miss McCaig was welcomed as a new council member.

P-TA Sponsors Get-Acquainted Days, Oct. 15, 16

"Get - Acquainted Meetings" will be sponsored by Saugerties Parent Teacher Association during October in order to provide an opportunity for parents and teachers to become acquainted with one another.

Meetings for parents and teachers of elementary school pupils will be held on Oct. 15 and 16. On October 15 meetings will be held at 8 p. m., at the Main Street School and the North Flatbush School. On Oct. 16 at 8 p. m., parents and teachers of pupils in the Asbury, Cedar Grove, Katsbaan, Malden-on-Hudson, Mt. Marion and Glasco schools will have an opportunity to get acquainted.

Wednesday, Oct. 22 at 8 p. m. a get-acquainted program will be sponsored for parents and teachers of pupils in the new junior-senior high school on Washington Avenue Extension.

At each program no formal business meeting will be held. Instead, parents will be invited to call on the teachers in their rooms to confer about their children. Parents and teachers in the Saugerties Central Schools District are invited to attend these meetings.

Atonement Lutherans Start Clothing Appeal

Atonement Lutheran Church, Market Street, Saugerties will participate in the nationwide Lutheran World Relief clothing appeal between now and Thanksgiving, it was announced today by the Rev. Walter Cowen, pastor.

Good used clothing, shoes, bedding may be brought to the church or left at the educational building on the north side of the church.

Lutherans have been collecting clothing for world relief for the past 13 years, supplying the needs of peoples in 17 countries on a basis of need and have surpassed all other groups in amount of clothing collected and distributed.

Besides gifts of clothing Lutheran Churches annually contributed for Lutheran World Action.

Other Activities

Saturday 1:30 p. m. Brownie Troop 5, sponsored by Amicitia Society will meet under the leadership of Mrs. Lars Risdal.

Church Council will hold its monthly meeting Tuesday, 7:30 p. m. at the parish house. Plans will be discussed for the every member visitation financial canvass of the membership.

Both first and second year confirmation classes began Wednesday at 4 p. m. under the direction of the pastor and Mrs. Cowen.

The entire group of 28 young people will also form a junior choir under the direction of Mrs. Donald Fellows, organist of the church. It is planned to have the young people attend and sing at the Matins service at 8 a. m. on Sundays.

Young people are instructed for two years leading to confirmation on Pentecost of each year.

Buffet Dinner Set by C of C Wednesday Night

A buffet dinner will be served prior to the regular meeting of Saugerties Area Chamber of Commerce at Stonewall Hotel, Route 9W, Barclay Heights Wednesday at 7 p. m.

The meeting will begin at 8 p. m.

The program for members and guests will include the showing of movies of the 1958 Miss Saugerties Pageant, the Assemblage Day promotions and reports of committees.

Reservation cards have been mailed to all members of record and returns must be made to Mrs. Edward Feldmann, Partition Street, social activities chairman.

Moira Altevogt, Miss Saugerties of 1959 and her attendents, Susan Harris and Judith Kaminski will also be in attendance.

Brochure on Adult Classes Available

Copies of the brochure describing the adult education program of Saugerties Central Schools have been sent this week to all parents in the school district having children in attendance at any of the district's schools, it was announced by Miss A. Frances Larned, assistant director of Adult Education.

Other adults may obtain copies at the general stores in Malden-on-Hudson, Glasco, or Mount Marion, or at Beadle's Pharmacy, or at Clum's Car and Home Supply Store, both Main Street, Saugerties.

Anyone who wishes to register by mail may do so by using the coupon in the brochure. Monday registration will be held in the lobby of the new junior-senior high school, Washington Avenue Extension from 7 until 9 p. m. It is imperative that anyone planning to enroll in any course should do so by Oct. 13 since a class will be cancelled if the required minimum of 16 has not been obtained. Classes will begin the week of Oct. 20.

4-Hers Discuss Plans For Supper and Dance

Preliminary plans for a supper and dance to be held later in October were discussed at a recent meeting of th Mt. Marion 4-H Club with 12 members in attendance.

No date was set for the event. However the next meeting was scheduled to be held at the home of Bruce Miles, Mt. Marion, where further plans will be outlined.

Those attending the meeting at the home of Glenn Stafford were Claudia Andreassen, Linda Fuller, Nina and Susan Somers, Bruce and Robert Miles, Priscilla, John and Glenn Stafford.

New members welcomed at the meeting were Hristena Parish, Connie Keplers and Sandra Swart.

Car Hits Railing Of Span Over Creek

A car operated by an Ogdensburg man went out of control this morning on Route 28 at Brabrant Road and smashed into the railing of the Esopus creek bridge.

Deputy Sheriffs Arthur Rowland and Arthur Smith reported that Walter J. Manning, 61, told them his steering wheel went bad, causing him to lose control of the vehicle.

The 1953 sedan was heavily damaged in the left front and side. Time of the mishap was 6:30 p. m.

Man on Parole In Kidnap Case Is Back in Jail

A 46-year-old Kingston man, former lightweight boxer and ex-convict— paroled from a federal prison on a kidnaping charge—was back in jail today.

John James Marrello, who gave a local address, was arrested Tuesday afternoon on Route 28, town of Ulster, on three charges — speeding, unlicensed operation of a vehicle and possession of obscene photographs.

The swarthy Marrello, once allegedly linked with Charles (Lucky) Luciano, the deported vice lord of the underworld, was arraigned before Justice of the Peace Arthur Reilly of the town of Ulster ,waived examination and was committed to the Ulster County jail to await grand jury action.

Has Police Record

Marrello, who reportedly uses several aliases, has a long police record—his most serious offense committed on Sept. 19, 1947 when he was picked up with an East Kingston man and a Charleston , W. Va., woman on charges of violating the federal kidnaping statute, involving another West Virginia woman.

He was arrested Tuesday by Cpl. Edward Shannan, BCI, Trooper Charles Bundschuh of the Phoenicia sub-station and Trooper Phillip Zuckerman of the Kingston Thruway police.

On Parole Until 1962

Troopers said Marrello is now on parole until 1962 from a federal prison. He had served 10 years of a 15-year sentence when he was paroled, it was reported.

The district attorney's office notified probation officers in New York City. That office is sending a "detainer" here. It is presumed that when he has faced charges here he will be returned to federal prison, it was reported.

Marrello, John Ferguell of East Kingston and Lois Cicero of Charleston were arrested in 1947 on charges of violating the federal kidnaping statute made by another West Virginia woman.

Victim of Conspiracy

Ruth Virginia Fitzwater of South Charleston told Federal Bureau of Investigation agents and local police at that time that she was to have appeared as a witness against Marrello on Sept. 15, 1947 when he was scheduled to appeal a conviction on a charge of operating a disorderly house.

The FBI said she was the victim of conspiracy by the trio to attempt to prevent her appearance as a witness against Marrello in a criminal action pending at that time.

The Cicero woman and Ferguell were charged with having accompanied the Fitzwater woman here from West Virginia. She told police at that time she joined them in consuming a bottle of liquor on the trip, fell asleep and when she awoke was told to keep out of sight at the former Stuyvesant Hotel.

She said she later conquered her fear and told her story to police.

Hot Dog

ALBUQUERQUE, N. M. (AP) —This watchdog almost did too good a job. Firemen who answered a call at a residence here not only found a stubborn blaze awaiting them but a stubborn Doberman Pinscher. They had to fight a bedroom fire through a window until a neighbor was able to call the dog away from where he was barring firemen from entering.

New Hurley

NEW HURLEY — Saturday afternoon the New Hurley Guild met at the home of Mrs. Roy Denniston with Mrs. Gerow Schoonmaker as the assistant hostess. The president, Mrs. Marvin Dutcher, presided.

Final plans were made for the annual turkey supper to be held at the church hall Wednesday evening, Oct. 29, under the auspices of the Guild. At the close of the meeting a play pen was presented to the president, Mrs. Dutcher, for her little daughter, Beverly Phyllis. Refreshments were served by the hostesses and a social time was held. The November meeting will be at the home of Mrs. Halsey Sherwood.

Several from here attended the turkey supper at the Wallkill Reformed Church Hall last Wednesday evening.

The stewardship committee will meet Friday, at 8 p. m. in the church hall.

Thomas Secore will occupy the pulpit in the New Hurley Reformed Church next Sunday at 11 a. m. Sunday school in the church hall at 9:50.

Mr. and Mrs. Myron Anderson visited their uncle and aunt Mr. and Mrs. Arthur Kelder at Mettacahonts recently.

Mr. and Mrs. Roy Birch of Wappingers Falls spent the weekend with Mr. and Mrs. Richard Schoonmaker and family.

Mrs. David Hollingsworth and daughter, and her sister Jean Beatty spent a day recently at the home of Mr. and Mrs. Arnold Terwilliger.

Miss Myra Wright of Tulsa, Okla., who has been spending a week with her brothers called on her aunt Mrs. Edward Powell Monday afternoon.

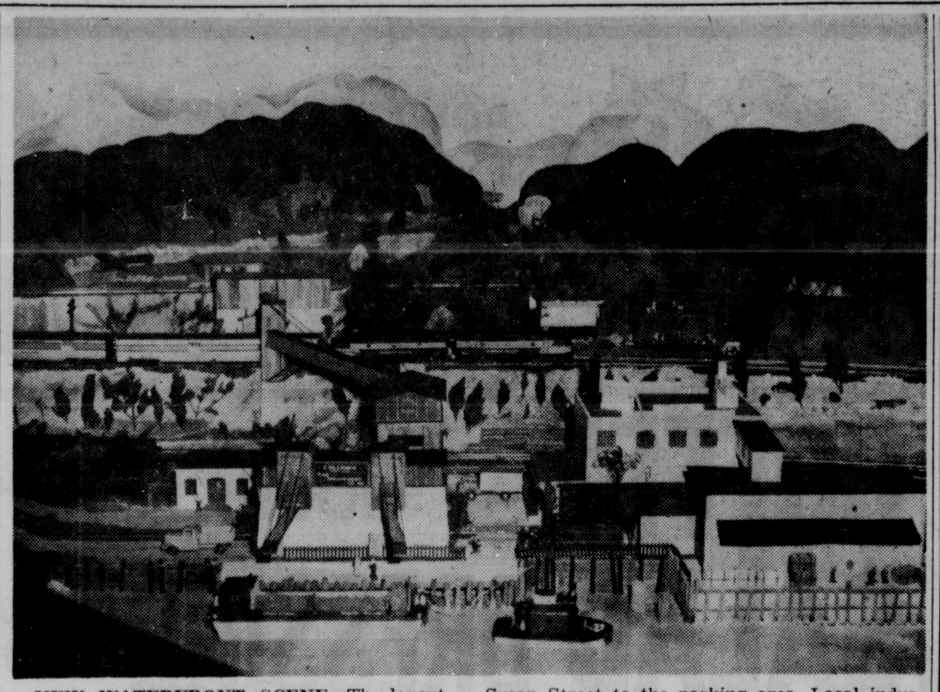
Park Properties

The U. S. National Park Service looks after 792 pieces of property in Washington, D. C. Public sites include the White House, Washington Monument, Lincoln Memorial, parks, parts of the C. & O. canal and numerous statues.

GOOD-BYE CORNS

Enjoy quick relief and speedily remove aching corns with thin, cushioning Dr. Scholl's Zino-pads. Cost but a trifle.

Dr Scholl's Zino-pads



NEW WATERFRONT SCENE—The layout of Kingston Model Railroad Club Inc., 541 Broadway, is a feature of the annual exhibition open to the public from 2:30 p. m. Sunday, Oct. 12, through Sunday, Oct. 19. The show is presented nightly from 7 to 9:30. The automobile entrance to the quarters is from Pine Grove Avenue over Susan Street to the parking area. Local industries featured in the waterfront scene include the Callanan Road Improvement Co. and the boats of the Reliance Marine Co., including a tugboat the "Thomas Feeney" and a Feeney barge.

Largest Exposition

Largest and most spectacular exposition of its kind in America is the annual Home and Flower Show held at Cleveland, Ohio, each March.

Youngest First Lady

Frances Folsom, who, at the age of 22, married President Grover Cleveland in the White House, was America's youngest First Lady.

Sweet Stuff

Ohio produced 124,000 gallons of maple syrup in 1958 and ranks third (following New York and Vermont) in U. S. maple syrup production.

Travel Increases On River Span Over '57 Month

September travel over the Kingston-Rhinecliff Bridge was 14.02 per cent better than a year ago, the New York State Bridge Authority reported today.

Total travel on all four bridges under control of the authority was .88 per cent under that in September, 1957.

At the local span 71,598 vehicles were clocked last month as compared to 62,795 in 1957.

All four spans clocked 691,930 vehicles against 698,058 in 1957.

A loss of 10.47 per cent was noted at the Rip Van Winkle span, the totals being 141,346 and 157,877. The Bear Mountain showed a drop of 2.84 with totals of 142,114 and 146,276, and the Mid-Hudson showed a gain of 1.74 per cent with 336,870 vehicles clocked last month and 331,115 a year ago.

The Newburgh-Beacon Ferry's totals were 40,080 last month against 43,544 a year ago.

Man Is Sentenced In Fatal Choking

UTICA, N. Y. (AP)—A migrant worker has been sentenced to serve 7½ to 15 years in Attica State Prison for choking a woman friend to death.

County Judge Ezra Hanagan imposed the sentence Wednesday against James Oliver Jr., 30, of High Springs, Fla. Oliver had pleaded guilty last week to a charge of first-degree manslaughter.

Oliver said he choked Rosa Le Singletary, 23, of Immokalee, Fla., last Aug. 14 because she had threatened to leave him.

The two, both Negroes, were working at a migrant camp in nearby Camden.

Rocky Introduced As Mr. Roosevelt

CORNING, N. Y. (AP)—"I want you to meet Mr. Roosevelt."

With those words, a company official introduced Nelson Rockefeller to a small group of workers in a glass plant the candidate was touring here.

The official did not notice his slip. The Republican nominee for governor did. He just smiled.

BECK MAKES CHOICE AT FORST'S — Harry Beck (second fom left) makes a selection for Beck's Broadway Market of the U. S. Prime grade meat obtained from prize-winning cattle in a shipment of "blue ribbon" show cattle purchased at Whitehall, Wis., by the Forst Packing Co. Also inspecting the shipment, received this week, are Eugene DeDea (left) Forst sales manager in charge of special accounts, and Charles Forst, president of the Forst Packing Co. (Freeman photo).

Two Men Quizzed In Swindle Admit Robbing of Bank

HUDSON FALLS, N. Y. (AP)—Two men held as material witnesses in an alleged insurance swindle have admitted robbing a Pittsburgh, Pa., bank, a county prosecutor says.

Dist. Atty. John Leary identified the pair Wednesday night as Joseph V. Riley, 35, of Glens Falls, an insurance adjustor, and Stanley Randall, a former Glens Falls policeman.

Several masked men robbed a branch of the Fidelity Savings and Loan Assn. of $5,280.

Leary said Riley and Randall, arrested more than three months ago, were to be arraigned today along with other defendants in the insurance fraud. Warrants are out for about 24 persons.

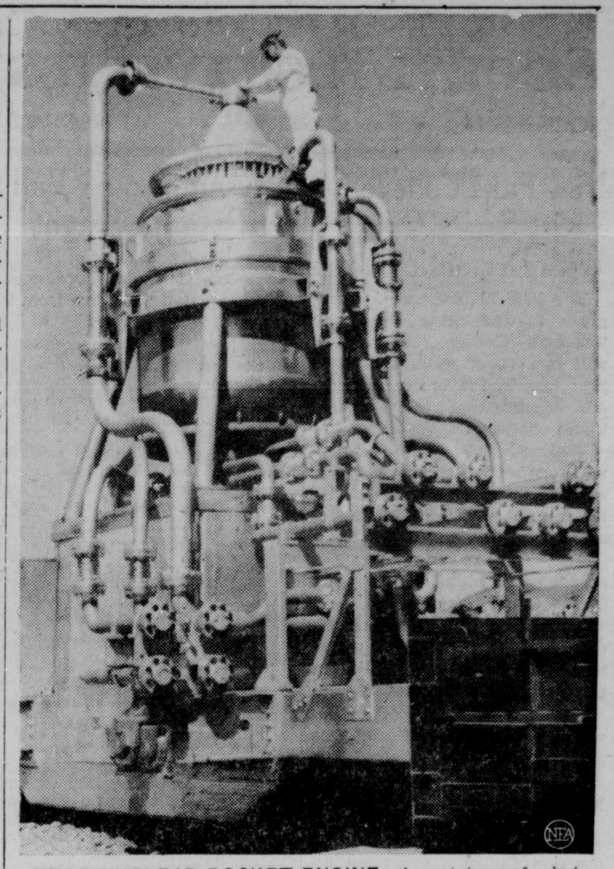
Leary said these included two used-car dealers in Hudson Falls.

A Washington County grand Jury earlier this week returned 40 sealed indictments against the fraud ring.

Leary said the ring bilked insurance companies of between $50,000 and $60,000 by filing fake accident reports and damage claims.

Judy, Mate Sued

LAS VEGAS, Nev. (AP)—Judy Garland and her husband Sid Luft are defendants in a suit for recovery of $7,384 filed by the Flamingo Hotel. The suit alleges that sum was advanced the couple while Miss Garland was headlining a show at the hotel in 1957. She is appearing now at another hotel, the Sands.



FIRST NUCLEAR ROCKET ENGINE—A prototype of what may be the rocket engine of the future is unveiled in Las Vegas, Nev. The Atomic Energy Commission, in projects Rover and Pluto, are testing the feasibility of nuclear propelled rocket and ram-jet engines. Charles D. Jakobiak of the Los Alamos Scientific Laboratory, examines the mockup of Kiwi-A, the first nuclear rocket engine which will be tested soon. The reactor is housed in the tubular structure below the nozzle. The entire unit is rolled into position on a remote-controlled railroad flatcar.

Cardinal Masella Is Papal Chamberlain

VATICAN CITY (AP) — Benedetto Aloisi Cardinal Masella was elected by his fellow Cardinals today as papal chamberlain, to administer affairs of the Roman Catholic Church until a new pontiff is chosen.

The election was necessary because Pope Pius XII died without appointing a chamberlain, who exercises important functions in the interregnum between the death of one pope and the election of a successor.

Virus Shelves Marilyn

HOLLYWOOD (AP) — A virus infection has caused Marilyn Monroe to interrupt work on a movie. The actress has been bothered by the infection for several days. She remained in her Bel-Air hotel suite Wednesday. Her doctor said she had a 102-degree temperature.

NOW ON DISPLAY! *New Swing-Out Swivel Seats invite you to discover the newness and greatness of the '59 Dodge, the first all-pushbutton car.*

The Newest of Everything Great!

The Greatest of Everything New! New things, great things, reward you in this '59 Dodge. Seats swing out to invite you in. New HC-HE engines — high compression, high economy — deliver more thrust, use less gas. Orderly rows of buttons on a gleaming panel welcome you to the first all-pushbutton car, with fingertip control of driving and weather. New Level-Flite Torsion-Aire introduces you to three dimensional comfort—ride control, road control, load control. Outside mirrors adjust from inside. Inside mirrors adjust themselves electronically to banish glare. A new Lustre-Bond Hi-Baked enamel finish keeps its sheen up to twice as long. Its Swept-Wing beauty sets the trend for other '59 cars. All this is great. But the final reward is the greatness built into this Dodge. It is deep down, through and through, and thoroughly satisfying.

New Paltz College Artist Series Opens With Dramatic Group

The 1958-59 Artist Series program at the State University Teachers College, New Paltz, will open next week with two programs by Players Incorporated, international touring dramatic company.

Wednesday the group will present Sophocles' "Oedipus Rex," and the following night, Oct. 16, the group will present Shakespeare's comedy, "Twelfth Night." Both performances are scheduled to begin at 8:30 p. m. in the College Auditorium.

Season tickets will be available for the general public at the College Bookstore. Season tickets include one performance for each feature, but additional single admission tickets may be purchased if persons are interested in attending two different performances of one group.

The first night's performance of "Oedipus Rex," tells about the downfall of a great but ill-fated king of Thebes who moves through Oedipus' step-by-step, tracking down the murderer of his predecessor king. It is said to have all the finely-drawn skill of a masterful detective story.

Shakespeare's comedy, "Twelfth Night," has the rowdy good humor of mistaken identity and romantic conspiracy.

Members of the Players Incorporated are graduates of the speech and drama department of the Catholic University of America, Washington, D. C. The group is currently celebrating its 10th anniversary season. The company has made six trips abroad under the auspices of the Department of Defense to entertain troops, and they twice played in the Far East during the Korean War. They have made four tours of the European Command and one jaunt took them as far north as the Arctic Circle.

Chrysanthemum Ball Set Saturday Night

The Governor Clinton Hotel will be the setting of the Chrysanthemum Ball Saturday from 9 p. m. to 1 a. m.

The formal dance is sponsored by the provisional members of the Junior League of Kingston. Proceeds from the dance will be donated to the local Cerebral Palsy Center.

Music for dancing will be furnished by the Lester Lanin Orchestra which has played for many Junior Leagues throughout the country.

Area Students Enter Cobleskill School

Three area young people have matriculated at the State University Institute, Cobleskill, and have begun a two year program of study leading to a degree of associate in Applied Science.

Miss Rosanne Orkoff, daughter of Mr. and Mrs. Ben Orkoff of 6 St. James Court, has entered the home economics division and will major in food service administration.

William F. DeGraw, son of Mr. and Mrs. Floyd S. DeGraw of RD 1, High Falls, and Joseph Feraca, son of Mr. and Mrs. Feraca of RD 2, New Paltz, are in the agricultural division. DeGraw plans a major in agriculture machinery and Feraca will major in dairy technology.

4-H Club News

Hurley Happy Crickets

The first business and work meeting of the Hurley Happy Crickets 4-H Club was held Tuesday at the home of Mrs. Arthur Britt.

The project, ABC's of Cooking, was started and cinnamon candy apples were made.

Mrs. William Hutton gave a talk on record books. The business meeting will be held every third Thursday of the month.

Officers elected were: Christine Britt, president; Pamela Schiff, vice president; Joan Mille, secretary, and Karen Cudney, treasurer.

Cheer leaders are Vendla Canning, Doreen Lyke and Marcia Miller; song leaders, Sharon Dugan, Linda Pfrommer and Nancy Vidal. Mary Schreiber is news reporter.

Rummage Sale

Hurley Grange

Hurley Grange will hold a rummage sale Friday Oct. 17, at 106 Broadway beginning at 10 a. m. Any one having articles for the sale may leave them at the home of Mrs. Walter Stauble or Mrs. William Schiff or with any member of the grange on or before Oct. 16.

PORT EWEN CLUB GETS GAVEL—Edmund R. Bower, Ulster County 4-H Club agent, presents a gavel to Eddy Atkins of Port Ewen. The gavel was awarded the Orchard Agricultural Club of Port Ewen for its window display during National 4-H Club Week. (Freeman photo).

Good Taste Today

By EMILY POST

Author of "Children Are People" and "Etiquette" etc.

"COME AND SEE US SOMETIME"

Dear Mrs. Post: I've just been given a job in a big city, where I know very few people. Naturally I'd like to meet some nice girls (and men) my own age. One possibility may be through an older woman I met a few weeks ago who has two attractive daughters. She said at that meeting, "Come and see us sometime" but nothing more definite. On this flimsy pretext would it be proper to go and if it wouldn't be considered presumptuous on my part, then what steps do I take?

Answer: I think it might be well to telephone first. Tell her, "This is John Young. I met you at Mrs. Smith's house and you said I might come to see you sometime." If she remembers you and she names a time for you to come, or asks when you are free to come, then of course, you may go. However, if she doesn't, I'm afraid you will have to consider this door closed—at least for the present.

Brother and Sister Send Invitations

Dear Mrs. Post: My parents died many years ago and I have been living at home with an older brother and sister. Both are unmarried. We always got on very well together and I am devoted to both of them. I am going to be married in the not too distant future and I would like to know if it would be proper to have the names of both my brother and sister on the invitations?

Answer: It will be proper to have the invitations read:

Miss Mary Smith
Mr. John Smith

request the honour of your presence

at the marriage of their sister
Elizabeth,
etc.

Wearing Sun Glasses Indoors

Dear Mrs. Post: I was advised that it is very improper to wear dark (sun) glasses indoors. I see no impropriety in keeping them on any more than ordinary glasses. Am I wrong?

Answer: There is no impropriety in this, but dark glasses indoors give the impression that the wearer is trying to hide bloodshot eyes.

* * *

Where should the reception for friends be held after the christening? Mrs. Post is sorry she cannot answer personal mail. However, leaflet E-36, "The New Baby," describes the christening ceremony and reception. To obtain a copy, send 10 cents in coin to Dept. EP, care of The Freeman, P. O. Box 99, Station G, New York 19, N. Y.

DOROTHY A. NAREL
Freeman Society Editor

Guard Against Frauds

The next time a salesman rings your doorbell and tries to talk you into buying a nationally advertised vacuum cleaner for something like $8.95—beware! In all probability, if you decide to buy it, you will find you cannot get the sample—and when the time comes for delivery of the purchased article, the salesman will be "all sold out—but wouldn't you be interested in this $79.95 cleaner."

This is not as ridiculous as it may sound—it happens quite frequently. So much so that our Attorney General of the State of New York, Louis J. Lefkowitz, has issued a letter to all consumers warning them of the pitfalls in buying.

Not only are consumers interested to weeding out these undesirables in the business world, but legitimate businessmen are doubly concerned. This type of selling hurts their business just as much as it does your pocketbook.

Some of the warning signs you should watch for include these:

Fraudulent Labeling — New York City outlets recently offered for sale 2,000 coats labeled as "100% Cashmere." This was an out and out fraud and the Attorney General obtained a court order which put an end to the scheme.

Overcharges on Repairs—This is a constant source of complaint to the Attorney General's Consumer Frauds and Protection Division. Prompt action is taken against the shady dealer who removes the article from the home to his shop and then demands excessive and unnecessary repair charges before returning it.

Selling Under False Pretense—Hundreds of housewives were recently talked into purchasing home knitting machines for $431.00 each by the salesman telling them that the company would purchase knitted items at prices which would net them a profit over the cost of the machines. This fleecing of housewives was stopped through action by the Attorney General.

Non-Adherence to Guarantees and Warrantees — A car owner complained to the Attorney General that his dealer, in order to evade the guarantee, kept insisting that neither he nor his mechanics could hear the engine "knock." Prompt action by the Attorney General restored good hearing to the dealer and his mechanics and the car owner got his repairs.

Attorney General Lefkowitz lists ten buying guides for consumers, which I think are important enough for you to clip and keep within view—perhaps on your home bulletin board.

They are:

1. BEWARE OF THE DEALER who lures you to his establishment with an attractive advertisement of a standard brand item and then tries to talk you into buying a higher priced offbrand article. Do not be misled by a story that he is all out of the advertised item, or that there will be a long wait for delivery, or that what he is now trying to sell you is better than the advertised article.

2. BE WARY OF "BARGAINS" offered at prices which are hard to belive. Check prices of the same quality merchandise or service offered by other dealers and make sure that the advertised a article is what it is claimed to be.

3. NEVER PERMIT A HOUSEHOLD APPLIANCE or television or radio set to be taken from your home for repairs without first receiving in writing an estimate of the probable repair cost and written assurance that no additional charge will be made without your consent and that if you do not want the "extra" repairs the article will be returned to you immediately.

4. DO NOT ALLOW A DOOR-TO-DOOR salesman to leave merchandise with you on an "approval receipt" until he returns. He may not come back and you will find yourself receiving a bill for an article which you do not want.

5. NEVER LET YOURSELF BE RUSHED into buying anything by flowery sales talk or persuasion that it is a "last chance" to get in on a "good thing." Take your time and make up your mind carefully.

6. IF AN ARTICLE YOU ORDERED IS NOT THE SAME, as the one shown you prior to purchasing, do not use it and immediately notify the seller. If a finance company is involved, and your complaint is not satisfied, inform the finance company of your complaint within 10 days after you receive the notice it is required to give you. This is important because if you fail to do so, you may lose valuable rights and find yourself obliged to pay for something you do not want.

7. TRY TO GET A WRITTEN GUARANTEE wherever possible, and make sure that you understand what it says and that it protects your rights. Be sure that installations of appliances and such furnishings as carpeting are guaranteed by a dealer, because a manufacturer can claim that a product's warranty has been voided if it has not been properly installed.

8. WHEN BUYING ON THE INSTALLMENT PLAN, remember that if you fall behind in your time payments, the organization to which you are in debt usually has a legal right to repossess your purchase and sell it for whatever it will bring to meet part or all of your remaining indebtedness.

9. INSIST THAT ALL DETAILS OF A SALE be in writing and read your contract carefully before signing it—especially the fine print. Demand and get an exact copy of the contract for yourself. NEVER SIGN A BLANK CONTRACT no matter what the dealer tells you.

10. IF YOU HAVE ANY DOUBT ABOUT A DEALER, check with the Attorney General's office, Better Business Bureau.

As Attorney General Lefkowitz says, "We are carrying on a statewide program to educate the consumer to recognize and to avoid the slick schemes which are used to rob the unwary buyer. An alert and informed public is the best weapon for fighting the business sharpshooter—also get rich quick operators."

If you ever feel you have been misled or cheated, report it to the Attorney General's office. Don't hesitate—Attorney Lefkowitz is there to serve you.

Twentieth Century Club

The Twentieth Century Club will meet Monday at 2:30 p. m. at the home of Mrs. Albert E. Bushnell, 18 Stickles Avenue.

Court Santa Maria Holds Annual Day Of Recollection

Annual Day of Recollection of Court Santa Maria No. 64, Catholic Daughters of America, was held Sunday at St. Ursula of the Blessed Virgin Convent.

Retreat master was the Rev. Cassian J. Kirk, OSM, of St. Anthony Guild, Franciscan Monastery, Paterson, N. J. Father Kirk is also assistant director of St. Anthony's Guild.

Several members of Court Nilan No. 985 of Highland and friends from Poughkeepsie were in attendance. The day began with Mass at 8 a. m., Father Kirk, celebrant. Several conferences were held throughout the day. Breakfast and dinner were prepared by St. Ursula Convent and served by students of Academy of St. Ursula. Father Kirk concluded with a Holy Hour followed by benediction.

Mrs. Christopher Roche was chairman of the retreat.

MUSICAL SOCIETY OFFICERS—Newly elected officers of the Musical Society of Kingston preside at the first fall meeting of the group held Wednesday night at the Governor Clinton Hotel. Seated (l-r) are Miss Ethel Mauterstock, vice president; Mrs. William E. Rylance, president; and Mrs. Albert O. Sonnenberg, treasurer. Standing, Mrs. Edward Flick, secretary and Mrs. LeRoy Vogt, general program chairman for the year. (Freeman photo)

Mediterranean Tour in Music and Slides Featured at Musical Society Fall Meeting

At the first fall dinner meeting of the Musical Society of Kingston Wednesday night at the Governor Clinton Hotel Mrs. Amos Newcombe presented a program "Along the Mediterranean—Slides and Music."

Mrs. Newcombe presented a travelog of her recent trip to Europe, showing slides of French Morroco, Italy, Spain, Greece and France. Music featured composers of Italy, France and Spain, written for strings.

In the musical portion of the program the following selections were performed:

"Sonate de Canera a Tre"—Vivaldi, Mrs. David E. Smith, Mrs. Newcombe, violins; Mrs. H. G. Cooley, cello and Mrs. Clarence Beehler Jr., piano. "Trio for Two Violins and Cello"—Gossec, Mrs. Smith, Mrs. Newcombe and Mrs. Cooley. "Jota from Spanish Suites—de Fella, Mrs. Smith, accompanied by Mrs. Robert Stedge.

Mrs. William Rylance presided at the meeting. Invocation was given by Miss Ethel Mauterstock. Mrs. Ralph Harper was chairman for the dinner and table decorations were arranged by Mrs. John MacKinnon.

Bus Is Planned By Pomona Grange To Sixth Degree

The Ulster County Pomona Grange Youth Committee will charter a bus—if sufficient reservations are made—for Pomona Grangers who will travel to Saratoga Springs on Wednesday, Oct. 29 for the Sixth Degree, it was announced today by Bessie Powell, committee chairman.

She urged Grangers who have completed the Fifth Degree of Grange and are interested in the State Grange degree to contact State Deputy Vernon Barnhart Stone Ridge, Wilfred Neff of of High Falls or Jack Nace of Highland by Monday, Oct. 13.

Tickets for the state Grange may be obtained from Deputy Barnhart. The committee will charter a bus on Oct. 29 if sufficient reservations are made.

Although England gained more from the Suez Canal than any other country, it had no part in building it, and actually opposed it.

Redeemer Plans Sector Dinner on Wednesday, 22nd

Invitations to the members of the Lutheran Church of the Redeemer to attend the Sector project congregational dinner October 22 at 7 p. m. are in the mail today, according to an announcement made last evening at a general committee meeting in Redeemer's parish house.

Arnold B. Woehlke, general chairman, called on Mr. and Mrs. Richard R. Mandt for a report on the dinner plans. They reported that it will be held in the assembly room of the church at Wurts and Rogers Streets and will be served by the Ladies' Aid Society of Saint Paul's Lutheran Church and will be limited to members of Redeemer congregation over confirmation age. They said this limitation is necessary because of the nature of the program and lack of space.

Chairman Woehlke reported briefly on the work of Thomas A. Rowland's research committee and Ralph Skatrud outlined the results of the proposal meetings. Reports of the survey group headed by William Daum and by visits chairman, Heinz Burmester were aso given. The Rev. David C. Gaise, pastor, Miss Louise Carlson, parish worker, and Henry O. Wickman, president of the congregation also spoke briefly to the group.

No tickets are to be sold for the congregational dinner but a free-will offering will be received. The dinner committee stressed the vital importance of reservations so that sufficient food can be provided. Those planning to attend are urged to call Mrs. Ralph Skatrud or the church office as early as possible.

Samuel de Champlain discovered the Isle des Monts Deserts (Mount Desert Island, site of Bar Harbor, Maine) in 1604.

LARRY WILDE, one of the leading young comedians in show business, will appear as one of the featured acts at the Kingston Point Yacht Club annual ball Saturday night at the Barn. He appeared in the U. S. Steel Hour, CBS-TV, Wednesday night with Jackie Cooper and Barbara Bel Geddes. Program committee Chairman James J. Sweeney has expressed pleasure in being able to secure Wilde for the affair as he has appeared in most of the famous night clubs in the country.

It's Done in Soft Luxury Fabrics

Here's the shape of coats for snappy weather just ahead. Slim oval coat (left) has set-away beaver collar dyed to match the Capri blue of the coat. The coat has width at the top, tapers at the hem. Fawn-colored coat (center) is cut with bat-wing sleeves, notched collar and slim body lines. Back fullness marks coat (right) in ruby red with notched shawl collar and straight front. It has deep turn-back cuffs. All three coats shown here are done in a blend of zefran-and-wool, a synthetic which is soft to the touch, sheds wrinkles easily and is able to take the hard wear usually associated with hard-surface fabrics. This fall, it appears in such glowing colors as orange ice, royal blue, green and ruby red. For some coats, fur trim has been dyed exact shade of the coat.

Scout Drum Corps Compete Sunday At Poughkeepsie

Troop 12 Boy Scouts Drum and Bugle Corps of Kingston will travel to Poughkeepsie Sunday, Oct. 19, to enter the 1958 Northeastern State competition to be held at Riverview Field.

Over 25 drum corps are expected to compete in the event, sponsored by the Hudson Valley Drum Corps Association. All the corps are champions in their associations, the local Boy Scouts having captured first place at the Hudson Valley field day held last month at Chester.

Competing at Poughkeepsie will be junior and senior drum corps in several classes representing the State Associations of New York, Connecticut, Massachusetts, and Rhode Island, in addition to those of the Hudson Valley organization. Classes in which the groups will enter are drum and bugle, fife and drum, fife, drum and bugle, combination and ancient.

Trophies will be awarded to the first place corps in each class and medals will go to the best drum major and twirlers, both male and female. Contestants will be judged for appearance, timing and playing ability. A short parade will precede the competition, starting at 1 p. m.

Driver Gets Summons After 213 Accident

A driver was issued a summons for failure to keep right early Wednesday night following a two-car head-on collision on the Peak Road a mile and a half West of Route 213, town of Marbletown.

William Myers, 47, of Accord, will appear some time this week before Justice of the Peace Harry Scarpati.

The collision involved a 1955 sedan operated by Myers, traveling West, and a 1953 sedan operated by John Baker, 26, of Eddyville, traveling East.

Trooper George Gaine of the Kingston state police said neither driver claimed injuries. Time of the collision was 9:15 p. m.

Louis XIV ceded all of Acadia to England in 1713.

Middletown GI Is Held in Germany For Murder Quiz

MUNICH, Germany (AP) — AMERICAN Army authorities said today they are holding 19-year old Pfc. George L. Lake, of (46 E. Main St.) Middletown, N. Y., for investigation in connection with the brutal murder of a German housewife.

The badly beaten body of Mrs. Margarete Schmitz, 30, was found in a forest near Munich last Friday. The forest, near Army barracks, is locally known as "Love Woods" because of being the dating grounds for many couples. Eight murders have been committed there since 1945.

Mrs. Schmitz' handbag was found in the basement of a building where Lake and other soldiers are billeted. A key, alleged to fit Mrs. Schmitz' door, was found in Lake's pocket, investigators asserted.

No charges have been filed yet against the soldier, Army officials said.

Amherst "inland gateway to Nova Scotia," is the geographic center of Canada's Maritime Provinces.

Territory Created

The Territory of Oregon, embracing all land from the Rocky Mountains to the Pacific Ocean between the 42nd and 49th parallels, was created Aug. 14, 1848, when President Polk signed a bill which survived a southern filibuster in the Senate.

NYC Omits Dividend

NEW YORK (AP) — The New York Central Railroad today omitted a fourth quarter dividend—the fourth time this year the road has passed up a cash payment.

The last cash dividend by the Central was 50 cents in June 1957. Stock dividends were declared in September and December last year.

Directors noted that although business conditions have improved and may continue to improve, overall results for the year do not justify dividend action.

The U.S. Constitution contains nothing about education, leaving the matter to the individual states.

GE Breaks Off Talks With IUE

NEW YORK (AP) — General Electric Co. negotiators today broke off talks with the International Union of Electrical Workers when the union refused to listen to a company savings and security plan.

Virgil B. Day, GE manager of union relations, walked out of the conference room and told reporters, "The meetings are adjourned."

GE made a similar walkout Wednesday over the cold-shouldering of its plan, but federal mediators persuaded both sides to continue talks.

The union and the company have been sparring for weeks over a contract reopening. The present contract has two years to run, but provides for negotiations now on employment security matters.

The IUE has sought an eight-point security plan, which the company rejected when the talks began.

IUE President James B. Carey said today his union will not give a favorable reception to GE's plan.

The Federal Bureau of Investigation laboratory was established in 1932.

THEY'LL DO IT EVERY TIME (Registered U.S. Patent Office) By JIMMY HATLO

Set Esopus Town

Control Commission seeking installation of a manual and automatic signal which can be controlled from Rifton Fire House. The request was made by letter from Rifton Board of Fire Commissioners.

A proposed program for winter recreation be conducted at Port Ewen School was tabled until formal adoption of the 1959 town budget.

A proposal to use a hill free of traffic on an abandoned town road for sleighriding was discussed. Town Highway Department Superintendent Paul Mercier was directed to check on the location, and Supervisor Roger W. Mabie said he would investigate the matter of insurance coverage.

Potter Submits Resignation

Basil H. Potter, Town of Esopus Lions Club representative on the Park Commission, submitted his resignation. No action was taken by the board.

DuVall H. Dunbar of Port Ewen Businessmen's Assocation was appointed to the Park Commission replacing the Rev. Harry Christiana, pastor of Port Ewen Reformed Church, who had been representing the businessmen since January.

Councilman E. Stirling Potter was appointed chairman of the United Nations Day activities scheduled by the township October 24. The Town Board issued a proclamation declaring Friday, Oct. 24 as UN Day in the Town of Esopus.

In answer to a petition from residents of Minturn Street the board approved installation of a street light on the thoroughfare north of Main Street.

Supervisor Mabie read a committee report on proposed house numbering project for Port Ewen which indicated that members of the Port Ewen Businessmen's Association, the board of assessors, the highway superintendent and water superintendent that they are in the process of assigning numbers to individual properties.

A public hearing on the 1959 town budget was set for Thursday, Nov. 6 at 8 p. m. in the Town Hall, Port Ewen following a preliminary hearing last night.

The meeting adjourned at 12:45 a. m.

Rockefeller Dinner Crowd Expands to Kirkland Hotel

Demand for tickets for the Oct. 16 dinner at the Governor Clinton Hotel honoring Nelson A. Rockefeller has been so great that the Ulster County Republican Committee has decided to expand the celebration to a second hotel.

A spokesman for the committee said this morning that facilities of the Kirkland Hotel would also be used.

The New York Telephone Company is installing a loudspeaker system in the Kirkland and will pipe in Rockefeller's address by wire from the Governor Clinton.

600 Tickets Sold

It was reported that approximately 600 reservations have already been received by the committee and that for the past several days they have been turning down requests.

The demand was so great, however, that it was decided to make arrangements for use of the second hotel.

The Governor Clinton, using long banquet tables, can accommodate about 550 persons, it was reported.

To Make Visit

Rockefeller has assured the committee that he will visit the Kirkland to greet supporters there following his address at the Governor Clinton.

The Republican Committee will continue to accept reservations, it was said.

A loudspeaker will also be placed outside the Governor Clinton Hotel to carry the speeches made at the dinner and the candidates will greet people on the sidewalk and Academy Green after the dinner.

Rockefeller is due in Kingston about 4:20 p. m. Oct. 16, coming by car over the Rondout Creek bridge.

Asks to Tour Downtown

It was reported that he had asked to tour the downtown section before proceeding up Broadway to the hotel.

He will be completing a three-day tour of the state when he arrives in Kingston.

He will reportedly rest briefly at the hotel before the dinner, scheduled to begin at 6:30 p. m.

A spokesman for the committee told The Freeman that the people who arrived first at the hotel would get the best seats. First come, first served, it was explained.

Sub Visit Sought For '59 Fete Here

An effort will be made to have a submarine visit Kingston next year during the Hudson-Champlain anniversary observance, it was learned today.

Leo E. Bolind, Chief Commissaryman, U. S. Navy, area recruiting officer, notified Mayor Edwin F. Radel that he has been requested to investigate the possibility of bringing a submarine here.

Offices to Close

Mayor Edwin F. Radel announced today that offices in the city hall, except those of the police department, will be closed Monday, Oct. 13 when Columbus Day will be observed.

American housewives buy 755 million clothespins every year.

School Fire Try Traced to Boys

Apparent attempts to start fires in School No. 4, Delaware Avenue several days ago was traced to four boys in the age range of 10 and 11 years old, it was learned today.

Fire Chief James M. Brett said he had asked for a police investigation after Deputy Fire Chief George D. Matthews, in a routine inspection, discovered evidence of the fires. Window sills had been charred by lighted candles and matches were thrown on a section of roof.

Chief Brett commended officers William Slover and Charles McCullough for their work in tracing the attempts to the four boys, especially after the delayed discovery of conditions in the building.

A police report yesterday noted that the boys had been apprehended. They were disciplined by school authorities and reprimanded by the officers, the report said.

School No. 5 was badly damager a few years ago by a fire believed to have been started by youngsters. Previous to the damaging blaze, it was noted, two or three small fires had been started there.

Mourning Rites

X, whom he canonized as a saint in 1954.

May Meet in 15 Days

The cardinals at their meeting today also will arrange for the "interregnum," the period between the death of a pope and the election of a new one. During this period the direction of emergency affairs of the church will fall largely on the shoulders of Eugene Cardinal Tisserant, 74-year-old dean of the College of Cardinals.

The secret conclave for choosing a new pope is to be held as soon as possible after 15 days following the death of a pontiff.

In the Pope's last hours, expressions of hope for his recovery had come from around the world and from people of all creeds. These messages now turned to expressions of sorrow from the high and the low.

Soviet Report Brief

The Soviet news agency Tass, which had not reported the Pope's illness, reported his death in a brief dispatch.

The death of Pius XII, who guided the church through Nazi-fanned hot wars and Communist-chilled cold wars, did not deprive it of his guidance. He left behind scores of encyclicals, speeches and other documents which have become part of Roman Catholic heritage.

He literally worked himself to death, in the opinion of Vatican officials.

The last two months here were among the busiest of his busy reign, although Castel Gandolfo is supposed to be a place of rest. Almost daily during September he addressed large audiences.

As October started, he was clearly fatigued.

Gastritis and hiccups, which had brought him close to death four years ago, returned last week. His doctors suggested he reduce his work load.

He tried to compromise with the physicians, and refrained from addressing one audience.

Stroke Follows Rally

Early Monday he was stricken by a cerebral circulatory attack — stroke. He rallied slightly Tuesday. Early Wednesday there was a second stroke which left him in a coma and partially paralyzed.

In the afternoon he suffered a grave cardiac pulmonary collapse. A kidney block troubled him. His temperature rose to 107.6 degrees.

Roman Catholics around the world were asked to pray for the Pope in his last moments.

Cardinals and other high church prelates, gathered in his room, watched his labored breathing. His relatives and personal aides were there. In all about 30 persons were present.

A rosary was in the pontiff's left hand, a crucifix on his chest. A mourning mass was said for the dying.

His doctors watched him closely. Then, when his time had come, they notified Cardinal Tisserant, who entered the plain white chamber with its brass bedstead and performed the traditional service of recognition of death.

The body was embalmed immediately and dressed in the pontifical robes familiar to millions — a white silk cassock, an ermine-trimmed crimson velvet cape and on his head a camauro, a medieval pontifical headgear.

Members of the Noble Guard, with drawn swords and golden breastplates, took stations in the room. High-ranking Vatican dignitaries began a mournful pilgrimage to the bier, to kneel in prayer and to kiss his hand for the last time.

3,000 Are Still Without Schools In Little Rock

LITTLE ROCK, Ark. (AP)—The end of the first six-week school term approached today and about 3,000 high school pupils are still looking for some place to attend classes.

W. C. Brashears, newly hired superintendent of the Little Rock Private School Corp., said he did not know when schools would open.

"There's still a lot of preliminary work to be done," Brashears said.

Neither Gov. Orval E. Faubus, principal backer of the private school plan, nor Dr. T. J. Raney, president of the corporation, would say when classes might begin.

Faubus announced Wednesday he would send a letter, asking for funds to finance private schools, to all persons who have written or telegraphed him supporting his integration stand. He said the letters would be mailed in a few days.

Pupils at junior high and elementary schools finish their first six weeks of work Friday. Report cards are distributed at six-week intervals in Little Rock schools.

The exodus to schools in the Pulaski County district appeared near an end.

Five schools in surrounding cities have admitted 378 displaced students, but County Supt. E. F. Dunn said no more could be accommodated unless he could find additional teachers.

Kilburn Urges Quick Decision On Drum Future

WASHINGTON (AP) — Rep. Clarence E. Kilburn says he has asked President Eisenhower to direct the Army to give a prompt decision on making Camp Drum a permanent base.

The Malone, N. Y., Republican, irked at what he considers long Army delay on the matter, said Wednesday he had written the President that, "as a senior member of Congress," he had a right to a decision.

Sees Implications

The issue has "grave political implications" in New York State, Kilburn said he told the President. He did not amplify this remark.

The big base at Watertown in northern New York now is used for summer training of National Guard and reserve troops.

Republican Rep. Kenneth B. Keating, who is running for the U. S. Senate, also is seeking to make the base a permanent installation.

Kilburn told Eisenhower the project had the hearty endorsement of the Army's major field commanders.

Last March, Kilburn and Republican senators Irving M. Ives and Jacob K. Javits conferred with Army Secretary Wilbur Brucker.

"He (Brucker) assured us," Kilburn said, "that he would give the matter careful consideration. He must have—almost ad infinitum—because it is now October, and we still have not received the courtesy of a complete answer in writing."

No Added Costs

Kilburn said the 1st Army, which holds jurisdiction over the camp, had assured Pentagon officials that to make the camp permanent would involve no additional cost.

Declaring that he had a right to an answer, Kilburn told Eisenhower:

"Of past performance I am somewhat skeptical of their (The Army's) ability to recognize logic and common sense in the situation, despite recommendations from those in a position to know.

"However, I can always hope as a legislator who has always stood strongly in your corner, that this time I would receive a prompt and favorable decision."

Former Sheriff Dies

CAZENOVIA, N. Y. (AP)—Edmund H. Francis, 86, one-time sheriff of Madison County, died Wednesday in Detroit, Mich., while visiting relatives, his family reported.

Deaths

WASHINGTON (AP) — Dr. George Benjamin Woods, 79, a former dean of American University, died Wednesday. He had taught at Miami University, Oxford, Ohio, and Carleton College, Northfield, Minn., before becoming dean of American University's College of Liberal Arts in 1925. He was born in Morris, Ill.

GREENWICH, Conn. (AP) — Yasha Frank, 55, a New York television producer, was found dead Thursday. A medical examiner called his death a suicide. Frank, who was born in New York, spent most of his life in the entertainment business.

WASHINGTON (AP) — Donald Harold Dabelstein, 51, a federal specialist on vocational rehabilitation, died Wednesday of a heart attack. He was assistant director for programs of the Department of Welfare's Office of Vocational Rehabilitation. He formerly was director of special education and vocational rehabilitation for Minnesota. He was born in Winona, Minn.

LONDON (AP) — Henry Channon, 61, a Chicago-born author who became a British Parliament member and was knighted last year, died Wednesday. Channon came to Britain as a boy and became naturalized citizen.

LIBERTY RISING—What at first glance looks like the Statue of Liberty in unfamiliar surroundings is actually a one-fifth-size replica of America's famous Lady. The 31-foot, 20,000-pound bronze statue is being hoisted to the top of the Liberty National Life Insurance Building in Birmingham, Ala., where its gas-fired torch will shed light 184 feet above the city. Like her big sister in New York Harbor, Miss Liberty was made in France.

Births

The city registrar recently recorded the following births:

Fire Truck Starts Fire

PITTSBURG, Kan. (AP)—John Marietta and his son took a 1921 vintage fire engine into a field for a trial run. A broken fuel line caused a fire in the engine, and the flames spread to the dry grass of the field. The fire was put out with a hand extinguisher.

IUE Pact Fails To Help Lagging 1959 Car Output

By The Associated Press

DETROIT (AP) — A new auto industry contract cleared the way today for 25,000 strikers to return to work, but apparently did little to boost the lagging 1959 car output.

General Motors and the International Union of Electrical Workers (IUE) Wednesday night agreed to a three-year contract covering IUE workers in five cities of GM's nationwide operation.

The pact, arrived at after a week-long IUE strike, followed the pattern of the United Auto Workers three-year contracts for half a million production workers.

Provides Pay Raise

However, GM, largest of the car makers, still was crippled by local plant strikes.

A full week after the national UAW settlement the company had local settlements at only 12 of its 126 plants employing about 26,000 of its 275,000 workers.

Strikes and a new dispute over firings broke out at Chrysler. Ford alone of the Big Three had no walkouts though a parts shortage has been a problem

The Chrysler firings were at its Twinsburg, Ohio, and Newark, Del., plants where the UAW International ordered wildcat strikers back to work Tuesday. Newark strikers obeyed but Twinsburg strikers refused to go back. About 3,000 men were involved.

Prior firings had set off the strikes. The UAW said some of these firings had been settled and others were in grievance action. The International charged strike leaders with irresponsibility and said it could do nothing to defend the union locals against any charges the company might bring.

New Chrysler Dispute

The GM-IUE settlement provided for a pay raise and improvements in pension and layoff pay plans, as well as including the new UAW severance pay arrangement for permanently discharged men.

Al Harnett, IUE secretary-treasurer, said the IUE wage increase is 25 to 38 cents an hour spread over the three years. The UAW's has been estimated at 24 to 30 cents.

Industry wages vary depending on job classifications. The production worker overall average is about $2.49 an hour.

The IUE workers are in Dayton and Warren, Ohio; Chicago, Rochester, N. Y., and New Brunswick, N. J.

Merle Youngs Dies

CLAYTON, N. Y. (AP)—Merle L. Youngs, head of two firms producing rubber toilet goods and pharmaceuticals, died at his summer home here Wednesday after suffering a heart attack. He was 71.

Youngs was chairman of the board of the Youngs Rubber Co. and president of the Holland, Rantos Co. Both have offices in New York City.

Youngs was noted as a yachtsman and cattle breeder.

Funeral services will be held Saturday at the Universal Funeral Chapel in New York City.

His widow, the former Olive Mitchell of New York City, survives.

Liberals Ask Probe

CAMBRIDGE, N. Y. (AP)—The Liberal Party seeks a state investigation of what it calls flagrant and widespread irregularities at polling places in rural Washington County.

The party asked Atty. Gen. Louis J. Lefkowitz, a Republican, to send a special deputy and a staff of investigators to check equipment in all 51 polling places in the county's 17 towns.

The telegram was sent Wednesday by Dale A. Catellier, chairman of the Liberal's executive committee for Washington County.

Repeaters

Bees cannot sting more than once since they lose their stinger in the process, but wasps, yellowjackets and hornets are repeat stingers.

Former Upstate Man Is Shot to Death in Texas

ODESSA, Tex. (AP)—Businessman B. C. Garrison, 45, faced a murder charge today in the shooting of a man he found watching television with his estranged wife.

The victim was J. William Dean, 35, another businessman here who once lived in Wellsville, N. Y.

Dean was shot Tuesday night in the den of the Garrison home. The Garrisons had been living apart and Mrs. Garrison, an attractive blonde, had filed suit for divorce.

Garrison, a tire dealer, was released on $5,000 bond after being arraigned Wednesday before Thomas Murphy, a justice of the peace.

Detective Lt. Olan Miles quoted Mrs. Garrison as saying that she and Dean were sipping coffee and watching television when she glanced up and saw her husband standing in the doorway.

Miles said Mrs. Garrison told him the husband spoke but she did not hear what he said. Shots rang out. Dean staggered through the house and fell on the driveway.

Jimmie Cotten, a reporter for the Odessa American, said he talked with Garrison minutes after the shooting.

Cotten said Garrison told him that Dean approached in a threatening fashion and that Garrison pulled a French .32 caliber automatic from his belt and fired.

The reporter said Garrison told him Dean slumped to the sofa and grabbed Garrison by the neck. Garrison said he fired again and Dean ran from the house.

Garrison told him he had never met Dean previously, Cotten said.

Dean was single and a veteran of World War II. He was in the oil field service business here and sold automobiles in Lubbock, Tex.

Braves Look Jittery

Yankees 11-10 Choice To Win Seventh Game

Larsen or Kucks To Face Burdette

By JOE REICHLER
Associated Press Sports Writer

MILWAUKEE (AP) — A suddenly tight, worried Milwaukee team faced a suddenly carefree, confident New York club today in the seventh and final game as the World Series string finally ran out.

Lew Burdette and Don Larsen, opposing moundsmen in the seventh game of last year's World Series, were virtually certain to face each other again in the pay-off game for the world championship. Burdette won last year 5-0.

Despite Burdette's four victories over New York in five meetings over a two-series span, and the fact that he was pitching on home grounds, the Yankees ruled an 11-10 favorite to gain revenge on the Braves.

Yankee spirits soared after their 4-3 triumph in 10 innings Wednesday. It gave them two straight, three out of the last four, and enabled them to square the Series at 3-all. From Manager Casey Stengel down, the Yankees felt certain they would win.

Stengel didn't say for sure that Larsen, who hurled seven shutout innings and was credited with the third-game victory last Saturday, would pitch the decisive game. He just said, "It looks like Larsen will go tomorrow."

Then he added: "It might be Johnny Kucks. You might consider Bob Turley also. And maybe Ryne Duren will be in there again."

Might Be Kucks

Duren and Turley worked in Wednesday's game, along with starter Whitey Ford and Art Ditmar. Duren took over in the sixth with the score tied 2-2 and pitched four scoreless innings before a walk and hits by Hank Aaron and Joe Adcock produced a Milwaukee run and forced his exit. Turley came in to retire pinchhitter Frank Torre, ending the game with the tying run on third, the potential winning run on first. The victory went to Duren, who fanned eight.

Warren Spahn, the Braves' ace, was the loser.

Their composure badly shaken, the Braves were banking everything on Burdette just as they did last year. Fidgety Lew was making his third start in seven days and his second in three. He won the second game 13-5 but was shelled from the mound in a six-run sixth inning of the fifth game Monday, won by the Yankees 7-0.

They Had Chances

The Braves had several chances to pull away, especially in the early innings when they had Ford on the ropes. Each time they let him get off the hook. Their defensive work was shoddy too, and it wasn't all the fault of the soggy footing, caused by an early morning rain that for a time threatened to force a postponement.

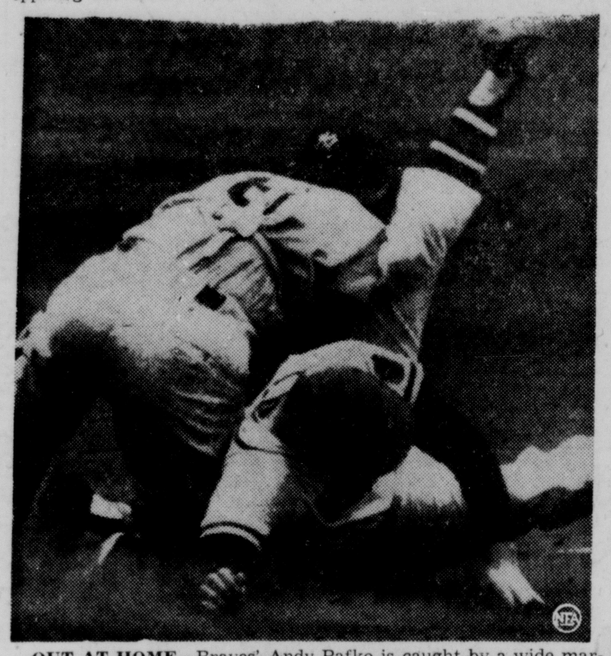
The Braves committed four errors, more than the combined total of both teams in the previous five games. Spahn, pitching with only two days rest, surmounted the first three but the fourth, a fumble by Billy Bruton, paved the way for New York's tying run. Oddly enough, Bruton's error came only minutes after Manager Fred Haney had sent him to center field in place of Andy Pafko for defensive purposes.

Pinch Hitters Futile

The Braves led 2-1 when Mickey Mantle and Elston Howard cracked back-to-back singles with none out in the sixth inning. Bruton bobbled Elston Howard's hit, his first of the series, and Mantle, who had stopped at second, advanced to third. Mickey scored on Berra's sacrifice fly. After Bill Skowron walked, pinch hitters Enos Slaughter grounded out and Jerry Lumpe struck out.

The Braves got half of their 10 hits in the first two innings but scored only twice. Red Schoendienst's single, a sacrifice and Aaron's single furnished a run in the first inning. In the second they peppered Ford for three hits and a walk but got only one run out of it.

Gil McDougald's homer snapped a 2-2 tie in the 10th. When Howard and Berra singled with two out, Don McMahon replaced the 37-year-old left-hander and gave up a run-scoring single to Bill Skowron before retiring the side.



OUT AT HOME—Braves' Andy Pafko is caught by a wide margin as he tries to score from third on Johnny Logan's fly to short left field in second inning. Yankees' left fielder Elston Howard made perfect throw to Yogi Berra to nab Pafko. (NEA Telephoto)

Haney Defends His Choice Of Spahn in Sixth Contest

By JOE MOOSHIL
Associated Press Sports Writer

MILWAUKEE (AP) — Manager Fred Haney of the Milwaukee Braves paused for a moment and then answered:

"I would have to make the same decision again and go with Spahnie."

That was Haney's answer to the second guess when he was asked if he had to do it over would he again name Warren Spahn to pitch the sixth game of the World Series with only two days rest.

The Yankees won 4-3 in a game which turned out to be the second-guessers' delight.

Spahn did a brilliant job but how much better off would the Braves have been if they had gambled with another pitcher and had Spahn ready for today's finale with three days rest?

"He's a tremendous pitcher," said Yankee catcher Yogi Berra, "but he wasn't as good as he was Sunday when he beat us 3-0. It's tough pitching with two days rest. Look at our guy."

"Our guy" was Whitey Ford, who started with two days rest. Ford didn't last two innings. Art Ditmar, who many figured would be Manager Casey Stengel's choice, relieved Ford and gave up only two hits—one a bunt single—in 3 1-3 innings.

If Stengel had started Ditmar and won, he would have had a rested Whitey Ford for today's big game.

What would have happened if Braves' coach Billy Herman hadn't sent Andy Pafko home in the second inning on Johnny Logan's fly ball to left. Elston Howard made a perfect throw and Pafko was out to end the inning.

Had Pafko been held up, the Braves would have had the bases loaded with slugger Eddie Mathews at bat.

If umpire John Flaherty had ruled a catch on Wes Covington's drive to Mickey Mantle in the second inning, would Whitey Ford have gone the route? Or maybe, the Braves might have won the game.

Let's say Ford survived the second inning and later got into a quick jam and had someone hit a homer to give Milwaukee a two or three run lead. If would have happened because catcher Yogi Berra admitted Ford didn't have good stuff.

Facts-Filbert On The Series

By BEN OLAN
Associated Press Sports Writer

World Series notes and quotes:

Two hits by Hank Bauer today will enable the Yankee outfielder to tie another series record. Bauer has 10 safeties and the standard is 12 shard by Ed Rice of Washington and Pepper Martin of the St. Louis Cards and Billy Martin when he was still with the Yankees.

The difference between winning and losing today's crucial game amounts to exactly $104,447. The winning team gets $313,339 and the loser $208,892. The commissioner's office will announce the exact number of shares next week. Each winner will get about $9,000 and each loser close to $6,000.

Red Schoendienst, the Braves' 35-year-old second baseman, is enjoying his best series. His two hits Wednesday boosted his batting average to .320. Red hit .233 in 1946 and .278 in 1957 — his only other series.

Warren Spahn kept up his reputation as a good hittin' pitcher Wednesday. He had one hit and drove in a run. Overall, Spahn has four safeties in 12 tries for a .333 average — the same mark he compiled during the regular season while stroking 36 hits in 108 at bats.

Looking at bespectadled Ryne Duren one would think he had two bad eyes. But the New York pitcher claims he has a good one. "My right eye is my good eye," he said. "It's 70-20. My left eye is 200-200." (normal vision is 20-20).

With a batting average of .385, Hank Bauer is hitting more than double his weight of 191 pounds. "But, "he admits, "I weighed only 102 pounds as a junior in high school and they wouldn't even consider me for the football team."

If the Yanks win today's game, Casey Stengel will tie Joe McCarthy as the manager who has won the most World Series. Casey has won six of eight previous classics. McCarthy won seven of nine. He lost one while piloting the Chicago Cubs and was 7-1 with the Yanks.

Katsbaan Romps, 75-72 in YMCA 'A' Cage Loop

Katsbaan jumped to a 12-point bulge at halftime in the YMCA Autumn League "A" Division last night and never was really pressed to the final buzzer when they defeated Balotins, 75-52.

Three players hit for double figures topped by Bud Smith's 21 points. Ronnie Scheffel bucketed 20 and Frank Koenig fired 17.

Frank Edeleman scored five field baskets for a 10-point total and led Balotins. Kreiger, Gorman and Dallao canned eight apiece.

Koenig and Smith were particularly effective from the foul line for Katsbaan. Both missed only one shot in eight tries.

The boxscore:

Katsbaan (75)

	G	F	PF	T
Morrissey	3	1- 3	5	7
McGrane	1	0- 0	1	2
Marks	2	0- 0	1	4
Koenig	5	7- 8	3	17
Smith	7	7- 8	2	21
Scheffel	7	6-10	1	20
Hobart	0	0- 0	0	0
Peck	2	0- 0	1	4
Totals	27	21-29	14	75

Balotin (52)

	G	F	PF	T
Dallao	4	0- 1	3	8
Slater	2	2- 3	2	6
P. Anderson	2	3- 4	1	7
A. Anderson	0	0- 0	1	0
Krieger	3	2- 2	4	8
Gorman	3	2- 3	2	8
Wright	0	0- 0	1	0
Quatler	2	1- 4	0	5
McKierin	0	0- 0	1	0
Edeleman	5	0- 0	3	10
Totals	21	10-17	18	52

Scoring by quarters:

Katsbaan	16	20	21	18—75
Balotin	11	13	15	13—52

Referees: Ken Dyson and Dick Terlingen. Scorer: Bob Lawrence. Timer: Jack Lewis.

New Rochelle, Pioneers Pose Threats

But Maroons Can Play Only One Game at a Time

BY ED PALLADINO
(Freeman Sports Staff)

Kingston High School football coach Bill Burke has two worries this week. His main concern is that his charges will be able to extend their winning streak against a fired up New Rochelle team. The other worry is whether the Kingston players are perhaps looking ahead one week for their big DUSO League clash with Poughkeepsie High School. If so, Saturday's trip to Westchester County could become a sad one.

To say that the 18 game winning string compiled by Burke and his boys since late in the 1955 season is in jeopardy this Saturday, is putting it mildly. New Rochelle has for the past three seasons been the top club in Weschester County.

The Purple Wave has lost just three games during that span and their tormentor all three times has been Mount St. Michael of the Bronx. Last week the Bronx club spoiled the debut of this year's New Rochelle eleven by scoring a 20-6 victory.

A glance at the statistics of that contest shows that the home team compiled only six first downs and gained but 28 yards along the turf, despite the presence in the lineup of two swift halfbacks. That tells the tale of how strong Mount St. Michael is this year.

Better in Air

New Rochelle had better success in the air. It tried twelve passes, most of them short tosses, and completed eight. However, the net yardage gained on the completions was only 65 yards.

The winners scored 13 first downs against the Purple Wave, rushed for 238 and completed one pass in six attempts for eight yards.

Coach Lou Amonson of New Rochelle uses two formations. His operatives work from the Split "T" and the Single Wing. Against Mount St. Michael, both formations were used about equal.

Spirit Runs High

Coach Burke said that spirit is good this week and his boys will be playing only "one game a a time." However, the fact remains that a third straight DUSO league triumph is within reach and only Poughkeepsie and Newburgh loom in the way of the feat.

Last year the Maroon probably took the game with New York Military Academy a little lighter than usual because the Poughkeepsie game was scheduled for the next week. As a result, the Cadets walked off the field with a 12-6 halftime margin. They finally bowed to Kingston, 18-12.

No changes are expected in the starting KHS lineup. It has remained static for both games, except for Hobie Armstrong, who did not play against Port Jervis because of a bad ankle. He is in good shape for this game and will be the main threat for New Rochelle to cope with. However, fullback Tony Uhl, halfback John Parete and quarterback Jerry McDonough have all looked good from their backfield posts the first two games.

A rousing battle is expected and kickoff time at the Westchester County gridiron will be two o'clock. A delegation of Kingston fans is expected to view the proceedings.

British Lead By Six Strokes In World Golf

ST. ANDREWS, Scotland (AP) —Britain carried a six stroke lead into the second round of the world's first Amateur Golf Championship today with the players from 29 countries hoping for better weather.

The British team built up a 227-233 lead over the favored United States team Wednesday as gale like gusts of wind un to 60 miles an hour and a steady wind of 35 m. p. h. swept across the ancient course.

"The wind was strong enough to move a ball as much as a foot after it rest on the greens," said Britain's Guy Wolstenholme, whose opening round of 76 placed him in a tie for fifth behind teammate Reid Jack (72), Charloe Coe of the U. S. (74), R. J. Charles of New Zealand (74) and Luis Silverio of the Philippines (75).

Low first round scorer for the U. S. team was Coe, 34-year-old reigning American Amateur champion, of Oklahoma City.

Philadelphia's Billy Hyndman had 79, Billy Joe Patton of Morganton, N. C., 80, and Dr. Frank Taylor of Pomona, Calif., an 81.

Tied for third place were Argentina and New Zealand with 236.

Each of the 29 countries entered in the tournament has fielded a team of three or four men. The lowest three scores recorded for each of the four days of competition count for the team's aggregate total.

Lopat, Farrell Will Speak At Ulster LL October 18th

A former New York Yankee pitching star and a member of the American League champions promotional department will be guest speakers at the third annual Town of Ulster Little League banquet Saturday, Oct. 18 at Chambers School at 7:30 p. m.

Eddie Lopat, manager of the Yankees Richmond farm club who, in recent speculation, has been mentioned as a possible successor to Casey Stengel when he retires, will share the dais with Jackie Farrell, producer of the Yankee Stadium pre and post-game television shows.

Lopat, similarly known as "Steady Eddie" was the pitching scourge of the American League for the Yankees in the pre-Whitey Ford era.

Third Time Here

Farrell will be making his third appearance in the area. He was guest speaker at the City Baseball League dinner last year and in January appeared at the Old Timers Baseball Association banquet. The squatty little Irishman has a wide repertoire of baseball stories and his legends on Yogi Berra have convulsed baseball dinner audiences.

Arrangements for the appearance of Lopat and Farrell were made by local baseball promoter Fred Davi.

Charles J. Tiano, Freeman sports editor, will be toastmaster and will also introduce the Ulster-Albany Avenue Businessmen's Indians, 1958 winners of the Ulster LL.

Soggy Diamond For Seventh Game

MILWAUKEE (AP) — A soggy outfield under a dry sky was the weatherman's forecast for this afternoon when the New York Yankees and the Milwaukee Braves play the seventh and final game of the World Series.

Milwaukee was drenched by rain Wednesday night and is expected to be soaked again tonight but partly cloudy skies — without rain — were predicted for this afternoon.

The weatherman forecast a high temperature of near 70 this afternoon. Game time is 2 p.m. (EST).

Reds Filled Dykes' Bill

NEW YORK — (NEA) — Jimmy Dykes, who had been a coach under Birdie Tebbetts, wanted to manage the Cincinnati Reds.

After 19 years of managing in Chicago, Philadelphia and Baltimore, the old third baseman said, "I'll never do it again if I have to take a lousy club."

Reminded of that, Dykes said, "But this is not a lousy club."

How did Dykes account for the success of the Redlegs under his management?

"I held a meeting right away and told those guys, 'You can't hurt me, but you can hurt yourselves. Frankly, I don't care."

Pro Basketball

Philadelphia (NBA) 107, St. Louis (NBA) 91

Boston (NBA) 98, Cincinnati (NBA) 96

Ray Winner On Late Rally

LOUISVILLE, Ky. (AP)—Slow-starting Sonny Ray of Chicago parleyed stamina and a punishing body attack into a decision over Eddie Cotton Wednesday night in a 10-round light-heavyweight fight televised nationally from Fairgrounds Coliseum.

The two judges saw Ray as the winner. The referee called it a draw.

Cotton, of Seattle, carried the fight to his 23-year-old foe in the early rounds. He kept Ray off balance with swift left jabs and opened a cut over Ray's left eye in the fifth.

But Ray picked up the pace in the sixth and kept Cotton doubled up with savage shots to the midsection. In the 10th, a combination to the chin had Cotton hanging on at the bell.

Ray ran his record to 19-5-5. He weighed 171½ to 167½ for Cotton, whose mark is now 35-8-1.

UPENDED—Hank Aaron (44) of the Braves upsets Yankees' first baseman Bill Skowron after beating out a bunt in the third inning of the sixth World Series game in Milwaukee. The ball was fielded by pitcher Art Ditmar, who made a bad throw to first. Ditmar was charged with an error as Aaron, credited with an infield hit, advanced to second. (NEA Telephoto)

Talk of the World Series was that the Yanks may be coming back to the rest of the American League . . . not because of any failings on the field . . . but an apparent belt-tightening that has seen them give up their Denver tie-up because they didn't have the players to stock it . . . and the failure of their scouts to sign up youngsters, in the Caribbean area or any place else. . . .

The Reds may have something in that trade with the Cardinals . . . if they can straighten out the personal problems of the players involved. . . .

* * *

The precocity of Pete Dawkins, the senior half of Army's bazooka twins (the other's Bob Anderson), even sent him through high school on a scholastic scholarship . . . at swank Cranbrook School, outside Detroit . . . and although he's one of the top students at the Academy, captain of the corps, a poised leader, he's not sure he wants to make the military a career after his compulsory three years—any pro scout listening?

Babe Dahlgren drrove all night from Milwaukee to get to Yankee Stadium in time for the first New York game of the Series . . . and was refused a ducat by the club he once first-based into the Series

Fred Purner, who went from baseball to the turf (Santa Anita) with the late Doc Strub, was reminiscing about the young Joe DiMag he knew as a rookie with the old San Francisco Seals. . . . Fred put the now articulate Joe D. on his first radio broadcast to describe the art of hitting. . . . "That wide stance of yours gives you balance and power, doesn't it, Joe?" . . . DiMag nodded. . . . "This is radio, Joe," Purner whispered, "you got to say something." . . . "Talking about hitting with other players can be a help, too, eh, Joe?" . . . again DiMag nodded. . . .

Wes Covington was a high school crony of Tom Wilson, one of pro football's great runners as a Ram . . . but then Wilson was a tackle blocking up front for the Braves' outfielder, a fullback. . . .

* * *

Frank Forbes, Willie Mays' father confessor w[illegible] he first broke into baseball but out in the cold since the Giants left town, says Willie lost out on the National League batting crown by a "mere four inches, not four points." . . . the space it would have taken to close up his stance and protect the outside corner of the plate, where they got Willie boy out during his long slump. . . .

The Chicago Cardinals, with rookie M.C. Reynolds at the helm, aren't the only ones using the new-fangled double-wing-T. . . . Reynolds' alma mater, LSU, has adopted it, too. . . .

* * *

Inner counsels of the Redllegs say Gabe Paul would have retained Jimmy Dykes, the writers' choice as manager, if he hadn't already committed himself to Mayo Smith . . . and Birdie Tebbetts wanted to resign a month before the announced date . . . but Paul wouldn't let him quit . . . until the night he went out to counsel a pitcher . . . and Eddie Matthews blasted one out of the park before he barely got back to the dugout. . . .

L.A. brags about the $4 million yield in attendance . . . but Buzzy Bavasi admits bedraggled Ebbets Field once netted the Dodgers three and a quarter million . . . plus TV swag. . . .

Between you'n'me, if the Dodgers don't get an L.A. park by '60, and it looks like they won't, the holiday is finished—because the Coliseum contract calls for 10 per cent of the gross in rental then . . . and no concessions . . . the stiffest terms by far in the majors. . . .

Loss Hurt Big Spahn

By CHUCK CAPALDO
Associated Press Sports Writer

MILWAUKEE (AP) — No one loses harder than Warren Spahn, the Milwaukee Braves' indestructible left-hander.

This was never more evident than Wednesday after he had dropped a 4-3, 10-inning decision to the Yankees in the sixth game of the World Series. The series now is squared at 3-all.

"You either win or you don't," he said in the Braves' almost deserted clubhouse while his young son Greg stood nearby. "Nothing else makes any difference."

"When you don't," he continued, "you're second rate period. Anybody can wind up second."

Spahn, 37, wouldn't be Spahn if he didn't berate himself for losing a ball game, even though he battled the Yankees for 9 2-3 innings with only two days' rest.

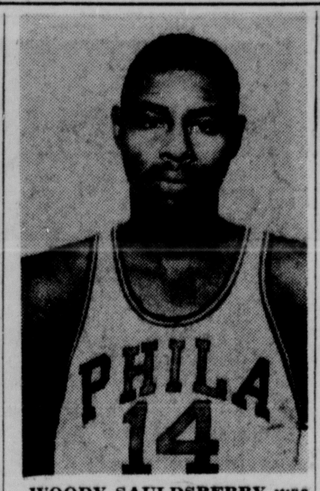
What Good's the Record

The fact that he has pitched 28 2-3 innings and beaten the Yankees twice made little difference. Had the series ended Wdnesday, his total innings pitched would have gone down in the books as a new series record.

"What good is a record like that when we didn't win?" he said.

Then, turning the page on a new thought, he commented as though talking to himself: "They (the Yankees) are not used to losing. We've got to beat them. They're not going to beat themselves. When the ball game is even, they have the edge. . . . No, I won't say that. . . . .

"Even if we had beaten them four straight, I'd still say they have a good ball club. They're tough, no getting around that. I've said right along, there's not much to choose between these two teams."



WOODY SAULDSBERRY was voted "Rookie of the Year" in the National Basketball Association last season and area basketball fans will attest the selection was justified when they watch the Los Angeles sophomore with the Philadelphia Warriors against the Syracuse Nationals Friday, Oct. 17 at 9 p. m. at the Kate Walton field house.

Outstanding defensively and with plenty of speed, Sauldsberry, who played two seasons at Texas Southern and then with the Harlem Globetrotters before joining the Warriors, is playing his second season in the NBA.

The altitudinous Sauldsberry (6 ft. 7 in.) carries his 220 pounds well—off the floor for those rebounds. He scored 912 points for a 12.8 average, the third leading scorer topped only by Paul Arizin and Neil Johnston. Off the boards, he was Philadelphia's outstanding rebounder with 729 grabs, second best on the club.

Fans at the Oct. 17 game, sponsored by Kingston Post 150, American Legion, will see in Sauldsberry a terrific set shot which he "clothes-lines" into the bucket.

Ditmar In Hero Role

By ED WILKS
Associated Press Sports Writer

MILWAUKEE (AP) — "He told me I'd get into a game, but I was beginning to wonder."

The speaker was Art Ditmar, one of the heroes of the New York Yankees' get-even World Seris victory.

It was Ditmar and Ryn Duren who had shut out the Milwaukee Braves over seven innings until the Yankees finally got to Warren Spahn. New York won it 4-3 in 10 innings.

"You never know what Stengel's thinking," said Ditmar. "I thought I would have liked to start, but as it turned out, it's a good thing I didn't."

Ditmar, the big, 29-year-old right-hander Manager Casey Stengel had tagged "my No. 1 man in the bullpen" from the time the series started, was the early warmup man through the first five games.

Came The Call

Wednesday Ditmar's first call came. He replaced starter Whitey Ford in the second inning with the bases loaded, one run in, one out and the Braves leading 2-1.

One pitch and the inning was over. Johnny Logan hit it to left field, Elston Howard caught it and nailed Andy Pafko at the plate for a double play.

The Braves got only two hits—Hank Aaron's bunt single and Red Schoendienst's double—off Ditmar before Casey lifted him for a pinch hitter in the tying sixth.

"Aaron's bunt surprised me. It was the last thing in the world I expected," Ditmar said. It was Ditmar who got the ball, then threw wild to first, pulling Bill Skowron into Aaron's path.

Skowron and Aaron went flying. Aaron dashed to second after picking himself up.

"I should have thrown him out at first," said Ditmar. "But the ball was a little wet and I put too much on it.

Mrs. Charlotte Lapine, who is an old hand at racking up big totals, knocked off a 566 series to pace last night's torrid scoring session of the Friendship League. She stacked games of 177, 200 and 189.

Evelyn Gross spanked 559, Judy Lowe 204-552 and Evelyn Dolson 534 in the same league.

Elsewhere in the Friendship, Ella Lowe posted 222 (high solo for the night) and 517, Reta Frederick 445, Dot Rawding 465, Tess Moss 489, Chris Wilson 461, Margaret Mellert 400, Hilda Krum 429, Bertha Gally 423, Joan Smith 480, Chris Gallop 447, Terry Beckert 511. Marie Bechtold 491, Ann Manfro 202-505, Jo Smith 490, Helen Bordenstein 461, Mathilda Bruck 482, Elizabeth Bruck 475, Dot Donnaruma 437, Phyl Gehringer 431, Rose Rhymer 455; team results: Elston Sport Shop 1, The Alpine 2; Gov. Clinton Hotel 3, Hamburger Paradise 0; Jones Dairy 2, Sealtest 1; Schneider Jewelers 0, Dewey Logan Real Estate 3.

SIS BALASH mixed a combination of 178, 180 and 161 for 519 series. Arlene Raible fired 416, Dot Khederian 449, Helen Bruce 413, Lee Liscom 417, Sadie Bock 455, Lillian Craig 434, Rita Roach 405, Hazel Stopher 400, Sis Nestell 401, Louise Jordan 460, Celestes Estenes 496, Helen Gallo 434, Bea Arlensky 409, Freda Lifshin 429, Vera Anderson 455; team results: Cricket Shop 3, Schwenk's Bakery 0; Lor-Lee Shop 2, McDonough Body Works 1; Smith Mailers 0, Charlie's Texaco Station 3; Losee Volkswagon 0, Midtown Chop House 3.

* * *

BILL HORNBECK ran up the ladder for a 153-201-237 spree for 591 in the Federation American. Harold Pine rolled 508, Bob Peterson 507; team results: Fair Street 1, Comforter No. 1 (2); Clinton Avenue 1, Trinity Lutheran No. 2 (2).

* * *

ART SHERMAN put together games of 146, 228 and 184 for a 548 series in the IBM Saranac. John Rogaski unloaded a 525, Ray Christiana 506; team results: Team No. 10 (3), Team No. 7 (0); Team No. 6 (0), Team No. 2 (3); Team No. 1 (3), Team No. 4, (3); Team No. 9, (3), Team No. 5 (0); Team No. 8 (2), Team No. 3 (1).

* * *

BETH ANN SMITH shot a 461 in the Chalet Pioneer on games of 142, 133 and 186. Edith Cherny toppled the maples for a 426, Mabel Davis 437, Helen Sutton 445, Bev Nicholas 446, Charlotte Gray 447, Midge Burger 419, Delores Bailey 434; team results: Gilmartins Luncheonette 2, Chalet 1; Channel Master 0, Snyders Chicks 3; McCann's Gems 2, Grady's TV Service 1.

CATHERINE ROSSLER uncorked games of 155, 177 and 124 to pace action in the Women's Starlight Bowling League; team results: Bagley's Market 1, Rossler's Market 2; Van's Construction 0, Mercury Supply 3 (forfeit); Rosendale Hardware 1, Myer's Taxi 2.

* * *

WALT LEWIS was No. 1 marksman in the IBM Seneca League with a 560 aggregate on lines of 165, 177 and 218. Al Studt toppled 213-543, Dick Hollenbeck 513, Al St. Denis 502, Don Stine 505, Frank Nagy 528, Fred Davis 521, Jerry Conrad 225-556, Jerry Bruck 539, Douglas Francom 214; team results: Crows 3, Ravens 0; Blackbirds 3, Eagles 0; Gulls 3, Buzzards 0; Red Wings 2, Falcons 1.

* * *

DON WOODS mixed the maples for 203-165-154-522 in the Federation National League. Sam Tatara was runnerup with 512; team results: Comforter No. 3 (3), Ertel's 0; Trinity Lutheran No. 2 (3), Baptist No. 2 (0).

* * *

CARLTON BEACH handled the heavy firing in the Chalet Leaders League putting together great efforts of 210-213-221 for a big 644. Jerry Davis rapped the pins for a 517, Clary Buddenhagen shot a 203-232-594, Jack Lester 200-554, Lyn Dyr 545, Arnie Crookston 542, Bruce Temple 504, G. Hanna 536; team results: Beach Construction 2, Myers Garage 1; Schryver Lumber 2, Valley Inn 1; McCann's 2, Astoria 1; Rosendale Florist 3, D & H Tavern 0; Chalet 3, SRS Resort 0.

* * *

IRENE MAURER slammed a 482 in the IBM Home Engineers loop with games of 164, 178 and 140. Helen Rogaski fired a 409, Olive Liguore 415, Pat Keeley 421, Molly Behan 403, Mabel Yates 400, Sue Kachura 402, Carol Whalen 405, Peg Weber 455, Claire Uhler 419, Jane Bertholf 443, Florence Shaw 447, Margaret Kozenko 469, Peggy Crusius 457; team results: Lamp Lighters 2, Blenders 1; Pressure Cookers 2, Pick-Ups 1; Sweepers 2, Mixers 1; Percolators 3, Manglers 0.

* * *

LOU GUIDO smashed a 590 series in the Catholic Athletic Association league on games of 208, 188 and 194. Vince La Rocca pounded 525, Carmen Spadafora 518, Ed Martin 534, Jim Kennedy 525, Ed Lukas 502, Charles DeCico 206-520, Jim Benicase 522, Tom Yonta 200-559, Jim Noble 530, George Magley 213-552, Joe Fautz 501, Ed Koskie 511, John Schatzel 202-544; Frank Passer 520, Joe Medvi 527, Ed Auclair 502, Jim Kelly 526, Ike Campbell 510; team results: St. Colman's 3, Holy Name 0; Sacred Heart No. 1 (3), Immaculate Conception 0; Catholic War Veterans 2, St. Peter's No. 2 (1); St. Philoment's No. 1 (1), St. Philomena's No. 2 (2); Presentation 2, St. Mary's Benevolent Society 1; St. Mary's 2, St. Joseph's No. 1 (1); St. Peter's No. 1 (3), Sacred Heart (Esopus) No. 2 (0); Knights of Columbus 2, St. Joseph's No. 2 (1).

* * *

VINCE BROOKS unloaded a 511 in the Central Hudson Mixed on games of 154, 178 and 179. Vivian Linder fired a 478; team results: Alley Cats 2, Hot Sticks 1; Hep Cats 3, Minnie Singers 0, Pole Cats 3, Persian Cats 0.

* * *

FRANK FERRIS, taximan-bowler, rolled his second 300 game and first in the 25-year history of the City Commercial League in Albany last night. Rolling at Schade's, Ferris knocked off scores of 204, 202 and finished with 12 strikes for 300 and a 706 triple.

Ferris, 1956 Albany Times-Union champion, was the second bowler in history to get an ABC-recognized 300, turning the trick in 1935. The first was Tony DiLello's in 1933.

35 Club, Caruso Insurance Win In YM 'B' Tilts

Caruso's and the 35 Club racked up wins in the YMCA "B" section of the Autumn League last night and both won rather handily on good shooting.

Caruso's topped Amato's Trucking, 47-37, and the 35 Club romped to a 60-53 triumph over Accord.

Bill Leonard headed Caruso's scoring with 16 points and DeCicco contributed nine in the win while Sangaline's 20 points paced the Amatos. Caruso's went to a four-point lead in the first period and were outscored only in the last quarter.

Bob Bondar and Bob Kozlowski shared the 35 Club scoring with 11 apiece. Scrinniro's 17 led Accord.

The boxscores:

35 Club (60)

	G	F	PF	T

Eludes Fitz

NEW YORK — Trainer Jim Fitzsimmons, dean of American thoroughbred conditioners has missed in three attempts to win The Garden State, the world's richest race. He has tried with Full Flight. Bold Ruler and Misty Flight.

From Fabled Era

John Pennino Dies; Ex-Local Cage Star

The death of one of the outstanding members in a fabulous Kingston basketball era was learned by the Freeman sports department today when it was reported that John Pennino of Vineland, N. J., died in that city Oct. 3.

Pennino was a guard on the famed Colonials of the Frank (Pop) Morgenweck dynasty in the 1914-1916 era of the old New York State League which comprised Troy, Schenectady, Utica, Newburgh (Fuller Five), Paterson Crescents, Trenton, Brooklyn and Kingston.

A lifelong resident of Vineland, Pennino operated a tire business in that city at the time of his sudden death following retirement as superintedent of the board of public works there.

Married Local Woman

He was married to the former Edna Langendorf of this city and among the survivors are his wife; a son, Capt. John L. Pennino of the U. S. Army; a daughter, Mrs. Vasco Fenili and his sister-in-law Mrs. Frank J. Jablonski of 56 Hanratty Street. Four grandchildren also survive.

Pennino was paired with Heinie Henschel by Morgenweck to form the "best guard combination" in old state league, Joe Beichert of Port Ewen, the basketball historian, told The Freeman. Other members of the club was center Maury Tome and forwards Sammy Curlett and Kid Franckel.

He began his basketball career with old Company M teams before joining the Morgenweck combine and was a close friend of Mickey Husta who, with his late brother, Carl, formed a link in the chain of succession to that early Morgenweck team on which Pennino starred.

Football Briefs

SYRACUSE, N. Y. (AP)—Syracuse University's football team hopes to brighten its not-too-hot passing game against Cornell here Saturday.

Coach Ben Schwartzwalder worked to strengthen the passing attack in a long session Wednesday. Afterward, he remarked:

"We haven't shown much in the way of passing in our first two games, but I still think this team can move the ball through the air."

The Orange has two veteran throwers in quarterbacks Chuck Zimmerman and Dan Fogarty.

HAMILTON, N. Y. (AP)—Coach Fred Rice is driving his Colgate football team hard for Saturday's meeting with dark-horse Bucknell.

Rice sent the squad through its stiffest workout of the year Wednesday, despite a lengthy casualty list. Injuries have hit the ends and tackles particularly hard.

Halfbacks Doug Ammon and Jack Maloney and quarterback Bob Paske showed well in the drill.

ITHACA, N. Y. (AP) — Cornell University's football reserves scrimmaged long and hard Wednesday as Coach Lefty James worked to bolster his defense for Saturday's clash with rival Syracuse.

The varsity took it easy, concentrating on defensive maneuvers.

Reserves George Bogar, senior halfback from Carlisle, Pa., and Bernard Iliff, sophomore tackle from Pittsburgh, Pa., were expected to see considerable duty against Syracuse.

The Big Red is the stingiest on defense of all eastern teams—140 yards a game, the Eastern College Athletic Conference reported Wednesday. Army leads in rushing, passing and total offense.

Trapshoot Set

The Wawarsing Sportsmen's Association will hold a rifle and trapshoot open to the public on their club grounds at Honk Hill, Sunday, Oct. 12.

Vermont Tackle Out

BURLINGTON, Vt. (AP)—Lou Hronek, outstanding 215 - pound Vermont tackle, will be out of action when the Catamounts go to Geneva, N. Y., Saturday to oppose Hobart College.

Coach Ed Donnelly was told Wednesday that rib injuries suffered by Hronek in Vermont's loss to Maine last Saturday would keep him out of this week's game. Team doctors described the injury as a torn rib cartilege.

Donelly has not decided on a replacement for Hronek, who played all but two minutes of the game against Maine.

Tests Reveal Horse Was Doped At Monticello

By THE ASSOCIATED PRESS

Kristy Jo Key, a 1-4 favorite, handily won the $2,000 Oneonta 3-year-old trot Wednesday night at Saratoga Raceway.

With 74-year-old Lowell McLeod of South Barre, Vt., in the sulky, Kristy Jo won by eight lengths to score her fifth consecutive victory and her ninth of the season. Touring the mile in 2:06 4-5, she paid $2.50.

The 1-5 choice in the $1,800 Central Bridge pace, Philbert Hanover, took a beating from Robert W., who covered the mile in 2:06 1-5 after taking the lead at the first turn. He paid $16.30.

At Vernon Downs, Bettys J.C., overtook pace-setting Terry C. in the final turn and then fought off a stretch bid by Cleopatra Hanover in capturing the feature pace.

The victory was the eighth of the season for the 4-year-old mare, who returned $9.50.

Shell Bomb had command from the start and won the feature Class AA trot at Yonkers Raceway in 2:04 1-5, a new lifetime mark for the speedy gelding. It was the 3-year-old's 15th triumph in 22 starts. He paid $16.10.

With Olin Davis at the reins, Jay H. won the feature Class AA mile pace at Batavia Downs in 2:03 1-5. He finished nearly four lengths ahead of Napoleon Hanover. He paid $5.80.

In New York City Wednesday driver Charles Amachie, 39, of Albertson, was suspended for one year by the State Harness Racing Commission.

The commission said a urine test of Sunsation after his victory Sept. 9 at Monticello Raceway showed the presence of procaine. An unauthorized hypodermic needle was found in Amachie's possession, the commission said.

Faragilli-Lindemann On TV 'Bowling Stars'

Al "Lindy" Faragalli of Paterson, N. J., victorious over Tony Lindemann in the opening match returns Sunday, Oct. 12, to take on Hank Lauman of Pico, Calif., in a three-game, total pins match, 4:30-5 p. m. local time. "Whispering" Joe Wilson is the commentator.

Faragalli knocked down 608 pins in defeating Lindemann to pick up the winner's check of $1,000. Lindemann won $540 at $1 per pin.

The 39-year-old Lauman has been bowling for 25 years and holds a 196 average for 17 years of ABC tournament play. On three occasions he racked up 800 series in league play. Faragalli is the 1958 ABC All-Events champion. A bowler for 27 years, he has a 197 average for 13-years of ABC competition. Last season he earned $17,100 on "Bowling Stars."

Rangers, Hawks Battle to Tie

CHICAGO (AP) — The New York Rangers and Chicago Black Hawks opened the National Hocey League season Wednesday night by battling to a 1-1 tie before 10,253 fans in Chicago Stadium.

The rest of the clubs get later starts. Boston is at Montreal tonight. The race blooms into full force Saturday night with Detroit at Montreal, Chicago at Toronto and New York at Boston.

Detroit ended its exhibition campaign Wednesday night in Cleveland by trouncing the Barons 8-3 to remain unbeaten in nine tuneup matches.

The Black Hawks took a 1-0 lead in the opening period when defenseman Pierre Pilote angled a shot past Lorne Worsley from 30 feet out after taking passes from Bobby Hull and Lorne Ferguson.

Ferguson was in the penalty box in the second frame when the Rangers tied it. Camille Henry netted the puck after taking a rebound off the boards behind the Chicago cage. Andy Bathgate and Bill Gadsby got assists.

Gloria Whittaker Hits 599 Series in Mixer

Gloria Whittaker of Lamoreaux Brothers Atlantic and Jones Dairy shared the spotlight in last night's high scoring session of the Ferraro Pioneer Mixed League.

Mrs. Whittaker reeled off games of 219, 213 and 177 to narrowly miss the coveted "600" circle by the obvious single stick. The 599 was a career high for the Lamoreaux star.

Meanwhile, the Jones Dairy keglers posted two new league marks with an 890 team solo and 2482 series. They had other games of 842 and 750.

Nick Nagele fired 202-536, Millie Best 434, Betty Dixon 410, Marie Di Rico 404, Jackie Tobias 413, Tommie Kois 510, Rose Schatzel 496, Frank Passer 515, Joan Yochmann 401, Joe Mapoli 530, Tony Galietta 528, Joyce Radcliffe 421, Ethel Henderson 516; team results: Bomer Gulf Station 2, Lamoreaux Bros. Atlantic 1; Bennetts 1, Coughlin 2; Phil's Barber Shop 2, Cedar Rest 1; Worf's Restaurant 0, Bowman 3; Bob Steele's Auction 1, DeLuca Cleaners 2; Dunns 0, Jones Dairy 3.

Bears and Barons Expect Trouble

By THE ASSOCIATED PRESS

If the opening games are any criterion then Hershey's defending Bears and the high scoring Cleveland Barons can look for trouble from the lower echelon in the American Hockey League this season.

While the Bears, pennant and playoff winners last year, and the second place Barons were still taking their practice licks, the four other teams swung into action Wednesday night. The Springfield Indians, fourth last season, shutout the Providence Reds, who were third, 4-0 and the Buffalo Bisons whipped the Rochester Americans 3-2 in overtime.

Hershey opens its season at home Saturday against Providence and Cleveland hosts Rochester on the same night.

Gets Winter Post

PITTSBURGH — Frank Oceak, third base coach of the Pittsburgh Pirates, will manage Aguilas in the Dominican Republic League this winter.

Venezuelan Manager

NEW YORK — Pete Reiser, former National League batting champion, will manage The Cabimas Oilers in Venezuela's Occidental League this winter.

YANGEES ON THE MOVE—Almost the entire Yankee infield swings into action as Braves' Johnny Logan (23) dashes for first after laying down a perfect sacrifice bunt in the first inning. Whitey Ford ducks for possible play at second on advancing Red Schoendienst, as first basemann Bill Skowron moves out of Yogi Berra's throwing line for putout to Gil McDougald, coming across from second base. Logan was out on play. (NEA Telephoto)

Our Hudson It's Meaning

By CHET JOY

While we are delving into history and planning a great celebration for our Hudson valley, it seems proper to stress the part these historical Catskills hold in the scheme of things through Mother Nature's rich endowments.

Often we accept these gifts as a matter of fact without full realization of their importance in welding a chain of well-being and advancement that is our American way of life. These God-given grants are of great importance and basically responsible for our continued growth, health and economy. Many pinnacles of stone, forest, and soil, with finger-like valleys, catch and course our natural water that miraculously gives and sustains all life.

John Burroughs, our own famed naturalist, phrased the importance of these beloved Catskills with his saying: "Here the works of man dwindle. . ." A Biblical quotation also fits here, "Lift thine eyes to the hills from whence cometh thy strength."

Fortunate People

There are other proverbs that merit application also, among them—"Mighty oaks from little acorns grow" and "Mighty rivers, from little rain drops flow."

Henry Hudson would not have had the Hudson river to explore if it were not for the many mountain streams with numerous branches that feed it and make it grow.

We are very fortunate to have this Catskill mountain region with its many streamways that have been the highways of our continued well being through the centuries. May we maintain them wisely through conservation stream improvement, the rampart that blunts the wedge of erosion and siltation in order that generations to come will also prosper and enjoy its recreational facilities and scenic beauty.

Herman Gets The Second Guess On Pafko DP

By DION HENDERSON
Associated Press Staff Writer

MILWAUKEE (AP) — Until he sent Andy Pafko lumbering for home in the second inning Wednesday, Billy Herman was no odds-on bet ever to become the center of a World Series controversy.

But then, with two out for the Milwaukee Braves and the bases loaded and Elston Howard standing there in left field with Johnny Logan's fly ball in his hand, Herman told Pafko to go.

Pafko wouldn't have been out by much more if he'd walked in. But if he'd stayed he might have changed the course of the game that went to the New York Yankees 4-3.

Milwaukee Manager Fred Haney took a grimly diplomatic point of view.

"That's what we've got coaches for," Haney said. "I was not in a position to see the play."

Braves Rebound

The Braves dressing room was far from dreary, with Lew Burdette in fine fettle. The big right-hander, who whipped the Yankees four straight before they got to him in Monday's game, professed to find a bright side to the defeat handed his roommate, Warren Spahn.

"Now I get another crack at them," he said.

Down the hall the Yanks were full of praise for Spahn, who beat the Yanks in two previous 10 inning encounters — one last year, one last Wednesday — but finally met disaster in the 10th Wednesday.

"I feel better now for my club and myself," said New York Manager Casey Stengel. "We finally got tough and broke up that one-man show of theirs—that Spahn."

Navy's Tranchini Is 'Back of the Week'

ANNAPOLIS, Md. (AP) — Joe Tranchini, Navy's rapidly developing quarterback, earned two accolades this week.

His teammates nicknamed him "Trigger Joe" after his bullet passes paced Navy to a 28-14 victory over Boston University and The Associated Press Wednesday designated him "Back of the Week" for the same performance.

The honors for the 187-pound junior from Clairton, Pa., were earned in less than 30 minutes against Boston. But he completed 18 of 27 passes for 221 yards and three touchdowns to put the Middies in a commanding lead.

His 18 completions tied the naval academy record for passes completed in one game, set by George Welsh as a senior in 1955 against Army. The total yardage was only 64 short of the academy record, also set by Welsh, against Penn State in 1955.

Bucs Sign Youth

PITTSBURGH (AP) — Pittsburgh Pirates Wednesday announced the signing of Donald Sharp, 18, of Colton, Calif., to a contract with Grand Forks in the Class C Northern League. He pitches and plays outfield.

Hollywood News, Views

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP)—A revamp of movie economics has created a new breed of millionaire star.

Millionaires are nothing new in Hollywood. Mary Pickford, Charlie Chaplin, Harold Lloyd, William S. Hart and Douglas Fairbanks made fabulous money and paid little tax on it.

But their breed died out with silent films and the rise of the major studios. Then most stars were paid weekly salaries, and rising income taxes dug into their take.

Power Shifts to Stars

Now the movie power has shifted from the major studios to the stars, especially a scintillating male dozen. All 12 are either millionaires or well on their way. They are amassing their millions not by working on a straight salary.

Says Cary Grant: "I get dozens of offers to do pictures for $750,000. It's not difficult to get a million dollars for a picture. A fellow like Marlon Brando could probably make five million in a year if he wanted to work that hard. But what good would it do him? He'd lose nearly all of it in taxes."

Most Goes to U. S.

Adds Frank Sinatra: "No matter how much I earn, 91 cents out of every dollar goes to the government. Out of that remaining 9 cents, I've got to pay all of the living expenses for myself and my family. It's ridiculous for me to keep adding straight income to my total earnings. I've got to find ways to keep some money."

All the top stars have come to that realization. They are now not only actors but financial experts as well. They and their advisers have devised means of operation that are not tax evasions but perfectly legal ways of avoiding a salaried income. Here they are:

1. The production company. This is a throwback to the days when Pickford, Chaplin, Fairbanks and D. W. Griffith formed United Artists. It has become popular recently both as a means of earning and keeping more money and maintaining artistic control of a production.

No Profit for Some

Most of the golden dozen stars have tried their own companies. The most successful is Burt Lancaster's firm, which hit it rich with "Marty," "Trapeze," etc.

Others haven't fared so well. William Holden has yet to show a profit on his one production, "Toward the Unknown." His company is now inactive. He explains: "I found I was so concerned with production details I didn't devote enough time to my job as an actor. I don't want to be a big-shot behind a desk in Hollywood. There are too many parts of the world I still want to see."

Tony Curtis agrees: "I wasn't cut out to be a businessman." That's why he and others prefer:

2. The coproduction deal. A studio or producer takes care of all the details. The star offers his advice and performance and becomes a partner in the deal. This system was pioneered by James Stewart, who made millions with his half-interest in such films as "Winchester .73" and "The Glenn Miller Story."

Stewart's earnings are strictly income, but he also owns half of the negative. With such films as "Rear Window" and "Vertigo," he and Alfred Hitchcock will end up owning the entire negative.

Some Like Percentage

3. The net or 4. The gross. Producers prefer to share a percentage of the profits with the stars. But since a film must earn double its cost before it can show a profit, stars are beginning to prefer a percentage of the gross. By taking 10 per cent of every box office dollar for "The Vikings" and "Kings Go Forth," Tony Curtis expects to earn 1½ million dollars. Some stars prefer to take such earnings with:

5. The spread. Contracts can be phrased to limit payments of film income to so much each year. The most famous is Holden's "River Kwai" deal, which may pay him $50,000 annually for the next 50 years.

NEXT: What manner of men are these golden dozen?

Montmorency Falls, six miles from the city of Quebec, is 100 feet higher than Niagara Falls.

Deadly Denizens

Only four of the 28 species of snakes which inhabit Nebraska are poisonous; northern copperhead, western massasauga, prairie rattlesnake and timber rattlesnake.

Swedish Finland

Swedish is Finland's second language because Sweden ruled the country for hundreds of years and many people of the upper classes are of Swedish descent.

FRENCH ATOM SMASHER — This is a general view of the "Saturne," France's new synchro-cyclotron which has gone into operation in Saclay, near Paris. A heavy protective concrete wall surrounds machine, believed largest of its type in Europe.

SLITHER AND WALLOW — What appears to be statuary is really a rugby match between two local teams in Buenos Aires. Players wouldn't agree to a postponement when weather didn't cooperate and found themselves chasing an exceedingly elusive ball.

OLD STORY FOR HARTACK — Bill Hartack, three-time national riding champion, is astride Herald Wind in winner's circle at Atlantic City as he marks the 2,000th victory of his career. Bill joins a select company of jockeys who have topped that mark.

BOOK REVIEW

To further increase interest in the Kingston Library the following review by Mrs. G. Cramer Dodge is published.

SEIDMAN AND SON
By Elick Moll
288 pp

Told by Morris Seidman, Seventh Avenue dress manufacturer, in good grammar-school English, mixed with Hebrew idioms and spiced with Jewish humor, this novel is a joy to read.

Morris is at once a good business man and a good family man. He tells about both sides of his life with gusto. First there is his beautiful wife, Sophie, whom he adores but he cannot endure her going to an expensive psychiatrist and then practicing her psychiatry on her family. About his daughter, Jenny, he doesn't worry much. Her mother and the colored cook, Gladys, take care of her. But he really worries about his son, Harold, especially when he returns after three years in Korea full of socialistic ideas.

There are frequent clashes between father and son. Harold accuses his father of indifference toward the underprivileged. Filled with a sense of shame when he contrasts his family's luxurious living with the desperately poor he has seen in Korea, he walks out of his home to live in a cheap hotel and do night work in a garage. "Little does he know, already," Morris bitterly reflects, of his father's early, poverty-stricken years on Delancy Street and his long hours of hard work as a poor tailor before success came to him.

Everywhere he goes Harold must stir up trouble with his socialistic talk-to his father's important customers; to his star salesman; his head presser; the models; the designer. To Morris the people in his factory are like part of his family. Until Harold stirs them up, he had no idea they were being exploited—nor were they. What a stew of hurt feelings is brewed for Pop to straighten out! In this dilemma his pretty model, Marie, (child of a broken marriage) is a real help. She loves Harold, too. She also clears up a suspected Korean scandal in Harold's life. Nothing to it, yet.

Then there is Morris' sister, Bessie, from Flushing. Always calling up to scold her brother. Their scrappy conversations are most amusing. What a woman! One word from her husband and she gives him a look you could fry an egg on.

From some observations, Morris suspects his friend and longtime partner, Max Birnbaum, of a possible affair (you should excuse expression) with an attractive young widow, a model in the factory. When Morris investigates in the interest of Max's family, he encounters a real surprise which restores his faith in human nature.

Larry Kogan, the head salesman is attractive and smart and, at times, a pain in the neck for his boss. Miss Youssem, the highly efficient, high-tempered designer has her feeling hurt upon many occasions. There is a setting for another office romance.

Once, just once, Morris steps out to dinner at Longchamps with his designer, mainly to cheer her up after a particularly hard day. Unfortunately Miss Youssem confines her "dinner" to stingers, seven of them in a row. Of course, it would happen; this happy occasion is observed, and reported to Sophie by one of her psychology pals. There is the usual accuation. A dispute ending with Morris exclaiming, "Twenty-seven years I been checking in with you, like a night watchman, yet." That wasn't all. It seemed as though all Seventh Avenue heard about the dinner. Advice and accusations pour in upon Morris. It almost precipitated an alliance which neither he nor Miss Youssem intended.

Instead it brought about the Kogen-Youssem romance.

Morris' factory is a very lively place, full of action, mixed human relations and excitement. Morris really enjoyed it but it was a little too much to have Larry tell him that the business was, after all, a branch of the oldest profession. "A branch is it? Not even the main entrance?" However soon after that he is greatly cheered by a message from Harold in Nebraska. Assisted by Marie, he has abandoned his socialistic ideas and is now ready to come into his father's business seriously. Morris' dearest wish is accomplished. Morover he and Marie are to be married, which pleases both Morris and Sophie.

We could stand hearing more about Morris, his life in Great Neck, his dog and happenings on Seventh Avenue in the glamorous dress business.

With a View

DEL MAR, Calif. (AP) — A hotel guest, who took her pet poodle to Del Mar horse races wearing a diamond-studded collar, decided he was too cramped sharing her room. She rented the adjoining room for him, at $35 a day.

Moving Weather

Benjamin Franklin was the first to observe that weather moves, when he noted that a storm one day in Philadelphia occurred the next day in Boston, according to the Encyclopedia Britannica.

Democrats Keep Gavel Despite State Ouster Vote

WASHINGTON (AP) — Democratic National Chairman Paul M. Butler said today Camille Gravel Jr. will continue as the party's Louisiana national committeeman despite his ouster vote by state party leaders in a row over the segregation issue.

Butler said the State Central Committee had no authority to remove Gravel from the post.

"Mr. Gravel is still the Democratic national committeeman from Louisiana, and he will remain in that post until the conclusion of the 1960 Democratic National Convention unless proper grounds for his removal are presented to the Democratic National Committee," Butler said.

Meeting in Baton Rouge Wednesday, the Democratic State Central Committee of Louisiana voted 69-30 to oust Gravel as state national committeeman.

Gravel, a 43-year-old Alexandria lawyer, had supported the national party's civil rights platform and had expressed a personal belief that segregation is morally wrong.

The state committee elected Jett M. Talbot, an investment and estate manager, to succeed Gravel.

Gravel said he would fight the attempted ouster by taking his case before the national committee in December.

Butler said here that he had not had any official communication from the Louisiana Central Committee. But, on the basis of newspaper reports, he issued a statement citing the party rules he said applied in the case.

Democratic national committeemen are named at the party's national convention. Delegates from each state choose a national committeeman whose selection is then ratified by the convention.

Early Coins

Earliest known copper-nickel alloy coins are those minted about 170 B.C. in Bactria, a kingdom of northwestern India. It was conquered by Alexander the Great in 326 B.C.

Moon's Craters

There are more than 30,000 craters plainly visible on the face of the moon, caused either by volcanos or meteors striking its surface.

The cardinal is the state bird of Ohio.

Synagogue News

Temple Emanuel

Regular services will be held at Temple Emanuel Friday at 7:45 p. m. Rabbi Herbert I. Bloom will preach on the theme, "The Principle of Discovery in Religion and in Personality." The music for all services is under the direction of Cantor Julian Lohre. Following the service the Sisterhood will be host at the Oneg Shabbath.

Fourth Largest

New Mexico, fourth largest state in the Union, has an area of 121,666 square miles, of which more than 13,000 square miles are forest lands.

Individuals Are Asked to Help on Private Schools

By THE ASSOCIATED PRESS

School segregation leaders, stymied by federal court orders in Virginia and Arkansas, appealed to individuals today for support in operating private all-white schools.

One thing is clear: Any private school system will have to be operated without any kind of state support.

Not so clear is whether the federal government will help rebuild schools such as the bomb-ravaged high school in racially troubled Clinton, Tenn.

Virginia Plan Out

Virginia's plan for operating private white schools with public teachers was tossed out the window Wednesday by Federal Judge John Paul in Harrisonburg. He said the practice violates the U. S. Supreme Court's integration ruling.

Paul declined to rule an NAACP request to reopen Warren County High School and two Charlottesville schools because the state law which closed them is being tested in the Virginia Supreme Court.

After hearing the court order on publicly paid teachers, Atty. John S. Battle Jr. of Charlottesville indicated he would seek money from private sources to pay teachers and thus remove them from the court's prohibition. He said the money probably could be raised by tuition charges. "This is our only chance," he said.

Plans U. S. Appeal

Gov. Orval E. Faubus of Arkansas said he would start a nationwide appeal for contributions to help operate privat segregated schools. A federal judge has ruled in Arkansas that private classes cannot be held in public school buildings.

Pupils of Clinton's bombed high school were told to resume full-scale, racially integrated classes today in a vacant grade school building.

Three dynamite blasts Sunday caused an estimated $300,000 damage to the building.

Four Anderson County School Board officials conferred with two White House aides and U. S. Education Commissioner Lawrence Derthick on the possibility of obtaining direct federal aid in rebuilding the Clinton school.

Derthick sidestepped the issue by saying a survey will be made to determine whether new funds can be provided under a federal aid plan.

The integration struggle was brought up Wednesday in two resolutions at the Episcopal Church's triennial general convention in Miami. One defends segregation as being within the realm of Christian beliefs. Action on the resolutions will come later.

YOUNG RAILROADER, OLD ENGINE — Young Bryan Pavicic of Brentwood, Pa., uses a bit of spit and shine on the headlight of this model of an 1865 steam locomotive. Model was exhibited in Pittsburgh. Push-button railroading equipment abounded but Bryan passed it all up for the old-timer. Exhibit was sponsored by a local unit of the Eastern Railroad Presidents Conference.

Mountain Jumps In Nuclear Blast

ATOMIC TEST SITE, Nev. (AP) — Tons of splintered rock today blocked a long tunnel in which a small but powerful nuclear device was tested.

The device was in the one-kiloton range—equal to 1,000 tons of TNT. This is puny as nuclear weapons go. But when it was touched off Wednesday it made a mountain jump.

Observers watching from 2½ miles away saw a shudder pass over the rocky face of the flat topped mountain in which the test tunnel was bored.

It will be weeks before the Atomic Energy Commission is able to get through the shattered, radiation-filled tunnel to the detonation chamber and evaluate results. Those who approached the tunnel entrance within an hour after the shot said some radiation had seeped out, a development that had not been expected.

It was the first underground shot in the current series. The AEC set quickly to work setting up its next shot, scheduled for Friday. A tower shot, it will be the fourth of the 10 tests planned for the series.

The Central Powers of World War I consisted of Germany, Austria-Hungary, Turkey and Bulgaria.
